

Using the Blu-ray Player

IMPORTANT NOTE: The Blu-ray player installed in this room does not have the capability of playing VHS media. However, you can play traditional DVDs within the unit.

- 1. TURN ON VIDEO PROJECTOR.**
- 2. SELECT THE BLU-RAY INPUT SOURCE BUTTON.**
- 3. TURN ON POWER TO THE BLU-RAY PLAYER.**
 - a. Power button is located on the left side of the unit and the top left of the remote.
 - b. The Blu-ray player unit is difficult to see. Look for a dark black piece of equipment inside the instructor station. You should see the Blu-ray terminology or logo on the equipment.
- 4. INSERT MEDIA INTO THE BLU-RAY PLAYER.**
- 5. USE THE BLU-RAY REMOTE TO OPERATE.**
 - a. If remote is missing, manually operate using the buttons on the front of the combo unit.
- 6. WHEN FINISHED, REMEMBER TO REMOVE YOUR MEDIA FROM THE BLU-RAY PLAYER.**
- 7. TURN OFF VIDEO PROJECTOR.**
