Concurrent Enrollment/Transient Student

A student receiving GI Bill educational benefits may attend another university concurrently with Wright State University and still receive his/her GI Bill.

You will need to obtain a letter on school letterhead from your WSU academic advisor. The letter must state:

- The specific name of the courses that will be taken at the other university
- The courses will transfer back to WSU when completed
- These courses are part of the your program of study (major)

Once you receive this letter, you will need to take it to the VA office of the university you will be attending. The university’s certifying official will submit your enrollment as a guest student.

For more information, please contact the Veteran and Military Center at (937) 775-5550.
