

INTRODUCTION TO THE MY COURSES HOMEPAGE

New features have been incorporated into My Courses beginning Summer 2006. Instructors now have the option of setting up their course to be viewed by students in either Course Studio or WebCT via the My Courses homepage.

By default, each course will open in Course Studio. To modify this setting, click the **red** Edit button to the left of the course title.

Courses I'm Teaching:				
	Fall 2006:	Sec.	Dept.	Instructor(s)
	Body Paint	ART-301-01		Denise Anderson denise.anderson@wright.edu Abu Steele z001axs@sms2.wright.edu

In the Set Course Homepage window, select either Campus Pipeline (Course Studio) or WebCT. Click the Save Changes button. The course link on the My Courses homepage will now open in the course delivery software selected.

Please note: This option can be changed as often as necessary.
