

## **Nursing Institute of West Central Ohio**

### **Directions to The Living Laboratory Smart Technology House**

#### **Located on the Bethany Village Campus**

**I-75 from the North or South:** Take Exit #43, I-675 North towards Columbus. Travel approximately 3.5 miles to exit 4B – Kettering. The exit will loop around and lead you onto northbound State Route 48 / Far Hills Ave. Go to the third stoplight and turn left onto the campus of Bethany Village. Follow the main drive to the left. Turn left at the first road onto Inner Mission Way. Follow Inner Mission Way past the large building on the hill (**Building 1** on the enclosed map) and around the curve. On your left you will see a two-story blue house which is the Living Laboratory (**Building 9** on the enclosed map). A small number of designated parking spaces are available near the Lab.

**I-675 from the North:** Take Exit 4 – State Route 48 towards Kettering. Turn right at first stoplight onto Hwy 48 / Far Hills Ave. Pass through a second stoplight and turn left at the third stoplight onto the campus of Bethany Village. Follow the main drive to the left. Turn left at the first road onto Inner Mission Way. Follow Inner Mission Way past the large building on the hill (**Building 1** on the enclosed map) and around the curve. On your left you will see a two-story blue house which is the Living Laboratory (**Building 9** on the closed map). A small number of designated parking spaces are available near the Lab.

**From downtown Dayton:** Travel South on State Route 48 / Main Street. Main Street becomes Far Hills Ave. After you pass through the intersection of Whipp Road, travel approximately another .25 miles to the second stoplight. Turn right onto the campus of Bethany Village. Follow the main drive to the left. Turn left at the first road onto Inner Mission Way. Follow Inner Mission Way past the large building on the hill (**Building 1** on the enclosed map) and around the curve. On your left you will see a two-story blue house which is the Living Laboratory (**Building 9** on the enclosed map). A small number of designated parking spaces are available near the Lab.
