

Integrated Writing in the Wright State Core

The previous GE program required students to complete at least four designated WI courses in GE. For transition students the number has been reduced to a three Core or GE courses with the IW or WI designation.

If you received a grade of P in the writing component of:

- 3 or more WI courses in the GE program, you have completed the IW requirement for the Core.
- 2 WI courses in the GE program, you must complete at least 1 IW course in the Core.
- 1 WI course in the GE program, you must complete at least 2 IW courses in the Core.
- No WI course in the GE program, you must complete at least 3 IW courses in the Core.

Transition students who cannot successfully complete the required number of IW courses in the Wright State Core may satisfy the IW requirement in any of the following ways:

- pass one IW course in the Wright State Core and earn a grade of C or better in an approved advanced writing course.
- pass one IW course in the Wright State Core and prepare an acceptable portfolio that includes writing on demand.
- earn a grade of C or better in an approved advanced writing course and prepare an acceptable portfolio that includes writing on demand.
- complete an additional IW course in the major beyond the two required IW courses in the major.

Integrated Writing in the Major

The requirement for the major has not changed. All students must successfully complete at least two courses in the major designated as either WI or IW.
