Study Abroad
Cost of Attendance
Adjustment Form

As required by the U.S. Department of Education, the Office of Financial Aid assigns a cost of attendance (COA) budget when offering financial aid. The COA includes allowances for tuition, books, housing and board, transportation and personal expenses. If you will incur additional expenses as the result of a WSU-affiliated study abroad program and wish to be considered for a cost of attendance increase, complete this form and include documentation to support your additional costs.

Please note: An increase in your COA may not result in a change to your financial aid awards; it will depend on the type and amount of each award. In most cases, the increased COA allows a student to borrow an alternative loan. For a dependent student, a COA increase allows a parent to borrow additional parent PLUS loan funds.

Documentation to Support Additional Costs
