Section 1: Comparison Chart

Comparison Chart

Based on the information reported on the previous screens for Group 1 (all undergraduates) and Group 2 (full-time, first-time degree/certificate-seeking undergraduates), this comparison chart seeks to help institutions check their reported data. Assuming that the information on Groups 1 and 2 are correct, then the calculated fields for 'All Other Undergraduates' should be the balance (Group 1 minus Group 2). If the balance does not check with your institution's calculations, please correct your reported numbers for Groups 1 and 2 before moving forward with the completion of the SFA survey component.

Note: Data for the 'All Other Undergraduates' will appear in the IPEDS Data Center for data users, but not in College Navigator.

IPEDS Student Financial Aid (SFA) Survey Summary

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). Screen Entry	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 1,314 and 1,970 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes

Reason:	Private loans funds are borrowed per student discretion. Other than the school certifying the cost of attendance, students request the amount in which they would like to borrow. The number of students at Lake Campus who borrow private loan monies is low and the average amount borrowed could be significantly different due to the small population.

Screen Entry	The number entered is outside the expected range of between 24 and 42 when compared with the prior year value. Please correct your data or explain. (Error #7169)	Explanation	Yes	
Reason:	Effective this reporting cycle, students were identified as residing on campus based on accounts receivable records (whether students were billed on-campus room charges); whereas, in prior years, students' housing plans from their FAFSA records had been used.			
Screen: Part E - Enter Information about Group 4				
Screen Entry	The number entered is outside the expected range of between 23 and 41 when compared with the prior year value. Please correct your data or explain. (Error #7169)	Explanation	Yes	
Reason:	Effective this reporting cycle, students were identified as residing on campus based on accounts receivable records (whether students were billed on-campus room charges); whereas, in prior years, students' housing plans from their FAFSA records had been used.			
Screen Entry	The calculated average amount of grant or scholarship aid awarded to Group 4 students from the federal government, state/local government, or the institution for this income level is smaller than expected in comparison with the other income levels. Please check the values reported for the number of these students who were awarded any Title IV aid (Col. 1) and the total amount of grant or scholarship aid awarded to them (Col. 3) and correct your data or explain the discrepancy. (Error #7317)	Explanation	Yes	
Reason:	Students in other income levels received, on average, larger amounts of non-need-based institutional scholarships than students in the $0-30,000 income level.
