

Date_____

Dear Veteran:

After you have had your previous credits transferred to Wright State University, take this Credit Hour Verification form to the department/college of your major and have them state the number of credit hours that they have accepted toward your degree. If you are advised in the University Division office, your advisor there can complete this form. Return this form to the Office of Veterans Affairs in E244 Student Union. The VA allows two quarters to get this completed.

All transfer students and former WSU students are required to have this form completed. If there are any questions, please call me at 775-5550/5549.
