If You need assistance in Spanish to understand this document, You may request it for free by calling Member Services at the number on Your Identification Card.
This Benefit Booklet provides You with a description of Your benefits while You are enrolled under the health care plan (the Plan) offered by Your Employer. You should read this booklet carefully to familiarize yourself with the Plan’s main provisions and keep it handy for reference. A thorough understanding of Your coverage will enable You to use Your benefits wisely. If You have any questions about the benefits as presented in this Benefit Booklet, please contact Your Employer’s Group Health Plan Administrator or call the Claims Administrator’s Member Services Department.

The Plan provides the benefits described in this Benefit Booklet only for eligible Members. The health care services are subject to the Limitations and Exclusions, Copayments, Deductible, and Coinsurance requirements specified in this Benefit Booklet. Any group plan or certificate which You received previously will be replaced by this Benefit Booklet.

Your Employer has agreed to be subject to the terms and conditions of Anthem’s provider agreements which may include precertification and utilization management requirements, timely filing limits, and other requirements to administer the benefits under this Plan.

Anthem Blue Cross and Blue Shield, or “Anthem” has been designated by Your Employer to provide administrative services for the Employer’s Group Health Plan, such as claims processing, care management, and other services, and to arrange for a network of health care Providers whose services are covered by the Plan.

Important: This is not an insured benefit Plan. The benefits described in this Benefit Booklet or any rider or amendments attached hereto are funded by the Employer who is responsible for their payment. Anthem provides administrative claims payment services only and does not assume any financial risk or obligation with respect to claims.

Anthem is an independent corporation operating under a license from the Blue Cross and Blue Shield Association, permitting Anthem to use the Blue Cross and Blue Shield Service Marks in portions of the State of Ohio. Although Anthem is the Claims Administrator and is licensed in Ohio, You will have access to Providers participating in the Blue Cross and Blue Shield Association BlueCard® PPO network across the country. Anthem has entered into a contract with the Employer on its own behalf and not as the agent of the Association.

Verification of Benefits
Verification of benefits is available for Members or authorized healthcare Providers on behalf of Members. You may call Member Services with a benefits inquiry or verification of benefits during normal business hours (8:00 a.m. to 7:00 p.m. eastern time). Please remember that a benefits inquiry or verification of benefits is NOT a verification of coverage of a specific medical procedure. Verification of benefits is NOT a guarantee of payment. CALL THE MEMBER SERVICES NUMBER ON YOUR IDENTIFICATION CARD or see the section titled Health Care Management for Precertification rules.

Identity Protection Services
Identity protection services are available with Your Employer’s Anthem health plans. To learn more about these services, please visit www.anthem.com/resources.
MEMBER RIGHTS AND RESPONSIBILITIES

As a Member You have rights and responsibilities when receiving health care. As Your health care partner, the Claims Administrator wants to make sure Your rights are respected while providing Your health benefits. That means giving You access to the Claims Administrator's network health care Providers and the information You need to make the best decisions for Your health. As a Member, You should also take an active role in Your care.

You have the right to:

- Speak freely and privately with Your health care Providers about all health care options and treatment needed for Your condition no matter what the cost or whether it is covered under Your Plan.
- Work with your Doctors to make choices about your health care.
- Be treated with respect and dignity.
- Expect the Claims Administrator to keep Your personal health information private by following the Claims Administrator's privacy policies, and state and Federal laws.
- Get the information You need to help make sure You get the most from Your health Plan, and share Your feedback. This includes information on:
  - The Claims Administrator's company and services.
  - The Claims Administrator network of health care Providers.
  - Your rights and responsibilities.
  - The rules of Your health Plan.
  - The way Your health Plan works.
- Make a complaint or file an appeal about:
  - Your health Plan and any care You receive.
  - Any Covered Service or benefit decision that Your health Plan makes.
- Say no to care, for any condition, sickness or disease, without having an effect on any care You may get in the future. This includes asking Your Doctor to tell You how that may affect Your health now and in the future.
- Get the most up-to-date information from a health care Provider about the cause of Your illness, Your treatment and what may result from it. You can ask for help if You do not understand this information.

You have the responsibility to:

- Read all information about Your health benefits and ask for help if You have questions.
- Follow all health Plan rules and policies.
- Choose a Network Primary Care Physician, also called a PCP, if Your health Plan requires it.
- Treat all Doctors, health care Providers and staff with respect.
- Keep all scheduled appointments. Call Your health care Provider's office if You may be late or need to cancel.
- Understand Your health problems as well as You can and work with Your health care Providers to make a treatment plan that You all agree on.
- Inform Your health care Providers if You don’t understand any type of care you’re getting or what they want You to do as part of Your care plan.
- Follow the health care plan that You have agreed on with Your health care Providers.
- Give the Claims Administrator, Your Doctors and other health care Providers the information needed to help You get the best possible care and all the benefits You are eligible for under Your health Plan. This may include information about other health insurance benefits You have along with Your coverage with the Plan.
- Inform Member Services if You have any changes to Your name, address or family members covered under Your Plan.
If you would like more information, have comments, or would like to contact the Claims Administrator, please go to anthem.com and select Customer Support > Contact Us. Or call the Member Services number on your Identification Card.

The Claims Administrator wants to provide high quality customer service to our Members. Benefits and coverage for services given under the Plan are governed by the Employer’s Plan and not by this Member Rights and Responsibilities statement.

How to Obtain Language Assistance
Anthem is committed to communicating with our Members about their health plan, regardless of their language. Anthem employs a language line interpretation service for use by all of our Member Services Call Centers. Simply call the Member Services phone number on the back of your Identification Card and a representative will be able to assist you. Translation of written materials about your benefits can also be requested by contacting Member Services. TTY/TDD services also are available by dialing 711. A special operator will get in touch with us to help with your needs.
SCHEDULE OF BENEFITS

The Maximum Allowed Amount is the amount the Claims Administrator will reimburse for services and supplies which meet its definition of Covered Services, as long as such services and supplies are not excluded under the Member’s Plan; are Medically Necessary; and are provided in accordance with the Member’s Plan. See the Definitions and Claims Payment sections for more information. Under certain circumstances, if the Claims Administrator pays the healthcare Provider amounts that are Your responsibility, such as Deductibles, Copayments or Coinsurance, the Claims Administrator may collect such amounts directly from You. You agree that the Claims Administrator has the right to collect such amounts from You.

Copayments and charges in excess of the Maximum Allowed Amount do not contribute to the Deductible.

All Covered Services are subject to the Deductible unless otherwise specified in this booklet.

Your Plan has a non-embedded Deductible which means:
- If You, the Subscriber, are the only person covered by this Plan, only the “Individual” amounts apply to You. If You also cover Dependents (other family members) under this Plan, only the “Family” amounts apply. The “Family” Deductible amounts can be satisfied by a family member or a combination of family members. Once the Family Deductible is met, it is considered met for all family members.

The Network and Out-of-Network calendar year Deductibles are separate and cannot be combined.

Coinsurance After the Calendar Year Deductible is Met (Unless Otherwise Specified)

<tbody>
<tr>

All payments are based on the Maximum Allowed Amount and any negotiated arrangements. For Out-of-Network Providers, You are responsible to pay the difference between the Maximum Allowed Amount and the amount the Provider charges. Depending on the service, this difference can be substantial.

Includes Coinsurance and Copayments and the calendar Plan year Deductible. Does NOT include precertification penalties, services deemed not Medically Necessary by medical management and/or Anthem, charges in excess of the Maximum Allowed Amount or Non-Covered Services, or Out-of-Network Human Organ and Tissue Transplant Services.

#### Your Plan has an embedded Out-of-Pocket which means:
- If You, the Subscriber, are the only person covered by this Plan, only the “Individual” amounts apply to You.
- If You also cover Dependents (other family members) under this Plan, both the “Individual” and “Family” amounts apply. The “Family” Out-of-Pocket amounts can be satisfied by any combination of family members but You could satisfy Your own “Individual” Out-of-Pocket amount before the “Family” amount is met. You will never have to satisfy more than Your own ‘Individual” Out-of-Pocket amount. If You meet Your “Individual” amount, other family member’s claims will still accumulate towards their own “Individual” Out-of-Pocket and the overall “Family” amounts. This continues until Your other family members meet their own “Individual” Out-of-Pocket or the entire “Family” Out-of-Pocket is met.

The Network and Out-of-Network Out-of-Pocket Maximums are separate and cannot be combined.

If You need an MRI or a CT scan, it’s important to know that costs can vary quite a bit depending on where You go to receive the service. Sometimes the differences are significant – anywhere from $300 to $3000 – but a higher price doesn’t guarantee higher quality. If Your benefit plan requires You to pay a portion of this cost (like a Deductible or Coinsurance) where You go can make a very big difference to Your wallet.

How the program works

• Your doctor lets Anthem know You will have one of these procedures.
• Anthem will check to see if the Provider who will perform the procedure offers a low cost for the service.
• If not, Anthem may call You to give You other choices nearby.
• You choose the Provider that best meets Your needs, whether it’s the one Your doctor suggested or one Anthem tells You about. It’s completely up to You!
ELIGIBILITY

Members who do not enroll within 30 days of being eligible are considered Late Enrollees. Please refer to the “Late Enrollees” provision in this section.

Coverage for the Employee
This Benefit Booklet describes the benefits an Employee may receive under this health care Plan. The Employee is also called a Subscriber.

Coverage for the Employee’s Dependents
If the Employee is covered by this Plan, the Employee may enroll his or her eligible Dependents. Covered Dependents are also called Members.

Eligible Dependents Include:
- The Employee’s Spouse or same and opposite sex Domestic Partner. For information on spousal eligibility please contact the Employer.
- The Employee’s dependent children at the end of the month they attain age 26, legally adopted children from the date the Employee assumes legal responsibility, foster children that live with the Employee and for whom the Employee is the primary source of financial support, children for whom the Employee assumes legal guardianship and stepchildren. Also included are the Employee’s children (or children of the Employee’s Spouse or same and opposite sex Domestic Partner) for whom the Employee has legal responsibility resulting from a valid court decree.
- Children who are mentally or physically disabled and totally dependent on the Employee for support, past the age of 26 or older. To be eligible for continued coverage past the age of 26, certification of the disability is required within 30 days of attainment of age 26. A certification form is available from the Employer or from the Claims Administrator and may be required periodically. You must notify the Claims Administrator and/or the Employer if the Dependent’s marital or tax exemption status changes and they are no longer eligible for continued coverage.

Initial Enrollees
Initial Enrollees and eligible Dependents who were previously enrolled under group coverage which this Plan replaces are eligible for coverage on the Effective Date of this coverage. Coverage will be effective based on the waiting period chosen by the Employer, and will not exceed 90 days.

New Hires
Applications for enrollment must be submitted within 30 days from the date an Employee is eligible to enroll as set by the Employer. Applications for membership may be obtained from the Employer. Coverage will be effective based on the waiting period chosen by the Employer and will not exceed 90 days. If the Employee or the Employee’s Dependents do not enroll when first eligible, the Employee or the Employee’s Dependents will be treated as Late Enrollees. Please refer to the “Late Enrollees” provision listed below.

Late Enrollees
If the Employee or the Employee’s Dependents do not enroll when first eligible, it will be necessary to wait for the next open enrollment period. However, the Employee or the Employee’s Dependents may be eligible for special enrollment as set out below.

Special Enrollment Periods
If an Employee or Dependent does not apply for coverage when they were first eligible, they may be able to join the Plan prior to Open Enrollment if they qualify for Special Enrollment. Except as noted otherwise below, the Employee or Dependent must request Special Enrollment within 30 days of a qualifying event.
Special Enrollment is available for eligible individuals who:

- lost eligibility under a prior health plan for reasons other than non-payment of premium or due to fraud or intentional misrepresentation of a material fact;
- exhausted COBRA benefits or stopped receiving group contributions toward the cost of the prior health plan;
- lost Employer contributions towards the cost of the other coverage; or
- are now eligible for coverage due to marriage, birth, adoption, or placement for adoption.

Important Notes About Special Enrollment:
- Individuals enrolled during Special Enrollment periods are not Late Enrollees.
- Individuals or Dependents must request coverage within 30 days of a qualifying event (i.e., marriage, exhaustion of COBRA, etc.).

Medicaid and CHIP Special Enrollment/Special Enrollees
Eligible Employees and Dependents may also enroll under two additional circumstances:
- the Employee’s or Dependent’s Medicaid or Children’s Health Insurance Program (CHIP) coverage is terminated as a result of loss of eligibility; or
- the Employee or Dependent becomes eligible for a subsidy (state premium assistance program)

The Employee or Dependent must request Special Enrollment within 60 days of the loss of Medicaid/CHIP or of the eligibility determination.

When Coverage Begins
If the Employee applies for coverage when first eligible, coverage will be effective on the date the Employer’s length-of-service requirement has been met. The Effective Date of coverage is subject to any length-of-service provision the Employer requires and will not exceed 90 days.

Changing Coverage
There may be an annual re-enrollment period during which time Members may elect to change their options.

Types of Coverage
The types of coverage available to the Employee are indicated at the time of enrollment through the Employer.

Changing Coverage (Adding a Dependent)
You may add new Dependents to Your Plan by contacting Your Plan Administrator. The Plan Administrator must notify the Claims Administrator. The Plan Administrator is the person named by the Employer to manage the Plan and answer questions about Plan details.

Coverage is provided only for those Dependents the Employee has reported to the Plan Administrator and added to his or her coverage by completing the correct application.

Marriage and Stepchildren
An Employee may add a Spouse and eligible stepchildren within 30 days of the date of marriage by submitting a change-of-coverage form. The Effective Date will be the date of marriage.

If an Employee does not apply for coverage to add a Spouse and stepchildren within 30 days of the date of marriage, the Spouse and stepchildren are considered Late Enrollees. Please refer to the “Late Enrollees” provision in this section.
Newborn and Adopted Children
You must contact Your Employer within 30 days to add a newborn or adopted child.

Nondiscrimination
No person who is eligible to enroll will be refused enrollment based on health status, health care needs, genetic information, previous medical information, disability, sexual orientation or identity, gender, or age.

OBRA 1993 and Qualified Medical Child Support Orders
The Omnibus Budget Reconciliation Act of 1993 (OBRA 1993) provides specific rules for the coverage of adopted children and children subject to a Qualified Medical Child Support Order (QMCSO).
An eligible Dependent child includes:

- an adopted child, regardless of whether or not the adoption has become final. An "adopted child" is any person under the age of 18 as of the date of adoption or placement for adoption. "Placement for adoption" means the assumption and retention by the Employee of the legal obligation for the total or partial support of a child to be adopted. Placement ends whenever the legal support obligation ends.
- a child for whom an Employee has received an MCSO (a "Medical Child Support Order") which has been determined by the Employer or Plan Administrator to be a Qualified Medical Child Support Order ("QMCSO"). Upon receipt of a QMCSO, the Employer or Plan Administrator will inform the Employee and each affected child of its receipt of the order and will explain the procedures for determining if the order is a QMCSO. The Employer will subsequently notify the Employee and the child(ren) of the determination.
A QMCSO cannot require the Employer to provide any type or form of benefit that it is not already offering.

Family and Medical Leave
If a covered Employee ceases active employment due to an Employer-approved medical leave of absence, in accordance with the Family and Medical Leave Act of 1993 (FMLA), coverage will be continued for up to 12 weeks under the same terms and conditions which would have applied had the Employee continued in active employment. The Employee must pay his or her contribution share toward the cost of coverage, if any contribution is required.

Changing Coverage or Removing a Dependent
When any of the following events occur, notify the Employer and ask for appropriate forms to complete:
- divorce;
- death of an enrolled family Member (a different type of coverage may be necessary);
- Dependent child reaches age 26 (see When Coverage Terminates); or
- Enrolled Dependent child becomes totally or permanently disabled.

Employee Not Actively at Work
Generally, if an Employee is not actively at work on the date his or her coverage is to be effective, the Effective Date will be postponed until the date the Employee returns to active status. If an Employee is not actively at work due to health status, this provision will not apply. An Employee is also a person still employed by the Employer but not currently active due to health status.
HOW YOUR PLAN WORKS

Note: Capitalized terms such as Covered Services, Medical Necessity, and Out-of-Pocket Maximum are defined in the “Definitions” Section.

Introduction
Your health Plan is a Preferred Provider Organization (PPO) which is a comprehensive Plan. The Plan is divided into two sets of benefits: Network and Out-of-Network. If You choose a Network Provider, You will receive Network benefits. Utilizing this method means You will not have to pay as much money; Your Out-of-Pocket expenses will be higher when You use Out-of-Network Providers.

Providers are compensated using a variety of payment arrangements, including fee for service, per diem, discounted fees, and global reimbursement.

All Covered Services must be Medically Necessary, and coverage or certification of services that are not Medically Necessary may be denied.

Network Services
When You use a Network Provider or get care as part of an Authorized Service, Covered Services will be covered at the Network level. Regardless of Medical Necessity, benefits will be denied for care that is not a Covered Service. The Plan has the final authority to decide the Medical Necessity of the service.

Network Providers include Primary Care Physicians/Providers (PCPs), Specialists (Specialty Care Physicians/Providers - SCPs), other professional Providers, Hospitals, and other Facilities who contract with us to care for You. Referrals are never needed to visit a Network Specialist, including behavioral health Providers.

To see a Doctor, call their office:

- Tell them You are an Anthem Member,
- Have Your Member Identification Card handy. The Doctor’s office may ask You for Your group or Member ID number.
- Tell them the reason for Your visit.

When You go to the office, be sure to bring Your Member Identification Card with You.

For services from Network Providers:

1. You will not need to file claims. Network Providers will file claims for Covered Services for You. (You will still need to pay any Coinsurance, Copayments, and/or Deductibles that apply.) You may be billed by Your Network Provider(s) for any Non-Covered Services You get or when You have not followed the terms of this Benefit Booklet.
2. Precertification will be done by the Network Provider. (See the Health Care Management – Precertification section for further details.)

Please read the Claims Payment section for additional information on Authorized Services.

After Hours Care
If You need care after normal business hours, Your doctor may have several options for You. You should call Your doctor’s office for instructions if You need care in the evenings, on weekends, or during the holidays and cannot wait until the office reopens. If You have an Emergency, call 911 or go to the nearest Emergency Room.
Out-of-Network Services
When You do not use a Network Provider or get care as part of an Authorized Service, Covered Services are covered at the Out-of-Network level, unless otherwise indicated in this Benefit Booklet.

For services from an Out-of-Network Provider:

- the Out-of-Network Provider can charge You the difference between their bill and the Plan’s Maximum Allowed Amount plus any Deductible and/or Coinsurance/Copayments;
- You may have higher cost sharing amounts (i.e., Deductibles, Coinsurance, and/or Copayments);
- You will have to pay for services that are not Medically Necessary;
- You will have to pay for Non-Covered Services;
- You may have to file claims; and
- You must make sure any necessary Precertification is done. (Please see Health Care Management – Precertification for more details.)

How to Find a Provider in the Network
There are three ways You can find out if a Provider or facility is in the Network for this Plan. You can also find out where they are located and details about their license or training.

- See Your Plan’s directory of Network Providers at www.anthem.com, which lists the Doctors, Providers, and facilities that participate in this Plan’s Network.
- Call Member Services to ask for a list of doctors and Providers that participate in this Plan’s Network, based on specialty and geographic area.

If You need details about a Provider’s license or training, or help choosing a doctor who is right for You, call the Member Services number on the back of Your Member Identification Card. TTY/TDD services also are available by dialing 711. A special operator will get in touch with us to help with Your needs.

The BlueCard Program
Like all Blue Cross & Blue Shield plans throughout the country, Anthem participates in a program called “BlueCard,” which provides services to You when You are outside our Service Area. For more details on this program, please see “Inter-Plan Arrangements” in the Claims Payment section.

Copayment
Certain Network services may be subject to a Copayment amount which is a flat-dollar amount You will be charged at the time services are rendered.

Copayments are the responsibility of the Member. Any Copayment amounts required are shown in the Schedule of Benefits. Unless otherwise indicated, services which are not specifically identified in this Benefit Booklet as being subject to a Copayment are subject to the calendar year Deductible and payable at the percentage payable in the Schedule of Benefits.

Calendar Year Deductible
Before the Plan begins to pay benefits (except certain benefits which are subject to Copayment instead of Deductible), You must meet any Deductible required. You must satisfy one Deductible for each type of coverage as explained in the Schedule of Benefits. Deductible requirements are stated in the Schedule of Benefits.
HEALTH CARE MANAGEMENT - PRECERTIFICATION

Your Plan includes the process of Utilization Review to decide when services are Medically Necessary or Experimental/Investigative as those terms are defined in this Benefit Booklet. Utilization Review aids the delivery of cost-effective health care by reviewing the use of treatments and, when proper, level of care and/or the setting or place of service that they are performed. A service must be Medically Necessary to be a Covered Service. When level of care, setting or place of service is part of the review, services that can be safely given to You in a lower level of care or lower cost setting/place of care, will not be Medically Necessary if they are given in a higher level of care, or higher cost setting/place of care.

Certain Services must be reviewed to determine Medical Necessity in order for You to get benefits. Utilization Review criteria will be based on many sources including medical policy and clinical guidelines. It may be decided that a service that was asked for is not Medically Necessary if You have not tried other treatments that are more cost effective.

If You have any questions regarding the information contained in this section, You may call the Member Services telephone number on Your Identification Card or visit www.anthem.com.

Coverage for or payment of the service or treatment reviewed is not guaranteed even if the Plan decides Your services are Medically Necessary. For benefits to be covered, on the date You get service:

1. You must be eligible for benefits;
2. Fees must be paid for the time period that services are given;
3. The service or supply must be a Covered Service under Your Plan;
4. The service cannot be subject to an Exclusion under Your Plan; and
5. You must not have exceeded any applicable limits under Your Plan.

Types of Reviews:

- **Pre-service Review** – A review of a service, treatment or admission for a benefit coverage determination which is done before the service or treatment begins or admission date.

- **Precertification** – A required Pre-service Review for a benefit coverage determination for a service or treatment. Certain services require Precertification in order for You to get benefits. The benefit coverage review will include a review to decide whether the service meets the definition of Medical Necessity or is Experimental/Investigative as those terms are defined in this Benefit Booklet.

For admissions following Emergency Care, You, Your authorized representative or Doctor must tell the Claims Administrator within 48 hours of the admission or as soon as possible within a reasonable period of time. For childbirth admissions, Precertification is not needed unless there is a problem and/or the mother and baby are not sent home at the same time. Precertification is not required for the first 48 hours for a vaginal delivery or 96 hours for a cesarean section. Admissions longer than 48/96 hours require precertification.

- **Continued Stay/Concurrent Review** - A Utilization Review of a service, treatment or admission for a benefit coverage determination which must be done during an ongoing stay in a facility or course of treatment.

Both Pre-Service and Continued Stay/Concurrent Reviews may be considered urgent when, in the view of the treating Provider or any Doctor with knowledge of Your medical condition, without such care or treatment, Your life or health or Your ability to regain maximum function could be seriously threatened or You could be subjected to severe pain that cannot be adequately managed without such care or treatment. Urgent reviews are conducted under a shorter timeframe than standard reviews.
• **Post-service Review** – A review of a service, treatment or admission for a benefit coverage that is conducted after the service has been provided. Post-service reviews are performed when a service, treatment or admission did not need a Precertification, or when a needed Precertification was not obtained. Post-service reviews are done for a service, treatment or admission in which the Claims Administrator has a related clinical coverage guideline and are typically initiated by the Claims Administrator.

**Failure to Obtain Precertification Penalty:**

**IMPORTANT NOTE:** IF YOU OR YOUR NON NETWORK PROVIDER DO NOT OBTAIN THE REQUIRED PRECERTIFICATION, A $300 PENALTY WILL APPLY AND YOUR OUT OF POCKET COSTS WILL INCREASE. THIS DOES NOT APPLY TO MEDICALLY NECESSARY SERVICES FROM A NETWORK OR BLUECARD PROVIDER.

Out-of-Network Referrals:
Out-of-Network Services for consideration of payment at Network benefit level (may be authorized, based on Network availability and/or Medical Necessity.)

Mental Health/Substance Abuse:

Pre-certification Required
• Acute Inpatient Admissions
• Transcranial Magnetic Stimulation (TMS)
• Intensive Outpatient Therapy (IOP)
• Partial Hospitalization (PHP)
• Residential Care

The following services do not require precertification, but are recommended for pre-determination of Medical Necessity due to the existence of post service claim review criteria and/or the potential cost of services to the Member if denied by for lack of Medical Necessity: Procedures, equipment, and/or specialty infusion drugs which have Medically Necessary criteria determined by the Claims Administrator's Medical Policy or Clinical Guidelines.

Utilizing a Provider outside of the Network may result in significant additional financial responsibility for You, because Your health benefit plan cannot prohibit Out-of-Network Providers from billing You for the difference between the Provider’s charge and the benefit the Plan provides.

The ordering Provider, facility or attending Physician should contact the Claims Administrator to request a Precertification or Predetermination review (“requesting Provider”). The Claims Administrator will work directly with the requesting Provider for the Precertification request. However, You may designate an authorized representative to act on Your behalf for a specific request. The authorized representative can be anyone who is 18 years of age or older.

Who is Responsible for Precertification?

Typically, Network Providers know which services need Precertification and will get any Precertification when needed. Your Primary Care Physician and other Network Providers have been given detailed information about these procedures and are responsible for meeting these requirements. Generally, the ordering Provider, facility or attending Doctor (“requesting Provider”) will get in touch with the Claims Administrator to ask for a Precertification. However, You may request a Precertification or You may choose an authorized representative to act on Your behalf for a specific request. The authorized representative can be anyone who is 18 years of age or older. The table below outlines who is responsible for Precertification and under what circumstances.

**NOTE:** For an Emergency Care admission, precertification is not required. However, You, Your authorized representative or Doctor must tell the Claims Administrator within 24 hours of the admission or as soon as possible within a reasonable period of time.

The Claims Administrator will utilize its clinical coverage guidelines, such as medical policy, clinical guidelines, and other applicable policies and procedures to help make Medical Necessity decisions. This includes decisions about Prescription Drugs as detailed in the section “Prescription Drugs Administered by a Medical Provider”. Medical policies and clinical guidelines reflect the standards of practice and medical interventions identified as proper medical practice. The Claims Administrator reserves the right to review and update these clinical coverage guidelines from time to time.

You are entitled to ask for and get, free of charge, reasonable access to any records concerning Your request. To ask for this information, call the Precertification phone number on the back of Your Identification Card.
If You are not satisfied with the Plan’s decision under this section of Your benefits, please refer to the **Your Right To Appeal** section to see what rights may be available to You.

**Decision and Notice Requirements**
The Claims Administrator will review requests for benefits according to the timeframes listed below. The timeframes and requirements listed are based on Federal laws. You may call the phone number on the back of Your Identification Card for more details.

If more information is needed to make a decision, the Claims Administrator will tell the requesting Provider of the specific information needed to finish the review. If the Claims Administrator does not get the specific information needed by the required timeframe, the Claims Administrator will make a decision based upon the information it has.

The Claims Administrator will notify You and Your Provider of its decision as required by Federal law. Notice may be given by one or more of the following methods: verbal, written, and/or electronic.

**Important Information**
From time to time certain medical management processes (including utilization management, case management, and disease management) may be waived, enhanced, changed or ended. An alternate benefit may be offered if in the Plan’s sole discretion, such change furthers the provision of cost effective, value based and/or quality services.

Certain qualifying Providers may be selected to take part in a program or a provider arrangement that exempts them from certain procedural or medical management processes that would otherwise apply. Your claim may also be exempted from medical review if certain conditions apply.

Just because a process, Provider or Claim is exempted from the standards which otherwise would apply, it does not mean that this will occur in the future, or will do so in the future for any other Provider, claim or Member. The Plan may stop or change any such exemption with or without advance notice.

You may find out whether a Provider is taking part in certain programs or a provider arrangement by contacting the Member Services number on the back of Your Identification Card.
The Claims Administrator also may identify certain Providers to review for potential fraud, waste, abuse or other inappropriate activity if the claims data suggests there may be inappropriate billing practices. If a Provider is selected under this program, then the Claims Administrator may use one or more clinical utilization management guidelines in the review of claims submitted by this Provider, even if those guidelines are not used for all Providers delivering services to this Plan’s Members.

**Health Plan Individual Case Management**

The Claims Administrator’s individual health plan case management programs (Case Management) helps coordinate services for Members with health care needs due to serious, complex, and/or chronic health conditions. The Claims Administrator’s programs coordinate benefits and educate Members who agree to take part in the Case Management program to help meet their health-related needs.

The Claims Administrator’s Case Management programs are confidential and voluntary and are made available at no extra cost to You. These programs are provided by, or on behalf of and at the request of, Your health plan Case Management staff. These Case Management programs are separate from any Covered Services You are receiving.

If You meet program criteria and agree to take part, the Claims Administrator will help You meet Your identified health care needs. This is reached through contact and team work with You and/or Your authorized representative, treating Physician(s), and other Providers.

In addition, the Claims Administrator may assist in coordinating care with existing community-based programs and services to meet Your needs. This may include giving You information about external agencies and community-based programs and services.

In certain cases of severe or chronic illness or Injury, the Plan may provide benefits for alternate care that is not listed as a Covered Service. The Plan may also extend Covered Services beyond the Benefit Maximums of this Plan. The Claims Administrator will make any recommendation of alternate or extended benefits to the Plan on a case-by-case basis, if at the Claims Administrator’s discretion the alternate or extended benefit is in the best interest of You and the Plan and You or Your authorized representative agree to the alternate or extended benefit in writing. A decision to provide extended benefits or approve alternate care in one case does not obligate the Plan to provide the same benefits again to You or to any other Member. The Plan reserves the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, the Claims Administrator will notify You or Your authorized representative in writing.
BENEFITS

Payment terms apply to all Covered Services. Please refer to the Schedule of Benefits for details. All Covered Services must be Medically Necessary, whether provided through Network Providers or Out-of-Network Providers.

Ambulance Service
Medically Necessary Ambulance Services are a Covered Service when one or more of the following criteria are met:

- You are transported by a state licensed vehicle that is designed, equipped, and used only to transport the sick and injured and staffed by Emergency Medical Technicians (EMT), paramedics, or other certified medical professionals. This includes ground, water, fixed wing, and rotary wing air transportation.

- For ground ambulance, You are taken:
  - From Your home, the scene of an accident or Medical Emergency to a Hospital;
  - Between Hospitals, including when the Claims Administrator requires You to move from an Out-of-Network Hospital to a Network Hospital
  - Between a Hospital and a Skilled Nursing Facility or other approved Facility.

- For air or water ambulance, You are taken:
  - From the scene of an accident or Medical Emergency to a Hospital;
  - Between Hospitals, including when the Claims Administrator requires You to move from an Out-of-Network Hospital to a Network Hospital
  - Between a Hospital and an approved Facility.

Ambulance Services are subject to Medical Necessity reviews by the Claims Administrator. Emergency ground ambulance services do not require precertification and are allowed regardless of whether the Provider is a Network or Out-of-Network Provider.

Non-Emergency ambulance services are subject to Medical Necessity reviews by the Claims Administrator. When using an air ambulance, for non-Emergency transportation, the Claims Administrator reserves the right to select the air ambulance Provider. If you do not use the air ambulance Provider the Claims Administrator selects, the Out-of-Network Provider may bill you for any charges that exceed the Plan’s Maximum Allowed Amount.

You must be taken to the nearest Facility that can give care for Your condition. In certain cases the Claims Administrator may approve benefits for transportation to a Facility that is not the nearest Facility.

Benefits also include Medically Necessary treatment of a sickness or Injury by medical professionals from an ambulance service, even if You are not taken to a Facility.

Ambulance Services are not covered when another type of transportation can be used without endangering Your health. Ambulance Services for Your convenience or the convenience of Your family or Physician are not a Covered Service.

Other non-covered Ambulance Services include, but are not limited to, trips to:

- a Physician’s office or clinic; or
- a morgue or funeral home.
Important Notes on Air Ambulance Benefits
Benefits are only available for air ambulance when it is not appropriate to use a ground or water ambulance. For example, if using a ground ambulance would endanger Your health and Your medical condition requires a more rapid transport to a Facility than the ground ambulance can provide, the Plan will cover the air ambulance. Air ambulance will also be covered if You are in an area that a ground or water ambulance cannot reach.

Air ambulance will not be covered if You are taken to a Hospital that is not an acute care Hospital (such as a Skilled Nursing Facility), or if You are taken to a Physician’s office or Your home.

Hospital to Hospital Transport
If You are moving from one Hospital to another, air ambulance will only be covered if using a ground ambulance would endanger Your health and if the Hospital that first treats cannot give You the medical services You need. Certain specialized services are not available at all Hospitals. For example, burn care, cardiac care, trauma care, and critical care are only available at certain Hospitals. To be covered, You must be taken to the closest Hospital that can treat You. Coverage is not available for air ambulance transfers simply because You, Your family, or Your Provider prefers a specific Hospital or Physician.

Assistant Surgery
Services rendered by an assistant surgeon are covered based on Medical Necessity.

Behavioral Health Care and Substance Abuse Treatment
See the Schedule of Benefits for any applicable Deductible, Coinsurance/Copayment information. Coverage for the diagnosis and treatment of Behavioral Health Care and Substance Abuse Treatment on an Inpatient or outpatient basis will not be subject to Deductibles or Copayment/Coinsurance provisions that are less favorable than the Deductibles or Copayment/Coinsurance provisions that apply to a physical illness as covered under this Benefit Booklet.

Covered Services include the following:

- **Inpatient Services** in a Hospital or any facility that must be covered by law. Inpatient benefits include psychotherapy, psychological testing, electroconvulsive therapy, and Detoxification.

- **Residential Treatment** in a licensed Residential Treatment Center that offers individualized and intensive treatment and includes:
  - observation and assessment by a psychiatrist weekly or more often; and
  - rehabilitation, therapy, and education.

- **Outpatient Services** including office visits, therapy and treatment, Partial Hospitalization/Day Treatment Programs, and Intensive Outpatient Programs.

- **Online Visits** when available in Your area. Covered Services include a medical visit with the Doctor using the internet by a webcam, chat or voice. Online visits do not include reporting normal lab or other test results, requesting office visits, getting answers to billing, insurance coverage or payment questions, asking for referrals to doctors outside the online care panel, benefit precertification, or Doctor to Doctor discussions.

Examples of Providers from whom you can receive Covered Services include:

Breast Cancer Care
Covered Services are provided for Inpatient care following a mastectomy or lymph node dissection until the completion of an appropriate period of stay as determined by the attending Physician in consultation with the Member. Follow-up visits are also included and may be conducted at home or at the Physician’s office as determined by the attending Physician in consultation with the Member.

Cardiac Rehabilitation
Covered Services are provided as outlined in the Schedule of Benefits.

Clinical Trials
Benefits include coverage for services, such as routine patient care costs, given to You as a participant in an approved clinical trial if the services are Covered Services under this Plan. An “approved clinical trial” means a phase I, phase II, phase III, or phase IV clinical trial that studies the prevention, detection, or treatment of cancer or other life-threatening conditions. The term life-threatening condition means any disease or condition from which death is likely unless the disease or condition is treated.

Benefits are limited to the following trials:

1. Federally funded trials approved or funded by one of the following:
   a. The National Institutes of Health.
   b. The Centers for Disease Control and Prevention.
   c. The Agency for Health Care Research and Quality.
   d. The Centers for Medicare & Medicaid Services.
   e. Cooperative group or center of any of the entities described in (a) through (d) or the Department of Defense or the Department of Veterans Affairs.

   g. Any of the following in i-iii below if the study or investigation has been reviewed and approved through a system of peer review that the Secretary of Health and Human Services determines 1) to be comparable to the system of peer review of studies and investigations used by the National Institutes of Health, and 2) assures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review.
      i. The Department of Veterans Affairs.
      ii. The Department of Defense.
      iii. The Department of Energy.

2. Studies or investigations done as part of an investigational new drug application reviewed by the Food and Drug Administration;
3. Studies or investigations done for drug trials which are exempt from the investigational new drug application.

Your Plan may require You to use a Network Provider to maximize Your benefits.

Routine patient care costs include items, services, and Drugs provided to You in connection with an approved clinical trial that would otherwise be covered by this Plan.

All other requests for clinical trials services, including requests that are not part of approved clinical trials will be reviewed according to the Claims Administrator’s Clinical Coverage Guidelines, related policies and procedures.

Your Plan is not required to provide benefits for the following services. The Plan reserves its right to exclude any of the following services:

1. The Experimental/Investigative item, device, or service; or

2. Items and services that are provided only to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient; or

3. A service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis;

4. Any item or service that is paid for, or should have been paid for, by the sponsor of the trial.

Consultation Services
Covered when the special skill and knowledge of a consulting Physician is required for the diagnosis or treatment of an illness or Injury. Second surgical opinion consultations are covered.

Staff consultations required by Hospital rules are excluded. Referrals (the transfer of a patient from one Physician to another for treatment) are not consultations under this Plan.

Dental Services
Related to Accidental Injury
Your Plan includes benefits for dental work required for the initial repair of an Injury to the jaw, sound natural teeth, mouth or face which are required as a result of an accident and are not excessive in scope, duration, or intensity to provide safe, adequate, and appropriate treatment without adversely affecting the Member’s condition. Injury as a result of chewing or biting is not considered an Accidental Injury except where the chewing or biting results from an act of domestic violence or directly from a medical condition.

Treatment must be completed within the timeframe shown in the Schedule of Benefits.

Other Dental Services
Your Plan also includes benefits for Hospital charges and anesthetics provided for dental care if the Member meets any of the following conditions:

- the Member is under the age of five (5);
- the Member has a severe disability that requires hospitalization or general anesthesia for dental care; or
- the Member has a medical condition that requires hospitalization or general anesthesia for dental care.
Diabetes
Equipment and outpatient self-management training and education, including nutritional therapy for individuals with insulin-dependent diabetes, insulin-using diabetes, gestational diabetes, and non-insulin using diabetes as prescribed by the Physician. Covered Services for outpatient self-management training and education must be provided by a certified, registered or licensed health care professional with expertise in diabetes. Screenings for gestational diabetes are covered under “Preventive Care.”

Dialysis Treatment
The Plan covers Covered Services for Dialysis treatment. If applicable, the Plan will pay secondary to Medicare Part B, even if a Member has not applied for eligible coverage available through Medicare.

Durable Medical Equipment
The Plan will pay the rental charge up to the purchase price of the equipment. In addition to meeting criteria for Medical Necessity, and applicable Precertification requirements, the equipment must also be used to improve the functions of a malformed part of the body or to prevent or slow further decline of the Member’s medical condition. The equipment must be ordered and/or prescribed by a Physician and be appropriate for in-home use.

The equipment must meet the following criteria:
- it can stand repeated use;
- it is manufactured solely to serve a medical purpose;
- it is not merely for comfort or convenience;
- it is normally not useful to a person not ill or Injured;
- it is ordered by a Physician;
- the Physician certifies in writing the Medical Necessity for the equipment. The Physician also states the length of time the equipment will be required. The Plan may require proof at any time of the continuing Medical Necessity of any item; and
- it is related to the Member’s physical disorder.

Supplies, equipment and appliances that include comfort, luxury, or convenience items or features that exceed what is Medically Necessary in Your situation will not be covered. Reimbursement will be based on the Maximum Allowable Amount for a standard item that is a Covered Service, serves the same purpose, and is Medically Necessary. Any expense that exceeds the Maximum Allowable Amount for the standard item which is a Covered Service is Your responsibility.

Emergency Services
Life-threatening Medical Emergency or serious Accidental Injury.

Coverage is provided for Hospital emergency room care including a medical or behavioral health screening examination that is within the capability of the emergency department of a Hospital, including ancillary services routinely available to the emergency department to evaluate an Emergency Medical Condition; and within the capabilities of the staff and facilities available at the Hospital, such further medical or behavioral health examination and treatment as are required to Stabilize the patient. Emergency Service care does not require any Prior Authorization from the Plan.

Stabilize means, with respect to an Emergency Medical Condition: to provide such medical treatment of the condition as may be necessary to assure, within reasonable medical probability that no material deterioration of the condition is likely to result from or occur during the transfer of the individual from a facility. With respect to a pregnant woman who is having contractions, the term “stabilize” also means to deliver (including the placenta), if there is inadequate time to affect a safe transfer to another Hospital before delivery or transfer may pose a threat to the health or safety of the woman or the unborn child.
The Maximum Allowed Amount for emergency care from an Out-of-Network Provider will be the greatest of the following:

- the amount negotiated with Network Providers for the Emergency service furnished;
- the amount for the Emergency Service calculated using the same method the Claims Administrator generally uses to determine payments for Out-of-Network services but substituting the Network cost-sharing provisions for the Out-of-Network cost-sharing provisions; or
- the amount that would be paid under Medicare for the Emergency Service.

The Copayment and/or Coinsurance percentage payable for both Network and Out-of-Network are shown in the Schedule of Benefits.

**General Anesthesia Services**
Covered when ordered by the attending Physician and administered by another Physician who customarily bills for such services, in connection with a covered procedure.

Such anesthesia service includes the following procedures which are given to cause muscle relaxation, loss of feeling, or loss of consciousness:
- spinal or regional anesthesia;
- injection or inhalation of a drug or other agent (local infiltration is excluded).

Anesthesia services administered by a Certified Registered Nurse Anesthetist (CRNA) are only covered when billed by the supervising anesthesiologist.

**Habilitation Services**
Benefits also include habilitative health care services and devices that help You keep, learn or improve skills and functioning for daily living. Examples include therapy for a child who isn’t walking or talking at the expected age. These services may include physical and occupational therapy, speech-language pathology and other services for people with disabilities in a variety of Inpatient and/or outpatient settings.

**Home Health Care Services**
Home Health Care provides a program for the Member’s care and treatment in the home. Your coverage is outlined in the Schedule of Benefits. The program consists of required intermittent skilled care, which may include observation, evaluation, teaching and nursing services consistent with the diagnosis, established and approved in writing by the Member’s attending Physician. Services may be performed by either Network or Out-of-Network Providers.

**Some special conditions apply:**
- The Physician’s statement and recommended program must be pre-certified.
- Claims will be reviewed to verify that services consist of skilled care that is medically consistent with the diagnosis. Note: Covered Services available under Home Health Care do NOT reduce outpatient benefits available under the Physical Therapy section shown in this Plan.
- A Member must be essentially confined at home.

**Covered Services:**
- Visits by an RN or LPN. Benefits cannot be provided for services if the nurse is related to the Member.
- Visits by a qualified physiotherapist or speech therapist and by an inhalation therapist certified by the National Board of Respiratory Therapy.
- Visits to render services and/or supplies of a licensed Medical Social Services Worker when Medically Necessary to enable the Member to understand the emotional, social, and environmental factors resulting from or affecting the Member’s illness.
- Visits by a Home Health Nursing Aide when rendered under the direct supervision of an RN.
- Nutritional guidance when Medically Necessary.

• any services for any period during which the Member is not under the continuing care of a Physician;
• convalescent or Custodial Care where the Member has spent a period of time for recovery of an illness or surgery and where skilled care is not required or the services being rendered are only for aid in daily living, i.e., for the convenience of the Member;
• any services or supplies not specifically listed as Covered Services;
• routine care and/or examination of a newborn child;
• dietician services;
• maintenance therapy;
• dialysis treatment; or
• purchase or rental of dialysis equipment.

**Hospice Care Services**
The services and supplies listed below are Covered Services when given by a Hospice for the palliative care of pain and other symptoms that are part of a terminal disease. Palliative care means care that controls pain and relieves symptoms, but is not meant to cure a terminal illness. Covered Services include:
• care from an interdisciplinary team with the development and maintenance of an appropriate plan of care;

• bereavement (grief) services, including a review of the needs of the bereaved family and the development of a care plan to meet those needs, both before and after the Member’s death. Bereavement services are available to surviving Members of the immediate family for one year after the Member’s death. Immediate family means Your Spouse, children, stepchildren, parents, brothers and sisters.

Your Physician and Hospice medical director must certify that You are terminally ill and likely have less than 12 months to live. Your Physician must agree to care by the Hospice and must be consulted in the development of the care plan. The Hospice must keep a written care plan on file and give it to the Claims Administrator upon request.

Benefits for Covered Services beyond those listed above, such as chemotherapy and radiation therapy given as palliative care, are available to a Member in Hospice. These additional Covered Services will be covered under other parts of this Benefit Booklet.
Hospital Services
You may receive treatment at a Network or an Out-of-Network Hospital. However, payment is significantly reduced if services are received at an Out-of-Network Hospital. Your Plan provides Covered Services when the following services are Medically Necessary.

Network

Inpatient Services
- Inpatient room charges. Covered Services include Semiprivate Room and board, general nursing care and intensive or cardiac care. If You stay in a private room, the Maximum Allowed Amount is based on the Hospital’s prevalent semiprivate rate. If You are admitted to a Hospital that has only private rooms, the Maximum Allowed Amount is based on the Hospital’s prevalent room rate.

Service and Supplies
- Services and supplies provided and billed by the Hospital while You’re an Inpatient, including the use of operating, recovery and delivery rooms. Laboratory and diagnostic examinations, intravenous solutions, basal metabolism studies, electrocardiograms, electroencephalograms, x-ray examinations, and radiation and speech therapy are also covered.
- Convenience items (such as radios, TV’s, record, tape or CD players, telephones, visitors’ meals, etc.) will not be covered.

Length of Stay
- Determined by Medical Necessity.

Out-of-Network

Hospital Benefits
If You are confined in an Out-of-Network Hospital, Your benefits will be significantly reduced, as explained in the Schedule of Benefits section.

Hospital Visits
The Physician’s visits to his or her patient in the Hospital. Covered Services are limited to one daily visit for each attending Physician specialty during the covered period of confinement.

Human Organ and Tissue Transplant Services

Notification
To maximize Your benefits, You need to call the Claims Administrator’s transplant department to discuss benefit coverage when it is determined a transplant may be needed. You must do this before You have an evaluation and/or work-up for a transplant. Your evaluation and work-up services must be provided by a Network Transplant Provider to receive the maximum benefits.

Contact the Member Services telephone number on Your Identification Card and ask for the transplant coordinator. The Claims Administrator will then assist the Member in maximizing their benefits by providing coverage information including details regarding what is covered and whether any medical policies, network requirements or Benefit Booklet exclusions are applicable. Failure to obtain this information prior to receiving services could result in increased financial responsibility for the Member.

Covered Transplant Benefit Period
Starts one day prior to a Covered Transplant Procedure and continues for the applicable case rate/global time period. The number of days will vary depending on the type of transplant received and the Network Transplant Provider agreement. Contact the Claims Administrator for specific Network Transplant Provider information for services received at, or coordinated by a Network Transplant Provider Facility or starts one day prior to a Covered Transplant Procedure and continues to the date of discharge at an Out-of-Network Transplant Provider Facility.
Prior Approval and Precertification
In order to maximize Your benefits, the Claims Administrator strongly encourages You to call its' transplant department to discuss benefit coverage when it is determined a transplant may be needed. You must do this before You have an evaluation and/or work-up for a transplant. The Claims Administrator will assist You in maximizing Your benefits by providing coverage information, including details regarding what is covered and whether any clinical coverage guidelines, medical policies, Network Transplant Provider requirements, or exclusions are applicable. Contact the Member Services telephone number on the back of Your Identification Card and ask for the transplant coordinator. Even if the Claims Administrator issues a prior approval for the Covered Transplant Procedure, You or Your Provider must call the Claims Administrator’s Transplant Department for precertification prior to the transplant whether this is performed in an Inpatient or outpatient setting.

Please note that there are instances where Your Provider requests approval for Human Leukocyte Antigen (HLA) testing, donor searches and/or a collection and storage of stem cells prior to the final determination as to what transplant procedure will be requested. Under these circumstances, the HLA testing and donor search charges are covered as routine diagnostic testing. The collection and storage request will be reviewed for Medical Necessity and may be approved. However, such an approval for HLA testing, donor search and/or a collection and storage is NOT an approval for the subsequent requested transplant. A separate Medical Necessity determination will be made for the transplant procedure.

Transportation and Lodging
The Plan will provide assistance with reasonable and necessary travel expenses as determined by the Claims Administrator when You obtain prior approval and are required to travel more than 75 miles from Your residence to reach the facility where Your Covered Transplant Procedure will be performed. The Plan's assistance with travel expenses includes transportation to and from the facility and lodging for the transplant recipient Member and one companion for an adult Member, or two companions for a child patient. The Member must submit itemized receipts for transportation and lodging expenses in a form satisfactory to the Claims Administrator when claims are filed. Contact the Claims Administrator for detailed information. The Claims Administrator will follow Internal Revenue Service (IRS) guidelines in determining what expenses can be paid.

Licensed Speech Therapist Services
Services must be ordered and supervised by a Physician as outlined in the Schedule of Benefits. Speech therapy is not covered when rendered for the treatment of Developmental Delay.

Maternity Care and Reproductive Health Services
Covered Services are provided for Network Maternity Care as stated in the Schedule of Benefits. If You choose an Out-of-Network Provider, benefits are subject to the Deductible and percentage payable provisions as stated in the Schedule of Benefits.

Routine newborn nursery care is part of the mother’s maternity benefits. Benefits are provided for well baby pediatrician visits performed in the Hospital.

Should the newborn require other than routine nursery care, the baby will be admitted to the Hospital in his or her own name. (See “Changing Coverage (Adding a Dependent)” to add a newborn to Your coverage.)

Under Federal law, the Plan may not restrict the length of stay to less than the 48/96 hour periods or require Precertification for either length of stay. The length of hospitalization which is Medically Necessary will be determined by the Member’s attending Physician in consultation with the mother. Should the mother or infant be discharged before 48 hours following a normal delivery or 96 hours following a cesarean section delivery, the Member will have access to two post-discharge follow-up visits within the 48 or 96 hour period. These visits may be provided either in the Physician’s office or in the Member’s home by a Home Health Care Agency. The determination of the medically appropriate place of service and the type of Provider rendering the service will be made by the Member’s attending Physician.
Abortion (Therapeutic)
Your Plan includes benefits for a therapeutic abortion, which is an abortion recommended by a Provider that is performed to save the life or health of the mother, or as a result of incest or rape.

Contraceptive Benefits
Benefits include oral contraceptive Drugs, injectable contraceptive Drugs and patches. Benefits also include contraceptive devices such as diaphragms, intra uterine devices (IUDs), and implants. Prescription Drugs Administered by a Medical Provider

This Plan covers Prescription Drugs including Specialty Drugs, that must be administered to You as part of a Doctor’s visit, home care visit, or at an outpatient facility when they are Covered Services. This may include Drugs for infusion therapy, chemotherapy, blood products, certain injectables, and any Drug that must be administered by a Provider. This section applies when a Provider orders the Drug and a medical Provider administers it to You in a medical setting. Benefits for Drugs that You inject or get through Your Pharmacy benefits (i.e., self-administered Drugs) are not covered under this section. Benefits for those Drugs are described in the “Prescription Drug Benefits at a Retail or Home Delivery (Mail Service) Pharmacy” section.

Important Details About Prescription Drug Coverage

Your Plan includes certain features to determine when Prescription Drugs should be covered, which are described below. As part of these features, Your prescribing Doctor may be asked to give more details before the Plan decides if the Drug is eligible for coverage. In order to determine if the Prescription Drug is eligible for coverage, the Claims Administrator has established criteria.

The criteria, which are called drug edits, may include requirements regarding one or more of the following:

- Quantity, dose, and frequency of administration,
- Specific clinical criteria including, but not limited to, requirements regarding age, test result requirements, and/or presence of a specific condition or disease,
- Specific Provider qualifications including, but not limited to, REMS certification (Risk, Evaluation and Mitigation Strategies),
- Step therapy requiring one Drug or a Drug regimen or another treatment be used prior to use of another Drug or Drug regimen for safety and/ or affordability when clinically similar results may be anticipated and one option is less costly than another,
- Use of an Anthem Prescription Drug List (a formulary developed by the Claims Administrator which is a list of FDA-approved Drugs that have been reviewed and recommended for use based on their quality and cost effectiveness.

Precertification

Precertification may be required for certain Prescription Drugs to help make sure proper use and guidelines for Prescription Drug coverage are followed. The Claims Administrator will give the results of the Plan’s decision to both You and Your Provider.

For a list of Prescription Drugs that need precertification, please call the phone number on the back of Your Identification Card. The list will be reviewed and updated from time to time. Including a Prescription Drug or related item on the list does not guarantee coverage under Your Plan. Your Provider may check with the Claims Administrator to verify Prescription Drug coverage, to find out which drugs are covered under this section and if any drug edits apply.

Please refer to the section Health Care Management - Precertification for more details.

If precertification is denied You have the right to file an appeal as outlined in the Your Right To Appeal section of this Benefit Booklet.
Designated Pharmacy Provider
The Plan in its sole discretion, may establish one or more Designated Pharmacy Provider programs which provide specific pharmacy services (including shipment of Prescription Drugs) to Members. A Network Provider is not necessarily a Designated Pharmacy Provider. To be a Designated Pharmacy Provider, the Network Provider must have signed a Designated Pharmacy Provider Agreement with the Claims Administrator. You or Your Provider can contact Member Services to learn which Pharmacy or Pharmacies are part of a Designated Pharmacy Provider program.

For Prescription Drugs that are shipped to You or Your Provider and administered in Your Provider’s office, You and Your Provider are required to order from a Designated Pharmacy Provider. A Patient Care coordinator will work with You and Your Provider to obtain Precertification and to assist shipment to Your Provider’s office.

You may also be required to use a Designated Pharmacy Provider to obtain Prescription Drugs for treatment of certain clinical conditions such as Hemophilia. The Plan reserves the right to modify the list of Prescription Drugs as well as the setting and/or level of care in which the care is provided to You. The Plan may from time to time, change with or without advance notice, the Designated Pharmacy Provider for a Drug, if in the Plan’s discretion, such change can help provide cost effective, value based and/or quality services.

If You are required to use a Designated Pharmacy Provider and You choose not to obtain Your Prescription Drug from a Designated Pharmacy Provider, coverage will be provided at the Out-of-Network level.

You can get the list of the Prescription Drugs covered under this section by calling Member Services at the phone number on the back of Your Identification Card or check the Claims Administrator’s website at www.anthem.com.

Therapeutic Substitution
Therapeutic substitution is an optional program that tells You and Your Providers about alternatives to certain prescribed Drugs. The Claims Administrator may contact You and Your Provider to make You aware of these choices. Only You and Your Provider can determine if the therapeutic substitute is right for You. For questions or issues about therapeutic Drug substitutes, call Member Services at the phone number on the back of Your Identification Card.

Prescription Drug Benefits at a Retail or Home Delivery (Mail Service) Pharmacy
See the Schedule of Benefits for any applicable Deductible, Coinsurance, Copayment, and Benefit Limitation information.

Please note: Benefits for Prescription Drugs, including Specialty Drugs, which are administered to You by a medical Provider in a medical setting (e.g., Physician’s office, home care visit, or outpatient Facility) are covered under the "Prescription Drugs Administered by a Medical Provider" benefit. Please read that section for important details.

Your plan also includes benefits for Prescription Drugs You get at a Retail or Mail Order Pharmacy. The Pharmacy benefits available to You under this Plan are managed by the Claims Administrator's Pharmacy Benefits Manager (PBM). The PBM is a pharmacy benefits management company with which the Claims Administrator contracts to manage Your Pharmacy benefits. The PBM has a nationwide network of retail pharmacies, a Home Delivery (Mail Service) Pharmacy, and provides clinical management services.
The management and other services the PBM provides include, among others, making recommendations to, and updating the covered Prescription Drug list (also known as a Formulary) establishing a network of retail pharmacies and operating a Home Delivery (Mail Service) Pharmacy. The PBM, in consultation with the Claims Administrator also provides services to promote and enforce the appropriate use of Pharmacy benefits, such as review for possible excessive use; recognized and recommended dosage regimens; Drug interactions or Drug/pregnancy concerns.

You may request a copy of the covered Prescription Drug list by calling the Member Services telephone number on Your Identification Card. The covered Prescription Drug list is subject to periodic review and amendment. Inclusion of a Drug or related item on the covered Prescription Drug list is not a guarantee of coverage.

Prescription Drugs, unless otherwise stated below, must be Medically Necessary and not Experimental/Investigative, in order to be Covered Services. For certain Prescription Drugs, the prescribing Physician may be asked to provide additional information before the PBM and/or the Claims Administrator can determine Medical Necessity. The Plan may, in its sole discretion, establish quantity and/or age limits for specific Prescription Drugs which the PBM will administer. Covered Services will be limited based on Medical Necessity, quantity, and/or age limits established by the Plan or utilization guidelines.

Prescription Drug benefits may require prior authorization to determine if Your Drugs should be covered. Your Network Pharmacist will be told if Prior Authorization is required and if any additional details are needed for the Plan to decide benefits.

**Prior Authorization**
Prescribing Providers must obtain prior authorization in order for You to get benefits for certain Drugs. At times Your Provider will initiate a prior authorization on Your behalf before Your Pharmacy fills Your Prescription. At other times, the Pharmacy may make You or Your Provider aware that a prior authorization or other information is needed. In order to determine if the Prescription drug is eligible for coverage, the Claims Administrator has established criteria.

The criteria, which are called drug edits, may include requirements regarding one or more of the following:

- Quantity, dose, and frequency of administration,
- Specific clinical criteria including, but not limited to, requirements regarding age, test result requirements, and/or presence of a specific condition or disease,
- Specific Provider qualifications including, but not limited to, REMS certification (Risk, Evaluation and Mitigation Strategies),
- Step therapy requiring one Drug or a Drug regimen or another treatment be used prior to use of another Drug or Drug regimen for safety and/or affordability when clinically similar results may be anticipated and one option is less costly than another;
- Use of a Prescription Drug List (as described below).

You or Your Provider can get the list of the Drugs that require prior authorization by calling Member Services at the phone number on the back of Your Identification Card or check the Claims Administrator’s website at www.anthem.com. The list will be reviewed and updated from time to time. Including a Prescription Drug or related item on the list does not guarantee coverage under Your Plan. Your Provider may check with the Claims Administrator to verify Prescription Drug coverage, to find out which drugs are covered under this section and if any drug edits apply.
The Plan may, from time to time, waive, enhance, change or end certain prior authorization and/or offer alternate benefits, if in its sole discretion, such change furthers the provision of cost effective, value based and/or quality services.

If prior authorization is denied You have the right to file an appeal as outlined in the **Your Right To Appeal** section of this Benefit Booklet.

**Therapeutic Substitution** Therapeutic substitution is an optional program that tells You and Your doctors about alternatives to certain prescribed Drugs. The Claims Administrator may contact You and Your doctor to make You aware of these choices. Only You and Your doctor can determine if the therapeutic substitute is right for You. For questions or issues about therapeutic Drug substitutes, call Member Services at the phone number on the back of Your Identification Card.

**Specialty Pharmacy**
The Plan keeps a list of Specialty Drugs that may be covered based upon clinical findings from the Pharmacy and Therapeutics (P&T) Process, and where appropriate, certain clinical economic reasons. This list will change from time to time. The Plan may require You or Your doctor to order certain Specialty Drugs from the PBM’s Specialty Pharmacy

When You use the PBM’s Specialty Pharmacy its patient care coordinator will work with You and Your Doctor to get prior authorization and to ship Your Specialty Drugs to Your home or Your preferred address. Your patient care coordinator will also tell You when it is time to refill Your prescription.

You can get the list of covered Specialty Drugs by calling Member Services at the phone number on the back of Your Identification Card or check the Claims Administrator’s website at [www.anthem.com](http://www.anthem.com).

Deductible/Coinsurance/Copayment

Each Prescription Order may be subject to Coinsurance/Copayment. If the Prescription Order includes more than one covered Drug, a separate Coinsurance/Copayment will apply to each covered Drug. Your Prescription Drug Coinsurance/Copayment will be the lesser of Your scheduled Copayment/Coinsurance amount or the Maximum Allowed Amount. Please see the Schedule of Benefits for any applicable Coinsurance/Copayment. If You receive Covered Services from an Out-of-Network Pharmacy, a Coinsurance/Copayment amount may also apply.
Days Supply
Certain day supply limits apply to Prescription Drugs as listed in the Schedule of Benefits. In most cases, You must use a certain amount of Your prescription before it can be refilled. In some cases the Plan may let You get an early refill. For example, the Plan may let You refill Your prescription early if it is decided that You need a larger dose. The Claims Administrator will work with the Pharmacy to decide when this should happen.

If You are going on vacation and You need more than the day supply allowed, You should ask Your pharmacist to call the PBM and ask for an override for one early refill. If You need more than one early refill, please call Member Services at the number on the back of Your Identification Card.

Formulary
The Plan follows a drug Formulary in determining payment and Covered Services. You will be responsible for an additional Copayment amount depending on whether a Formulary or non-Formulary drug is obtained. Please see the Schedule of Benefits.

Tiers
Your share of the cost for Prescription Drugs may vary based on the tier the Drug is in.

- Generic Drugs have the lowest Coinsurance or Copayment. These contain low cost and preferred Drugs that may be Generic, single source Brand Drugs, Biosimilars, Interchangeable Biologic Products, or multi-source Brand Drugs.
- Brand Formulary Drugs have a higher Coinsurance or Copayment than Generic Drugs. These may contain preferred Drugs that may be Generic, single source Brand Drugs, Biosimilars, Interchangeable Biologic Products or multi-source Brand Drugs.
- Brand Non-Formulary Drugs have a higher Coinsurance or Copayment than Brand Formulary Drugs. These may contain higher cost, preferred, and non-preferred Drugs that may be Generic, single source Brand Drugs, Biosimilars, Interchangeable Biologic Products or multi-source Brand Drugs.

Special Programs
Except when prohibited by federal regulations (such as HSA rules), from time to time the Claims Administrator or the PBM may initiate various programs to encourage the use of more cost-effective or clinically-effective Prescription Drugs including, but not limited to, Generic Drugs, Home Delivery (Mail Service) Drugs, over the counter or preferred products. Such programs may involve reducing or waiving Copayments or Coinsurance for certain Drugs or preferred products for a limited period of time.

Payment of Benefits
The amount of benefits paid is based upon whether You receive the Covered Services from a Network Pharmacy, an Out-of-Network Pharmacy, or the PBM’s Home Delivery (Mail Service) Program. It is also based upon which Tier the Claims Administrator has classified the Prescription Drug. Please see the Schedule of Benefits for the applicable amounts, and for applicable limitations on number of days supply.

The Claims Administrator retains the right at the Claims Administrator’s discretion to determine coverage for dosage formulations in terms of covered dosage administration methods (for example by mouth, injections, topical or inhaled) and may cover one form of administration and exclude or place other forms of administration on other Tiers.

The amounts for which You are responsible are shown in the Schedule of Benefits. No payment will be made by the Plan for any Covered Service unless the negotiated rate exceeds any applicable Copayment/Coinsurance for which You are responsible.
Your Copayment(s)/Coinsurance amounts will not be reduced by any discounts, rebates or other funds received by the PBM and/or the Plan from Drug manufacturers or similar vendors. For Covered Services provided by a Network Pharmacy or through the PBM’s Home Delivery (Mail Service), You are responsible for all Copayment/Coinsurance amounts.

For Covered Services provided by an Out-of-Network Pharmacy, You will be responsible for the amount(s) shown in the Schedule of Benefits. This is based on the Maximum Allowed Amount.

**How to Obtain Prescription Drug Benefits**

How You obtain Your benefits depends upon whether You go to a Network or an Out-of-Network Pharmacy.

**Network Pharmacy** – Present Your written Prescription order from Your Physician and Your Identification Card to the pharmacist at a Network Pharmacy. The Pharmacy will file Your claim for You. You will be charged at the point of purchase for applicable Copayment/Coinsurance amounts. If You do not present Your Identification Card, You will have to pay the full retail price of the Prescription. If You do pay the full charge, ask Your pharmacist for an itemized receipt and submit it to the Plan with a written request for refund.

**Specialty Drugs** – You or Your Physician can order Your Specialty Drugs directly from a Specialty Network Pharmacy, simply call the Member Services telephone number on the back of Your Identification Card. If You or Your Physician orders Your Specialty Drugs from a Specialty Network Pharmacy, You will be assigned a patient care coordinator who will work with You and Your Physician to obtain Prior Authorization and to coordinate the shipping of Your Specialty Drugs directly to You or Your Physician’s office. Your patient care coordinator will also contact You directly when it is time to refill Your Specialty Drug Prescription.

**Out-of-Network Pharmacy** – You are responsible for payment of the entire amount charged by the Out-of-Network Pharmacy, including an Out-of-Network Specialty Pharmacy. You must submit a Prescription Drug claim form to the Plan for reimbursement consideration. These forms are available from the Claims Administrator or from the Employer. You must complete the top section of the form and ask the Out-of-Network Pharmacy to complete the bottom section. If for any reason the bottom section of this form cannot be completed by the pharmacist, You must attach an itemized receipt to the claim form and submit to the Plan or the PBM. The itemized receipt must show:

- name and address of the Out-of-Network Pharmacy;
- patient’s name;
- prescription number;
- date the Prescription was filled;
- name of the Drug;
- cost of the Prescription; and,
- quantity of each covered Drug or refill dispensed.

You are responsible for the amount shown in the Schedule of Benefits. This is based on the Maximum Allowed Amount as determined by Anthem or the PBM’s normal or average contracted rate with network pharmacies on or near the date of service.

**The Home Delivery (Mail Service) Program** – Complete the Order and Patient Profile Form. You will need to complete the patient profile information only once. You may mail written Prescriptions from Your Physician, or have Your Physician fax the Prescription to the PBM’s Home Delivery (Mail Service). Your Physician may also phone in the Prescription to the PBM’s Home Delivery (Mail Service) Pharmacy. You will need to submit the applicable Coinsurance and/or Copayment amounts to the PBM’s Home Delivery (Mail Service) when You request a Prescription or refill.
LIMITATIONS AND EXCLUSIONS

CLAIMS PAYMENT

Providers who participate in the BlueCard® PPO Network have agreed to submit claims directly to the local Blue Cross and/or Blue Shield plan in their area. Therefore if the BlueCard® PPO Network Hospitals, Physicians and ancillary Providers are used, claims for their services will generally not have to be filed by the Member. In addition, many Out-of-Network Hospitals and Physicians will also file claims if the information on the Blue Cross and Blue Shield Identification Card is provided to them. If the Provider requests a claim form to file a claim, a claim form can be obtained by contacting Your local Human Resources Department or by visiting www.anthem.com.

How to File Claims
Under normal conditions, the Claims Administrator should receive the proper claim form within 12 months after the service was provided. This section of the Benefit Booklet describes when to file a benefits claim and when a Hospital or Physician will file the claim for You.

Each person enrolled through the Plan receives an Identification Card. Remember, in order to receive full benefits, You must receive treatment from a Network Provider. When admitted to a Network Hospital, present Your Identification Card. Upon discharge, You will be billed only for those charges not covered by the Plan.

When You receive Covered Services from a Network Physician or other Network licensed health care provider, ask him or her to complete a claim form. Payment for Covered Services will be made directly to the Provider.

For health care expenses other than those billed by a Network Provider, use a claim form to report Your expenses. You may obtain these from Your Employer or the Claims Administrator. Claims should include Your name, Plan and Group numbers exactly as they appear on Your Identification Card. Attach all bills to the claim form and file directly with the Claims Administrator. Be sure to keep a photocopy of all forms and bills for Your records. The address is on the claim form.

Save all bills and statements related to Your illness or Injury. Make certain they are itemized to include dates, places and nature of services or supplies.

Maximum Allowed Amount

General
This section describes how the Claims Administrator determines the amount of reimbursement for Covered Services. Reimbursement for services rendered by Network and Out-of-Network Providers is based on this Plan's Maximum Allowed Amount for the Covered Service that You receive. Please see the "Inter-Plan Arrangements" section for additional information.

The Maximum Allowed Amount for this Plan is the maximum amount of reimbursement Anthem will allow for services and supplies:

- that meet our definition of Covered Services, to the extent such services and supplies are covered under Your Plan and are not excluded;
- that are Medically Necessary; and
- that are provided in accordance with all applicable preauthorization, utilization management or other requirements set forth in Your Plan.

You will be required to pay a portion of the Maximum Allowed Amount to the extent You have not met Your Deductible or have a Copayment or Coinsurance. In addition, when You receive Covered Services from an Out-of-Network Provider, You may be responsible for paying any difference between the Maximum Allowed Amount and the Provider's actual charges. This amount can be significant.
When You receive Covered Services from a Provider, the Claims Administrator will, to the extent applicable, apply claim processing rules to the claim submitted for those Covered Services. These rules evaluate the claim information and, among other things, determine the accuracy and appropriateness of the procedure and diagnosis codes included in the claim. Applying these rules may affect the Claims Administrator’s determination of the Maximum Allowed Amount. The Claims Administrator’s application of these rules does not mean that the Covered Services You received were not Medically Necessary. It means the Claims Administrator has determined that the claim was submitted inconsistent with procedure coding rules and/or reimbursement policies. For example, Your Provider may have submitted the claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed. When this occurs, the Maximum Allowed Amount will be based on the single procedure code rather than a separate Maximum Allowed Amount for each billed code.

Likewise, when multiple procedures are performed on the same day by the same Physician or other healthcare professional, the Plan may reduce the Maximum Allowed Amounts for those secondary and subsequent procedures because reimbursement at 100% of the Maximum Allowed Amount for those procedures would represent duplicative payment for components of the primary procedure that may be considered incidental or inclusive.

Provider Network Status
The Maximum Allowed Amount may vary depending upon whether the Provider is a Network Provider or an Out-of-Network Provider.

A Network Provider is a Provider who is in the managed network for this specific product or in a special Center of Excellence or other closely managed specialty network, or who has a participation contract with the Claims Administrator. For Covered Services performed by a Network Provider, the Maximum Allowed Amount for this Plan is the rate the Provider has agreed with the Claims Administrator to accept as reimbursement for the Covered Services. Because Network Providers have agreed to accept the Maximum Allowed Amount as payment in full for those Covered Services, they should not send You a bill or collect for amounts above the Maximum Allowed Amount. However, You may receive a bill or be asked to pay all or a portion of the Maximum Allowed Amount to the extent You have not met Your Deductible or have a Copayment or Coinsurance. Please call Member Services for help in finding a Network Provider or visit www.anthem.com.

Providers who have not signed any contract with the Claims Administrator and are not in any of the Claims Administrator’s networks are Out-of-Network Providers, subject to Blue Cross Blue Shield Association rules governing claims filed by certain ancillary providers.

For Covered Services You receive from an Out-of-Network Provider, the Maximum Allowed Amount for this Plan will be one of the following as determined by the Claims Administrator:

1. An amount based on the Claims Administrator’s Out-of-Network Provider fee schedule/rate, which the Claims Administrator has established at its’ discretion, and which the Claims Administrator reserves the right to modify from time to time, after considering one or more of the following: reimbursement amounts accepted by like/similar Providers contracted with the Claims Administrator, reimbursement amounts paid by the Centers for Medicare and Medicaid Services for the same services or supplies, and other industry cost, reimbursement and utilization data; or

2. An amount based on reimbursement or cost information from the Centers for Medicare and Medicaid Services (“CMS”). When basing the Maximum Allowed Amount upon the level or method of reimbursement used by CMS, the Administrator will update such information, which is unadjusted for geographic locality, no less than annually; or
3. An amount based on information provided by a third party vendor, which may reflect one or more of the following factors: (1) the complexity or severity of treatment; (2) level of skill and experience required for the treatment; or (3) comparable Providers’ fees and costs to deliver care; or

4. An amount negotiated by the Claims Administrator or a third party vendor which has been agreed to by the Provider. This may include rates for services coordinated through case management; or

5. An amount based on or derived from the total charges billed by the Out-of-Network Provider.

Providers who are not contracted for this product, but contracted for other products with the Claims Administrator are also considered Out-of-Network. For this Plan, the Maximum Allowed Amount for services from these Providers will be one of the five methods shown above unless the contract between the Claims Administrator and that Provider specifies a different amount.

For Covered Services rendered outside the Claims Administrator’s Service Area by Out-of-Network Providers, claims may be priced using the local Blue Cross Blue Shield plan’s non-participating provider fee schedule/rate or the pricing arrangements required by applicable state or Federal law. In certain situations, the Maximum Allowed Amount for out of area claims may be based on billed charges, the pricing the Plan would use if the healthcare services had been obtained within the Claims Administrator’s Service Area, or a special negotiated price.

Unlike Network Providers, Out-of-Network Providers may send You a bill and collect for the amount of the Provider’s charge that exceeds the Plan’s Maximum Allowed Amount. You are responsible for paying the difference between the Maximum Allowed Amount and the amount the Provider charges. This amount can be significant. Choosing a Network Provider will likely result in lower Out-of-Pocket costs to You. Please call Member Services for help in finding a Network Provider or visit the Claims Administrator’s website at www.anthem.com.

**For Prescription Drugs:** The Maximum Allowed Amount is the amount determined by the Claims Administrator using Prescription Drug cost information provided by the Pharmacy Benefits Manager (PBM).

**Member Cost Share**
For certain Covered Services and depending on Your plan design, You may be required to pay a part of the Maximum Allowed Amount as Your cost share amount (for example, Deductible, Copayment, and/or Coinsurance).

Your cost share amount and Out-of-Pocket Limits may vary depending on whether You received services from a Network or Out-of-Network Provider. Specifically, You may be required to pay higher cost sharing amounts or may have limits on Your benefits when using Out-of-Network Providers. Please see the **Schedule of Benefits** in this Benefit Booklet for Your cost share responsibilities and limitations, or call Member Services to learn how this Plan’s benefits or cost share amounts may vary by the type of Provider You use.

The Plan will not provide any reimbursement for Non-Covered Services. You may be responsible for the total amount billed by Your Provider for Non-Covered Services, regardless of whether such services are performed by a Network or Out-of-Network Provider. Non-Covered Services include services specifically excluded from coverage by the terms of this Benefit Booklet and services received after benefits have been exhausted. Benefits may be exhausted by exceeding, for example, benefit caps or day/visit limits.
In some instances You may only be asked to pay the lower Network cost sharing amount when You use an Out-of-Network Provider. For example, if You go to a Network Hospital or Provider facility and receive Covered Services from an Out-of-Network Provider such as a radiologist, anesthesiologist or pathologist who is employed by or contracted with a Network Hospital or facility, You will pay the Network cost share amounts for those Covered Services. However, You also may be liable for the difference between the Maximum Allowed Amount and the Out-of-Network Provider’s charge.

**Authorized Services**

In some circumstances, such as where there is no Network Provider available for the Covered Service, the Plan may authorize the Network cost share amounts (Deductible, Copayment, and/or Coinsurance) to apply to a claim for a Covered Service You receive from an Out-of-Network Provider. In such circumstance, You must contact the Claims Administrator in advance of obtaining the Covered Service. The Plan also may authorize the Network cost share amounts to apply to a claim for Covered Services if You receive Emergency services from an Out-of-Network Provider and are not able to contact the Claims Administrator until after the Covered Service is rendered. If the Plan authorizes a Network cost share amount to apply to a Covered Service received from an Out-of-Network Provider, You also may still be liable for the difference between the Maximum Allowed Amount and the Out-of-Network Provider’s charge. Please contact Member Services for Authorized Services information or to request authorization.

**Services Performed During Same Session**

The Plan may combine the reimbursement of Covered Services when more than one service is performed during the same session. Reimbursement is limited to the Plan’s Maximum Allowed Amount. If services are performed by Out-of-Network Providers, then You are responsible for any amounts charged in excess of the Plan’s Maximum Allowed Amount with or without a referral or regardless if allowed as an Authorized Service. Contact the Claims Administrator for more information.

**Processing Your Claim**

You are responsible for submitting Your claims for expenses not normally billed by and payable to a Hospital or Physician. Always make certain You have Your Identification Card with You. Be sure Hospital or Physician’s office personnel copy Your name, and identification numbers (including the 3-letter prefix) accurately when completing forms relating to Your coverage.

**Timeliness of Filing for Member Submitted Claims**

To receive benefits, a properly completed claim form with any necessary reports and records must be filed by You within 12 months of the date of service. Payment of claims will be made as soon as possible following receipt of the claim, unless more time is required because of incomplete or missing information. In this case, You will be notified of the reason for the delay and will receive a list of all information needed to continue processing Your claim. After this data is received, the Claims Administrator will complete claims processing. No request for an adjustment of a claim can be submitted later than 24 months after the claim has been paid.

**Necessary Information**

In order to process Your claim, the Claims Administrator may need information from the Provider of the service. As a Member, You agree to authorize the Physician, Hospital, or other Provider to release necessary information.

The Claims Administrator will consider such information confidential. However, the Plan and the Claims Administrator have the right to use this information to defend or explain a denied claim.
Claims Review
The Claims Administrator has processes to review claims before and after payment to detect fraud, waste, abuse and other inappropriate activity. Members seeking services from Out-of-Network Providers could be balance billed by the Out-of-Network Provider for those services that are determined to be not payable as a result of these review processes. A claim may also be determined to be not payable due to a Provider’s failure to submit medical records with the claims that are under review in these processes.

Explanation of Benefits
After You receive medical care, You will generally receive an Explanation of Benefits (EOB). The EOB is a summary of the coverage You receive. The EOB is not a bill, but a statement sent by the Claims Administrator, to help You understand the coverage You are receiving. The EOB shows:

- total amounts charged for services/supplies received;
- the amount of the charges satisfied by Your coverage;
- the amount for which You are responsible (if any); and
general information about Your appeals rights..

Inter-Plan Arrangements

Out-of-Area Services
Anthem has a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called “Inter-Plan Arrangements.” These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association (“Association”). Whenever You access healthcare services outside the geographic area the Claims Administrator serves (the Anthem “Service Area”), the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When You receive care outside of the Anthem Service Area, You will receive it from one of two kinds of Providers. Most Providers (“participating providers”) contract with the local Blue Cross and/or Blue Shield Plan in that geographic area (“Host Blue”). Some Providers (“nonparticipating providers”) don’t contract with the Host Blue. Explained below is how both kinds of Providers are paid.

Inter-Plan Arrangements Eligibility – Claim Types
Most claim types are eligible to be processed through Inter-Plan Arrangements, as described above. Examples of claims that are not included are Prescription Drugs that You obtain from a Pharmacy and most dental or vision benefits.

A. BlueCard® Program
Under the BlueCard® Program, when You receive Covered Services within the geographic area served by a Host Blue, the Claims Administrator will still fulfill its contractual obligations. But, the Host Blue is responsible for: (a) contracting with its Providers; and (b) handling its interactions with those Providers.

When You receive Covered Services outside the Anthem Service Area and the claim is processed through the BlueCard Program, the amount You pay is calculated based on the lower of:

- The billed charges for Covered Services; or
- The negotiated price that the Host Blue makes available to the Claims Administrator.

62
Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to the Provider. Sometimes, it is an estimated price that takes into account special arrangements with that Provider. Sometimes, such an arrangement may be an average price, based on a discount that results in expected average savings for services provided by similar types of Providers. Estimated and average pricing arrangements may also involve types of settlements, incentive payments and/or other credits or charges.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price the Plan used for Your claim because they will not be applied after a claim has already been paid.

B. Negotiated (non–BlueCard Program) Arrangements

With respect to one or more Host Blues, instead of using the BlueCard Program, Anthem may process Your claims for Covered Services through Negotiated Arrangements for National Accounts.

The amount You pay for Covered Services under this arrangement will be calculated based on the lower of either billed charges for Covered Services or the negotiated price (refer to the description of negotiated price under Section A. BlueCard Program) made available to Anthem by the Host Blue.

C. Special Cases: Value-Based Programs

BlueCard® Program

If You receive Covered Services under a Value-Based Program inside a Host Blue’s Service Area, You will not be responsible for paying any of the Provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to Anthem through average pricing or fee schedule adjustments. Additional information is available upon request.

Value-Based Programs: Negotiated (non–BlueCard Program) Arrangements

If Anthem has entered into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs to the Employer on Your behalf, Anthem will follow the same procedures for Value-Based Programs administration and Care Coordinator Fees as noted above for the BlueCard Program.

D. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee. If applicable, the Plan will include any such surcharge, tax or other fee as part of the claim charge passed on to You.

E. Nonparticipating Providers Outside the Claims Administrator’s Service Area

1. Allowed Amounts and Member Liability Calculation

When Covered Services are provided outside of Anthem’s Service Area by non-participating providers, the Plan may determine benefits and make payment based on pricing from either the Host Blue or the pricing arrangements required by applicable state or Federal law. In these situations, the amount You pay for such services as Deductible, Copayment or Coinsurance will be based on that allowed amount. Also, You may be responsible for the difference between the amount that the non-participating provider bills and the payment the Plan will make for the Covered Services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for Out-of-Network Emergency services.
2. Exceptions

In certain situations, the Plan may use other pricing methods, such as billed charges or the pricing the Plan would use if the healthcare services had been obtained within the Anthem Service Area, or a special negotiated price to determine the amount the Plan will pay for services provided by nonparticipating providers. In these situations, You may be liable for the difference between the amount that the nonparticipating provider bills and the payment the Plan make for the Covered Services as set forth in this paragraph.

F. BlueCard Worldwide® Program

If You plan to travel outside the United States, call Member Services to find out Your BlueCard Worldwide benefits. Benefits for services received outside of the United States may be different from services received in the United States. Remember to take an up to date health Identification Card with You.

Please refer to the Health Care Management – Precertification section in this Booklet for further information. You can learn how to get preauthorization when You need to be admitted to the hospital for Emergency or non-emergency care.

How Claims are Paid with BlueCard Worldwide

In most cases, when You arrange inpatient hospital care with BlueCard Worldwide, claims will be filed for You. The only amounts that You may need to pay up front are any Copayment, Coinsurance or Deductible amounts that may apply.

You will typically need to pay for the following services up front:
- Doctors services;
- Inpatient hospital care not arranged through BlueCard Worldwide; and
- Outpatient services.

You will need to file a claim form for any payments made up front.

When You need BlueCard Worldwide claim forms You can get international claims forms in the following ways:
- Call the BlueCard Worldwide Service Center at the numbers above; or

You will find the address for mailing the claim on the form.

Unauthorized Use of Identification Card

If You permit Your Identification Card to be used by someone else or if You use the card before coverage is in effect or after coverage has ended, You will be liable for payment of any expenses incurred resulting from the unauthorized use. Fraudulent misuse could also result in termination of the coverage. Fraudulent statements on enrollment forms and/or claims for services or payment involving all media (paper or electronic) may invalidate any payment or claims for services and be grounds for voiding the Member's coverage. This includes fraudulent acts to obtain medical services and/or Prescription Drugs.
Assignment
You authorize the Claims Administrator, on behalf of the Employer, to make payments directly to Providers for Covered Services. The Claims Administrator also reserves the right to make payments directly to You. Payments may also be made to, and notice regarding the receipt and/or adjudication of claims, an alternate recipient, or that person’s custodial parent or designated representative. Any payments made by the Claims Administrator will discharge the Employer’s obligation to pay for Covered Services. You cannot assign Your right to receive payment to anyone else, except as required by a “Qualified Medical Child Support Order” or any applicable Federal law.

Once a Provider performs a Covered Service, the Claims Administrator will not honor a request to withhold payment of the claims submitted.

The coverage and any benefits under the Plan are not assignable by any Member without the written consent of the Plan, except as provided above.

Questions About Coverage or Claims
If You have questions about Your coverage, contact Your Plan Administrator or the Claims Administrator’s Member Services Department. Be sure to always give Your Member identification number.

When asking about a claim, give the following information:
- identification number;
- patient’s name and address;
- date of service and type of service received; and
- Provider name and address (Hospital or Physician).

To find out if a Hospital or Physician is a Network Provider, call the Claims Administrator.

The Plan does not supply You with a Hospital or Physician. In addition, neither the Plan nor the Claims Administrator is responsible for any Injuries or damages You may suffer due to actions of any Hospital, Physician or other person. In order to process Your claims, the Claims Administrator or the Plan Administrator may request additional information about the medical treatment You received and/or other group health insurance You may have. This information will be treated confidentially.

An oral explanation of Your benefits by an employee of the Claims Administrator, Plan Administrator or Plan Sponsor is not legally binding.

Any correspondence mailed to You will be sent to Your most current address. You are responsible for notifying the Plan Administrator or the Claims Administrator of Your new address.
YOUR RIGHT TO APPEAL

The Administrator’s Member Services representatives are trained to answer your questions about your health benefit plan. Please call during business hours, Monday through Friday, with questions regarding:

- Your coverage and benefit levels, including Coinsurance and Copayment amounts,
- Specific claims or services you have received,
- Doctors or Hospitals in the Network,
- Referral processes or authorizations,
- Provider directories.

Complaint and Appeal procedures have been established to provide fair, reasonable, and timely solutions to complaints that you may have concerning the Plan. The Plan invites you to share any concerns that you may have over benefit determinations, coverage and eligibility issues, or the quality of care rendered by medical Providers in the Administrator’s Networks.

The Complaint Procedure
The Plan wants your experience to be as positive as possible. There may be times, however, when you have a complaint, problem, or question about your Plan or a service you have received. In those cases, please contact Member Services by calling the number on the back of your ID card. The Administrator will try to resolve your complaint informally by talking to your Provider or reviewing your claim.

Please refer to your Identification Card for the Administrator’s address and telephone number.

A complaint is an expression of dissatisfaction that can often be resolved by an explanation from the Administrator of its procedures and your benefit document. You may submit your complaint by letter or by telephone call. If your complaint involves issues of Covered Services, you may be asked to sign a release of information form so the Administrator can request records for its review.

You will be notified of the resolution of your complaint if a claim or request for benefits is denied in whole or in part. The Administrator will explain why benefits were denied and describe your rights under the Appeal Procedure. If you are not satisfied with the resolution of your complaint, you have the right to file an Appeal, which is defined as follows:

Appeal Procedures
As a Member of this Plan you have the right to appeal decisions to deny or limit your health care benefits. The explanation of why the Plan denied your claim or request for benefits will describe the steps you should follow to initiate your appeal and how the appeal process works.

An appeal is a request from you for the Administrator to change a previous determination or to address a concern you have regarding confidentiality or privacy.

Internal Appeals
An initial determination by the Administrator can be appealed for internal review. The Plan will advise you of your rights to appeal to the next level if a denial occurs after an initial determination.

You have the right to designate a representative (e.g. your Physician) to file appeals with the Administrator on your behalf and to represent you in any level of the appeals process. If a representative is seeking an appeal on your behalf, the Administrator must obtain a signed Designation of Representation (DOR) form from you. The appeal process will not begin until the Administrator has received the properly completed DOR form except that if a Physician requests expedited review of an appeal on your behalf, the Physician will be deemed to be your designee for the limited purpose of filing for expedited review of the appeal without receipt of a signed form. The Administrator will forward a Designation of Representation form to you for completion in all other situations.
The Administrator will accept oral or written comments, documents or other information relating to an appeal from the Member or the Member’s Provider by telephone, facsimile or other reasonable means. Members are entitled to receive, upon request and free of charge, reasonable access to, and copies of, documents, records, and other information relevant to the Member’s appeal. If, after the Administrator’s determination that you are appealing, the Administrator considers, relies on or generates any new or additional evidence in connection with your claim, the Administrator will provide you with that new or additional evidence, free of charge. The Administrator will not base its appeal(s) decision(s) on a new or additional rationale without first providing you (free of charge) with, and a reasonable opportunity to respond to, any such new or additional rationale. If the Administrator fails to follow the appeal procedures outlined under this section the appeals process may be deemed exhausted. However, the appeals process will not be deemed exhausted due to minor violations that do not cause, and are not likely to cause, prejudice or harm so long as the error was for good cause or due to matters beyond our control.

To obtain information on the Administrator’s appeal procedures or to file an oral appeal please call the toll free Member Services number listed on the back of your Plan Identification Card or the number provided for appeals on any written notice of an adverse decision that you receive from the Administrator.

The Administrator will also accept appeals filed in writing. If you wish to file your appeal in writing, you must mail it to: Anthem Blue Cross and Blue Shield, P.O. Box 105568, Atlanta, GA 30348, or to the address provided for filing an appeal on any written notice of an adverse decision that you receive from the Administrator.

Appeals are reviewed by persons who did not make the initial determination and who are not the subordinates of the initial reviewer. If a clinical issue is involved, the Administrator will use a clinical peer for this review. A clinical peer is a Physician or Provider who has the same license as the Provider who will perform or has performed the service. The clinical peer will review your medical records and determine if the service is covered by your benefit document. If the clinical peer determines that the service is covered by your benefit document the Plan must pay for the service; if the clinical peer determines that the service is not covered the Plan may deny the services.

**Standard Appeals**

If you are appealing an adverse precertification decision other than a retrospective post-claim review decision (i.e., an adverse prospective, concurrent or retrospective pre-claim review decision) or the denial of any prior approval required by the Plan, the Administrator will provide you with a written response indicating the Administrator’s decision within a reasonable period of time appropriate to the medical circumstances but not later than 30 calendar days of the date the Administrator receives your appeal request. If more information is needed to make a decision on your Appeal, the Administrator will send a written request for the information after receipt of the Appeal. No extensions of time for additional information may be taken on these Appeals without the permission of the Member. Therefore, the Administrator will make a decision based upon the available information if the additional information requested is not received.

If you are appealing any other type of adverse decision (including retrospective post-claim review decisions) and sufficient information is available to decide the Appeal, the Administrator will provide you with a written response indicating its’ decision within a reasonable period of time appropriate to the medical circumstances but not later than 30 calendar days from receipt of the Appeal request. If more information is needed to make a decision on your Appeal, the Administrator shall send a written request for the information after receipt of the Appeal. If the additional information requested is not received within 45 calendar days of the Appeal request, the Administrator shall conduct its review based upon the available information.
**Expedited Appeals**
An expedited appeal may be initiated orally, in writing, or by other reasonable means available to you or your Provider. Given the urgent nature of an expedited appeal, you are encouraged to request an expedited appeal orally. An expedited appeal is available only if the medical care for which coverage is being denied has not yet been rendered. The Administrator will complete expedited review of an appeal as soon as possible given the medical exigencies but no later than seventy-two hours (72 hours) after the Administrator’s receipt of the request and will communicate the Administrator’s decision by telephone to your attending Physician or the ordering Provider. The Administrator will also provide written notice of the Administrator’s determination to you, your attending Physician or ordering Provider, and the facility rendering the service.

You may request an expedited review for:

- Any claim for medical care or treatment with respect to which the application of the time periods for making non-urgent care determinations:
  1. Could seriously jeopardize your life or health or your ability to regain maximum function, or,
  2. In the opinion of a Physician with knowledge of your medical condition, would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

- Except as provided above, a claim involving urgent care is to be determined by an individual acting on behalf of the Plan applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine.

- Any claim that a Physician with knowledge of your medical condition determines is a claim involving urgent care.

**Exhaustion of Internal Appeals Process**
The internal appeal process must be exhausted prior to initiating an external review except in the following instances:

- The Administrator agrees to waive the exhaustion requirement; or
- You did not receive a written decision of the Administrator’s internal appeal within the required time frame; or
- The Administrator failed to meet all requirements of the internal appeal process unless the failure:
  1. Was de minimis (minor);
  2. Does not cause or is not likely to cause prejudice or harm to you;
  3. Was for good cause and beyond the Administrator’s control;
  4. Is not reflective of a pattern or practice of non-compliance; or
- An expedited external review is sought simultaneously with an expedited internal review.

**External Review**
Definitions as used in the External Review section include the following:

“**Adverse benefit determination**” means a decision by a health plan issuer:
- To deny, reduce, or terminate a requested health care service or payment in whole or in part, including all of the following:
A determination that the health care service does not meet the health plan issuer’s requirements for medical necessity, appropriateness, health care setting, level of care, or effectiveness, including experimental or investigational treatments;

- A determination of an individual’s eligibility for individual health insurance coverage, including coverage offered to individuals through a non employer group, to participate in a plan or health insurance coverage;
- A determination that a health care service is not a covered benefit;
- The imposition of an exclusion, including exclusions source of injury, network, or any other limitation on benefits that would otherwise be covered.

- Not to issue individual health insurance coverage to an applicant, including coverage offered to individuals through a non-employer group;
- To rescind coverage on a health benefit plan.

“Authorized representative” means an individual who represents a covered person in an internal appeal or external review process of an adverse benefit determination who is any of the following:

- A person to whom a covered individual has given express, written consent to represent that individual in an internal appeals process or external review process of an adverse benefit determination;
- A person authorized by law to provide substituted consent for a covered individual;
- A family member or a treating health care professional, but only when the covered person is unable to provide consent.

“Covered person” means a subscriber, enrollee, member, or individual covered by a health benefit plan. “Covered person” does include the covered person’s authorized representative with regard to an internal appeal or external review.

“Covered benefits” or “benefits” means those health care services to which a covered person is entitled under the terms of a health benefit plan.

“Final adverse benefit determination” means an adverse benefit determination that is upheld at the completion of a health plan issuer’s internal appeals process.

“Health benefit plan” means a benefit plan offered by an Employer to provide, deliver, arrange for, pay for, or reimburse any of the costs of health care services.

“Health care services” means services for the diagnosis, prevention, treatment, cure, or relief of a health condition, illness, injury, or disease.

“Health plan issuer” means an entity subject to the insurance laws and rules of this state, or subject to the jurisdiction of the superintendent of insurance, that contracts, or offers to contract to provide, deliver, arrange for, pay for, or reimburse any of the costs of health care services under a health benefit plan, including a sickness and accident insurance company, a health insuring corporation, a fraternal benefit society, a self-funded multiple employer welfare arrangement, or a nonfederal, government health plan. “Health plan issuer” includes a third party administrator to the extent that the benefits that such an entity is contracted to administer under a health benefit plan are subject to the insurance laws and rules of this state or subject to the jurisdiction of the superintendent. The “Health plan issuer” is also called the Administrator in this Benefit Booklet.

“Independent review organization” means an entity that is accredited to conduct independent external reviews of adverse benefit determinations.

“Rescission” or “to rescind” means a cancellation or discontinuance of coverage that has a retroactive effect. “Rescission” does not include a cancellation or discontinuance of coverage that has only a prospective effect or a cancellation or discontinuance of coverage that is effective retroactively to the extent it is attributable to a failure to timely pay required premiums or contributions towards the cost of coverage.
“Stabilize” means the provision of such medical treatment as may be necessary to assure, within reasonable medical probability that no material deterioration of a covered person’s medical condition is likely to result from or occur during a transfer, if the medical condition could result in any of the following:

- Placing the health of the covered person or, with respect to a pregnant woman, the health of the woman or her unborn child, in serious jeopardy;
  - Serious impairment to bodily functions;
  - Serious dysfunction of any bodily organ or part.
- In the case of a woman having contractions, “stabilize” means such medical treatment as may be necessary to deliver, including the placenta.

“Superintendent” means the superintendent of insurance.

Understanding the External Review Process

Under Chapter 3922 of the Ohio Revised Code all health plan issuers must provide a process that allows a person covered under a health benefit plan or a person applying for health benefit plan coverage to request an independent external review of an adverse benefit determination. This is a summary of that external review process. An adverse benefit determination is a decision by the Plan to deny benefits because services are not covered, are excluded, or limited under the plan, or the covered person is not eligible to receive the benefit.

The adverse benefit determination may involve an issue of medical necessity, appropriateness, health care setting, or level of care or effectiveness. An adverse benefit determination can also be a decision to deny health benefit plan coverage or to rescind coverage.

Opportunity for External Review

An external review may be conducted by an Independent Review Organization (IRO) or by the Ohio Department of Insurance. The covered person does not pay for the external review. There is no minimum cost of health care services denied in order to qualify for an external review. However, the covered person must generally exhaust the health plan issuer’s internal appeal process before seeking an external review. Exceptions to this requirement will be included in the notice of the adverse benefit determination.

External Review by an IRO - A covered person is entitled to an external review by an IRO in the following instances:

- The adverse benefit determination involves a medical judgment or is based on any medical information.
- The adverse benefit determination indicates the requested service is experimental or investigational, the requested health care service is not explicitly excluded in the covered person’s health benefit plan, and the treating physician certifies at least one of the following:
  - Standard health care services have not been effective in improving the condition of the covered person.
  - Standard health care services are not medically appropriate for the covered person.
  - No available standard health care service covered by the Plan is more beneficial than the requested health care service.

There are two types of IRO reviews, standard and expedited. A standard review is normally completed within 30 days. An expedited review for urgent medical situations is normally completed within 72 hours and can be requested if any of the following applies:

- The covered person’s treating physician certifies that the adverse benefit determination involves a medical condition that could seriously jeopardize the life or health of the covered person or would jeopardize the covered person’s ability to regain maximum function if treatment is delayed until after the time frame of an expedited internal appeal.
• The covered person’s treating physician certifies that the final adverse benefit determination involves a medical condition that could seriously jeopardize the life or health of the covered person or would jeopardize the covered person’s ability to regain maximum function if treatment is delayed until after the time frame of a standard external review.

• The final adverse benefit determination concerns an admission, availability of care, continued stay, or health care service for which the covered person received emergency services, but has not yet been discharged from a facility.

• An expedited internal appeal is already in progress for an adverse benefit determination of experimental or investigational treatment and the covered person’s treating physician certifies in writing that the recommended health care service or treatment would be significantly less effective if not promptly initiated.

Note: An expedited external review is not available for retrospective final adverse benefit determinations (meaning the health care service has already been provided to the covered person).

External Review by the Ohio Department of Insurance - A covered person is entitled to an external review by the Department in the either of the following instances:

• The adverse benefit determination is based on a contractual issue that does not involve a medical judgment or medical information.

• The adverse benefit determination for an emergency medical condition indicates that medical condition did not meet the definition of emergency AND the Administrator’s decision has already been upheld through an external review by an IRO.

Request for External Review
Regardless of whether the external review case is to be reviewed by an IRO or the Department of Insurance, the covered person, or an authorized representative, must request an external review through the Administrator within 180 days of the date of the notice of final adverse benefit determination issued by the Administrator. All requests must be in writing, except for a request for an expedited external review. Expedited external reviews may be requested electronically or orally; however written confirmation of the request must be submitted to the Administrator no later than five (5) days after the initial request. The covered person will be required to consent to the release of applicable medical records and sign a medical records release authorization.

If the request is complete the Administrator will initiate the external review and notify the covered person in writing, or immediately in the case of an expedited review, that the request is complete and eligible for external review. The notice will include the name and contact information for the assigned IRO or the Ohio Department of Insurance (as applicable) for the purpose of submitting additional information. When a standard review is requested, the notice will inform the covered person that, within 10 business days after receipt of the notice, they may submit additional information in writing to the IRO or the Ohio Department of Insurance (as applicable) for consideration in the review. The Administrator will also forward all documents and information used to make the adverse benefit determination to the assigned IRO or the Ohio Department of Insurance (as applicable).

If the request is not complete the Administrator will inform the covered person in writing and specify what information is needed to make the request complete. If the Administrator determines that the adverse benefit determination is not eligible for external review, the Administrator must notify the covered person in writing and provide the covered person with the reason for the denial and inform the covered person that the denial may be appealed to the Ohio Department of Insurance.

The Ohio Department of Insurance may determine the request is eligible for external review regardless of the decision by the Administrator and require that the request be referred for external review. The Department's decision will be made in accordance with the terms of the health benefit plan and all applicable provisions of the law.
IRO Assignment
When the Administrator initiates an external review by an IRO, the Ohio Department of Insurance web based system randomly assigns the review to an accredited IRO that is qualified to conduct the review based on the type of health care service. An IRO that has a conflict of interest with the Administrator, the covered person, the health care provider or the health care facility will not be selected to conduct the review.

IRO Review and Decision
The IRO must consider all documents and information considered by the Administrator in making the adverse benefit determination, any information submitted by the covered person and other information such as; the covered person’s medical records, the attending health care professional’s recommendation, consulting reports from appropriate health care professionals, the terms of coverage under the health benefit plan, the most appropriate practice guidelines, clinical review criteria used by the health plan issuer or its utilization review organization, and the opinions of the IRO’s clinical reviewers.

The IRO will provide a written notice of its decision within 30 days of receipt by the Administrator of a request for a standard review or within 72 hours of receipt by the Administrator of a request for an expedited review. This notice will be sent to the covered person, the Administrator and the Ohio Department of Insurance and must include the following information:

- A general description of the reason for the request for external review.
- The date the independent review organization was assigned by the Ohio Department of Insurance to conduct the external review.
- The dates over which the external review was conducted.
- The date on which the independent review organization's decision was made.
- The rationale for its decision.
- References to the evidence or documentation, including any evidence-based standards, that was used or considered in reaching its decision.

Note: Written decisions of an IRO concerning an adverse benefit determination that involves a health care treatment or service that is stated to be experimental or investigational also includes the principle reason(s) for the IRO’s decision and the written opinion of each clinical reviewer including their recommendation and their rationale for the recommendation.

Binding Nature of External Review Decision
An external review decision is binding on the Plan except to the extent the Administrator has other remedies available under state law. The decision is also binding on the covered person except to the extent the covered person has other remedies available under applicable state or federal law. A covered person may not file a subsequent request for an external review involving the same adverse benefit determination that was previously reviewed unless new medical or scientific evidence is submitted to the Administrator.

COORDINATION OF BENEFITS (COB)

This Coordination of Benefits (COB) provision applies when You have health care coverage under more than one Plan.

Please note that several terms specific to this provision are listed below. Some of these terms have different meanings in other parts of the Benefit Booklet, e.g., Plan. For this provision only, "Plan" will have the meanings as specified below. In the rest of the Benefit Booklet, Plan has the meaning listed in the Definitions section.

The order of benefit determination rules determine the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits according to its policy terms regardless of the possibility that another Plan may cover some expenses. The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable expense.

The Allowable expense under COB is generally the higher of the Primary and Secondary Plans' allowable amounts. A Network Provider can bill You for any remaining Coinsurance, Deductible and/or Copayment under the higher of the Plans' allowable amounts. This higher allowable amount may be more than the Plan's Maximum Allowable Amount.

COB DEFINITIONS

Plan is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts.

1. Plan includes: Group and non group insurance contracts and subscriber contracts; Health Maintenance Organization (HMO) contracts; uninsured arrangements of group or group-type coverage; coverage under group or non group closed panel plans; group-type contracts; medical care components of long term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts (whether “fault” or “no fault”); other governmental benefits, except for Medicare, Medicaid or a government plan that, by law, provides benefits that are in excess of those of any private insurance plan or other non-governmental plan.

2. Plan does not include: Accident only coverage; specified disease or specified accident coverage; limited health benefit coverage; benefits for non-medical components of long term care policies; Hospital indemnity coverage benefits or other fixed indemnity coverage; school accident-type coverages covering grammar, high school, and college students for accidents only, including athletic injuries, either on a twenty-four (24) hour or "to and from school" basis; and Medicare supplement policies.

Each contract for coverage under items 1. or 2. above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

This Plan means the part of the contract providing health care benefits that the COB provision applies to and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

The order of benefit determination rules determine whether This Plan is a Primary Plan or Secondary Plan when You have health care coverage under more than one Plan.
When This Plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable expense.

**Allowable expense** is a health care expense, including Deductibles, Coinsurance and Copayments, that is covered at least in part by any Plan covering You. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable expense and a benefit paid. An expense that is not covered by any Plan covering You is not an Allowable expense. In addition, any expense that a Provider by law or in accordance with a contractual agreement is prohibited from charging You is not an Allowable expense; however, if a Provider has a contractual agreement with both the Primary and Secondary Plans, then the higher of the contracted fees is the Allowable expense, and the Provider may charge up to the higher contracted fee.

The following are non Allowable expenses:
1. The difference between the cost of a semi-private Hospital room and a private Hospital room is not an Allowable expense, unless one of the Plans provides coverage for private Hospital room expenses.
2. If You are covered by 2 or more Plans that calculate their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement method or other similar reimbursement methods, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable expense.
3. If You are covered by 2 or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable expense.
4. If You are covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement method and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement will be the Allowable expense for all Plans. However, if the Provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the Provider's contract permits, the negotiated fee or payment will be the Allowable expense used by the Secondary Plan to determine its benefits.
5. The amount that is subject to the Primary high-Deductible health plan's Deductible, if the Claims Administrator has been advised by You that all Plans covering You are high-Deductible health plans and You intend to contribute to a health savings account established in accordance with Section 223 of the Internal Revenue Code of 1986.
6. Any amounts incurred or claims made under the Prescription Drug program of This Plan.

**Closed panel plan** is a Plan that provides health care benefits primarily in the form of services through a panel of Providers that contract with or are employed by the Plan, and that excludes coverage for services provided by other Providers, except in cases of emergency or referral by a panel member.

**Custodial parent** is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

**ORDER OF BENEFIT DETERMINATION RULES**

When You are covered by two or more Plans, the rules for determining the order of benefit payments are:

The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other Plan.

1. Except as provided in Paragraph 2. below, a Plan that does not contain a Coordination of Benefits provision that is consistent with this COB provision is always primary unless the provisions of both
Plans state that the complying Plan is primary.

2. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage will be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are placed over base plan Hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed panel plan to provide Out-of-Network benefits.

A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.

Each Plan determines its order of benefits using the first of the following rules that apply:

Rule 1 - Non-Dependent or Dependent. The Plan that covers You other than as a Dependent, for example as an Employee, Member, policyholder, subscriber or retiree is the Primary Plan, and the Plan that covers You as a Dependent is the Secondary Plan. However, if You are a Medicare beneficiary and, as a result of Federal law, Medicare is secondary to the Plan covering You as a Dependent and primary to the Plan covering You as other than a Dependent (e.g., a retired employee), then the order of benefits between the two Plans is reversed so that the Plan covering You as an Employee, Member, policyholder, subscriber or retiree is the Secondary Plan and the other Plan covering You as a Dependent is the Primary Plan.

Rule 2 - Dependent Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a Dependent child is covered by more than one Plan the order of benefits is determined as follows:

1. For a Dependent child whose parents are married or are living together, whether or not they have ever been married:
   - the Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or
   - if both parents have the same birthday, the Plan that has covered the parent the longest is the Primary Plan.

2. For a Dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
   - if a court decree states that one of the parents is responsible for the Dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to plan years commencing after the Plan is given notice of the court decree;
   - if a court decree states that both parents are responsible for the Dependent child's health care expenses or health care coverage, the provisions of 1. above will determine the order of benefits;
   - if a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the Dependent child, the provisions of 1. above will determine the order of benefits; or
   - if there is no court decree assigning responsibility for the Dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
     - the Plan covering the custodial parent;
     - the Plan covering the Spouse of the custodial parent;
     - the Plan covering the non-custodial parent; and then
     - the Plan covering the Spouse of the non-custodial parent.

3. For a Dependent child covered under more than one Plan of individuals who are not the parents of the child, the provisions of items 1. or 2. above will determine the order of benefits as if those individuals were the parents of the child.

4. For a Dependent child who has coverage under either or both parents’ plans and also has his or her own coverage as a dependent under a spouses plan, Rule 5 applies. In the event the Dependent child's coverage under the spouse's plan began on the same date as the Dependent child's coverage under either or both parents' plans, the order of benefits will be determined by applying the birthday rule in item 1 above to the Dependent child’s parent(s) and the Dependent’s spouse.
**Rule 3 - Active Employee or Retired or Laid-off Employee.** The Plan that covers You as an active Employee, that is, an Employee who is neither laid off nor retired, is the Primary Plan. The Plan also covering You as a retired or laid-off Employee is the Secondary Plan. The same would hold true if You are a Dependent of an active Employee and You are a Dependent of a retired or laid-off Employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if “Rule 1 - Non-Dependent or Dependent” can determine the order of benefits.

**Rule 4 - COBRA.** If You are covered under COBRA or under a right of continuation provided by other Federal law and are covered under another Plan, the Plan covering You as an Employee, Member, subscriber or retiree or covering You as a Dependent of an Employee, Member, subscriber or retiree is the Primary Plan and the COBRA or other Federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if “Rule 1 - Non-Dependent or Dependent” can determine the order of benefits. This rule does not apply when the person is covered either: (a) as a non-Dependent under both Plans (i.e. the person is covered under a right of continuation as a qualified beneficiary who, on the day before a qualifying event, was covered under the group health plan as an Employee or as a retired Employee and is covered under his or her own Plan as an Employee, Member, subscriber or retiree); or (b) as a Dependent under both plans (i.e. the person is covered under a right of continuation as a qualified beneficiary who, on the day before a qualifying event, was covered under the group health plan as a Dependent of an Employee, Member or subscriber or retired Employee and is covered under the other plan as a Dependent of an Employee, Member, subscriber or retiree).

**Rule 5 - Longer or Shorter Length of Coverage.** The Plan that covered You longer is the Primary Plan and the Plan that covered You the shorter period of time is the Secondary Plan.

**Rule 6 -** If the preceding rules do not determine the order of benefits, the Allowable expenses will be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

**EFFECT ON THE BENEFITS OF THIS PLAN**

When a Member is covered under two or more Plans which together pay more than this Plan's benefits, the Plan will pay this Plan's benefits according to the Order of Benefit Determination Rules. This Plan's benefit payments will not be affected when it is Primary. However, when this Plan is Secondary under the Order of Benefit Determination Rules, benefits payable by this Plan will be reduced by the combined benefits of all other Plans covering You or Your Dependent.

When the benefits of this Plan are reduced, each benefit is reduced in proportion. It is then charged against any applicable benefit limit of this Plan. If this Plan is secondary, the combined benefits of this Plan and the other Plan will never exceed what would have been provided by this Plan if primary. No benefits will be provided by this Plan when the amount paid by the other Plan is equal to or greater than the amount this Plan would have paid if Primary.

If You are enrolled in two or more Closed panel plans and if, for any reason, including the provision of service by a non-panel Provider, benefits are not payable by one Closed panel plan, COB will not apply between that Plan and other Closed panel plans.

**RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION**

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under This Plan and other Plans. The Claims Administrator may get the facts it needs from, or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and other Plans covering the person claiming benefits. The
Claims Administrator need not tell, or get the consent of, any person to do this. Each person claiming benefits under This Plan must give the Claims Administrator any facts the Claims Administrator needs to apply those rules and determine benefits payable.

FACILITY OF PAYMENT

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, This Plan may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Plan. This Plan will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

RIGHT OF RECOVERY

If the amount of the payments made by This Plan is more than should have paid under this COB provision, the Plan may recover the excess from one or more of the persons:
1. the Plan has paid or for whom the Plan have paid; or
2. any other person or organization that may be responsible for the benefits or services provided for the Member.

The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

When a Covered Person Qualifies for Medicare

Determining Which Plan is Primary
To the extent permitted by law, this Plan will pay Benefits second to Medicare when You become eligible for Medicare, even if You don't elect it. There are, however, Medicare-eligible individuals for whom the Plan pays Benefits first and Medicare pays benefits second:
- Subscribers with active current employment status age 65 or older and their Spouses age 65 or older; and
- individuals with end-stage renal disease, for a limited period of time.

Determining the Allowable Expense When This Plan is Secondary to Medicare
If this Plan is secondary to Medicare, the Medicare approved amount is the Allowable Expense, as long as the Provider accepts Medicare. If the Provider does not accept Medicare, the Medicare limiting charge (the most a Provider can charge You if they don't accept Medicare) will be the Allowable Expense. Medicare payments, combined with Plan Benefits, will not exceed 100% of the total Allowable Expense.

If You are eligible for, but not enrolled in, Medicare, and this Plan is secondary to Medicare, Benefits payable under this Plan will be reduced by the amount that would have been paid if You had been enrolled in Medicare.
SUBROGATION AND REIMBURSEMENT

These provisions apply when the Plan pays benefits as a result of injuries or illnesses You sustained and You have a right to a Recovery or have received a Recovery from any source.

Recovery
A “Recovery” includes, but is not limited to, monies received from any person or party, any person’s or party’s liability insurance, uninsured/underinsured motorist proceeds, workers’ compensation insurance or fund, “no-fault” insurance and/or automobile medical payments coverage, whether by lawsuit, settlement or otherwise. Regardless of how You or Your representative or any agreements characterize the money You receive as a Recovery, it shall be subject to these provisions.

Subrogation
The Plan has the right to recover payments it makes on Your behalf from any party responsible for compensating You for Your illnesses or injuries. The following apply:
- The Plan has first priority from any Recovery for the full amount of benefits it has paid regardless of whether You are fully compensated, and regardless of whether the payments You receive make You whole for Your losses, illnesses and/or injuries.
- You and Your legal representative must do whatever is necessary to enable the Plan to exercise the Plan’s rights and do nothing to prejudice those rights.
- In the event that You or Your legal representative fails to do whatever is necessary to enable the Plan to exercise its subrogation rights, the Plan shall be entitled to deduct the amount the Plan paid from any future benefits under the Plan.
- The Plan has the right to take whatever legal action it sees fit against any person, party or entity to recover the benefits paid under the Plan.
- To the extent that the total assets from which a Recovery is available are insufficient to satisfy in full the Plan’s subrogation claim and any claim held by You, the Plan’s subrogation claim shall be first satisfied before any part of a Recovery is applied to Your claim, Your attorney fees, other expenses or costs.
- The Plan is not responsible for any attorney fees, attorney liens, other expenses or costs You incur. The “common fund” doctrine does not apply to any funds recovered by any attorney You hire regardless of whether funds recovered are used to repay benefits paid by the Plan.

Reimbursement
If You obtain a Recovery and the Plan has not been repaid for the benefits the Plan paid on Your behalf, the Plan shall have a right to be repaid from the Recovery in the amount of the benefits paid on Your behalf and the following provisions will apply:
- You must promptly reimburse the Plan from any Recovery to the extent of benefits the Plan paid on Your behalf regardless of whether the payments You receive make You whole for Your losses, illnesses and/or injuries.
- Notwithstanding any allocation or designation of Your Recovery (e.g., pain and suffering) made in a settlement agreement or court order, the Plan shall have a right of full recovery, in first priority, against any Recovery. Further, the Plan’s rights will not be reduced due to Your negligence.
- You and Your legal representative must hold in trust for the Plan the proceeds of the gross Recovery (i.e., the total amount of Your Recovery before attorney fees, other expenses or costs) to be paid to the Plan immediately upon Your receipt of the Recovery. You and Your legal representative acknowledge that the portion of the Recovery to which the Plan’s equitable lien applies is a Plan asset.
- Any Recovery You obtain must not be dissipated or disbursed until such time as the Plan has been repaid in accordance with these provisions.
- You must reimburse the Plan, in first priority and without any set-off or reduction for attorney fees, other expenses or costs. The “common fund” doctrine does not apply to any funds recovered by any attorney You hire regardless of whether funds recovered are used to repay benefits paid by the Plan.
• If You fail to repay the Plan, the Plan shall be entitled to deduct any of the unsatisfied portion of the amount of benefits the Plan has paid or the amount of Your Recovery whichever is less, from any future benefit under the Plan if:
  1. The amount the Plan paid on Your behalf is not repaid or otherwise recovered by the Plan; or
  2. You fail to cooperate.
• In the event that You fail to disclose the amount of Your settlement to the Plan, the Plan shall be entitled to deduct the amount of the Plan's lien from any future benefit under the Plan.
• The Plan shall also be entitled to recover any of the unsatisfied portion of the amount the Plan has paid or the amount of Your Recovery, whichever is less, directly from the Providers to whom the Plan has made payments on Your behalf. In such a circumstance, it may then be Your obligation to pay the Provider the full billed amount, and the Plan will not have any obligation to pay the Provider or reimburse You.
• The Plan is entitled to reimbursement from any Recovery, in first priority, even if the Recovery does not fully satisfy the judgment, settlement or underlying claim for damages or fully compensate You or make You whole.

Your Duties
• You must promptly notify the Plan of how, when and where an accident or incident resulting in personal injury or illness to You occurred, all information regarding the parties involved and any other information requested by the Plan.
• You must cooperate with the Plan in the investigation, settlement and protection of the Plan's rights. In the event that You or Your legal representative fails to do whatever is necessary to enable the Plan to exercise its subrogation or reimbursement rights, the Plan shall be entitled to deduct the amount the Plan paid from any future benefits under the Plan.
• You must not do anything to prejudice the Plan's rights.
• You must send the Plan copies of all police reports, notices or other papers received in connection with the accident or incident resulting in personal injury or illness to You.
• You must promptly notify the Plan if You retain an attorney or if a lawsuit is filed on Your behalf.
• You must immediately notify the Plan if a trial is commenced, if a settlement occurs or if potentially dispositive motions are filed in a case.

The Plan Sponsor has sole discretion to interpret the terms of the Subrogation and Reimbursement provision of this Plan in its entirety and reserves the right to make changes as it deems necessary.

If the covered person is a minor, any amount recovered by the minor, the minor’s trustee, guardian, parent, or other representative, shall be subject to this provision. Likewise, if the covered person’s relatives, heirs, and/or assignees make any Recovery because of injuries sustained by the covered person, that Recovery shall be subject to this provision.

The Plan is entitled to recover its attorney’s fees and costs incurred in enforcing this provision.

The Plan shall be secondary in coverage to any medical payments provision, no-fault automobile insurance policy or personal injury protection policy regardless of any election made by You to the contrary. The Plan shall also be secondary to any excess insurance policy, including, but not limited to, school and/or athletic policies.
GENERAL INFORMATION

Entire Agreement
This Benefit Booklet, the Administrative Services Agreement, the Employer’s application, any Riders, Endorsements or attachments, and the individual applications of the Subscribers and Members, if any, constitute the entire agreement between the Claims Administrator and the Employer and as of the Effective Date, supersede all other agreements between the parties. Any and all statements made to the Claims Administrator by the Employer, and any and all statements made to the Employer by the Claims Administrator, are representations and not warranties, and no such statement unless it is contained in a written application for coverage under the Plan, shall be used in defense to a claim under the Plan.

Form or Content of Benefit Booklet
No agent or Employee of the Claims Administrator is authorized to change the form or content of this Benefit Booklet. Such changes can be made only through an endorsement authorized and signed by an officer of the Employer.

Circumstances Beyond the Control of the Plan
The Claims Administrator shall make a good-faith effort to arrange for an alternative method of administering benefits. In the event of circumstances not within the control of the Claims Administrator or Employer, including but not limited to: a major disaster, epidemic, the complete or partial destruction of facilities, riot, civil insurrection, labor disputes not within the control of the Claims Administrator, disability of a significant part of a Network Provider’s personnel or similar causes, or the rendering of health care services provided by the Plan is delayed or rendered impractical, the Claims Administrator shall make a good-faith effort to arrange for an alternative method of administering benefits. In such event, the Claims Administrator and Network Providers shall administer and render services under the Plan insofar as practical, and according to their best judgment; but the Claims Administrator and Network Providers shall incur no liability or obligation for delay, or failure to administer or arrange for services if such failure or delay is caused by such an event.

Protected Health Information Under HIPAA
The Health Insurance Portability and Accountability Act of 1996 (HIPAA), and the Privacy Regulations issued under HIPAA, contain provisions designed to protect the privacy of certain individually identifiable health information. Your Employer’s Group Health Plan has a responsibility under the HIPAA Privacy Regulations to provide You with a Notice of Privacy Practices. This notice sets forth the Employer’s rules regarding the disclosure of Your information and details about a number of individual rights You have under the Privacy Regulations. As the Claims Administrator of Your Employer’s Plan, Anthem has also adopted a number of privacy practices and has described those in its Privacy Notice. If You would like a copy of Anthem’s Notice, contact the Member Services number on Your Identification Card.

Workers’ Compensation
The benefits under the Plan are not designed to duplicate any benefit for which Members are eligible under the Workers’ Compensation Law. All sums paid or payable by Workers’ Compensation for services provided to a Member shall be reimbursed by, or on behalf of, the Member to the Plan to the extent the Plan has made or makes payment for such services. It is understood that coverage hereunder is not in lieu of, and shall not affect, any requirements for coverage under Workers’ Compensation or equivalent Employer liability or indemnification law.

Other Government Programs
Except insofar as applicable law would require the Plan to be the primary payer, the benefits under the Plan shall not duplicate any benefits to which Members are entitled, or for which they are eligible under any other governmental program. To the extent the Plan has duplicated such benefits, all sums payable under such programs for services to Members shall be paid by or on behalf of the Member to the Plan.
Medicare Program
When You are eligible for the Medicare program and Medicare is allowed by Federal law to be the primary payer, the benefits described in this Benefit Description will be reduced by the amount of benefits allowed under Medicare for the same Covered Services. This reduction will be made whether or not You actually receive the benefits from Medicare. For the purposes of the calculation of benefits, if the Member has not enrolled in Medicare Part B, the Plan will calculate benefits as if they had enrolled.

- **If You Are Under Age 65 With End Stage Renal Disease (ESRD)**
  If You are under age 65 and eligible for Medicare only because of ESRD (permanent kidney failure), the Plan will provide the benefits described in this Benefit Description before Medicare benefits. This includes the Medicare “three month waiting period” and the additional 30 months after the Medicare effective date. After 33 months, the benefits described in this Benefit Description will be reduced by the amount that Medicare allows for the same Covered Services.

- **If You Are Under Age 65 With Other Disability**
  If You are under age 65 and eligible for Medicare only because of a disability other than ESRD, the Plan will provide the benefits described in this Benefit Description before Medicare benefits. This is the case only if You are the actively employed Subscriber or the enrolled Spouse or child of the actively employed Subscriber.

- **If You Are Age 65 or Older**
  If You are age 65 or older and eligible for Medicare only because of age, the Plan will provide the benefits described in this Benefit Description before Medicare. This can be the case only if You are an actively employed Subscriber or the enrolled Spouse of the actively employed Subscriber.

Right of Recovery and Adjustment
Whenever payment has been made in error, the Plan will have the right to recover such payment from You or, if applicable, the Provider or otherwise make appropriate adjustment to claims. In most instances such recovery or adjustment activity shall be limited to the calendar year in which the error is discovered.

The Claims Administrator has oversight responsibility for compliance with Provider and vendor contracts. The Claims Administrator may enter into a settlement or compromise regarding enforcement of these contracts and may retain any recoveries made from a Provider or vendor resulting from these audits if the return of the overpayment is not feasible. Additionally, The Claims Administrator has established recovery and adjustment policies to determine which recoveries and adjustments are to be pursued, when to incur costs and expenses and settle or compromise recovery or adjustment amounts. The Claims Administrator will not pursue recoveries for overpayments or adjustments for underpayments if the cost of the activity exceeds the overpayment or underpayment amount.

Relationship of Parties (Employer-Member-Claims Administrator)
Neither the Employer nor any Member is the agent or representative of the Claims Administrator.

The Employer is fiduciary agent of the Member. The Claims Administrator’s notice to the Employer will constitute effective notice to the Member. It is the Employer’s duty to notify the Claims Administrator of eligibility data in a timely manner. The Claims Administrator is not responsible for payment of Covered Services of Members if the Employer fails to provide the Claims Administrator with timely notification of Member enrollments or terminations.

Relationship of Parties (Claims Administrator - Network Providers)
The relationship between the Claims Administrator and Network Providers is an independent contractor relationship. Network Providers are not agents or employees of the Claims Administrator, nor is the Claims Administrator, or any employee of the Claims Administrator, an employee or agent of Network Providers.
Your Network Provider’s agreement for providing Covered Services may include financial incentives or risk sharing relationships related to provision of services or referrals to other Providers, including Network Providers, Out-of-Network Providers, and disease management programs. If you have questions regarding such incentives or risk sharing relationships, please contact your Provider or the Claims Administrator.

**Community Insurance Company Note**

The Employer, on behalf of itself and its Members, hereby expressly acknowledges its understanding that the Administrative Services Agreement (which includes this Benefit Booklet) constitutes a contract solely between the Employer and Community Insurance Company (Anthem), and that Anthem is an independent corporation licensed to use the Blue Cross and Blue Shield names and marks in the State of Ohio. The Blue Cross and Blue Shield marks are registered by the Blue Cross and Blue Shield Association, an association of independently licensed Blue Cross and Blue Shield plans, with the U.S. Patent and Trademark Office in Washington, D.C. and in other countries. Further, Anthem is not contracting as the agent of the Blue Cross and Blue Shield Association or any other Blue Cross and/or Blue Shield Plan or licensee. This paragraph shall not create any additional obligations whatsoever on the part of Anthem other than those obligations created under other provisions of the Administrative Services Agreement or this Benefit Booklet.

**Notice**

Any notice given under the Plan shall be in writing. The notices shall be sent to: The Employer at its principal place of business and/or to You at the Subscriber’s address as it appears on the records or in care of the Employer.

**Modifications or Changes in Coverage**

The Plan Sponsor may change the benefits described in this Benefit Booklet and the Member will be informed of such changes as required by law. This Benefit Booklet shall be subject to amendment, modification, and termination in accordance with any of its provisions by the Employer, or by mutual agreement between the Claims Administrator and the Employer without the consent or concurrence of any Member. By electing medical and Hospital benefits under the Plan or accepting the Plan benefits, all Members legally capable of contracting, and the legal representatives of all Members incapable of contracting, agree to all terms, conditions, and provisions hereof.

**Fraud**

Fraudulent statements on Plan enrollment forms or on electronic submissions will invalidate any payment or claims for services and be grounds for voiding the Member’s coverage.

**Acts Beyond Reasonable Control (Force Majeure)**

Should the performance of any act required by this coverage be prevented or delayed by reason of any act of God, strike, lock-out, labor troubles, restrictive government laws or regulations, or any other cause beyond a party’s control, the time for the performance of the act will be extended for a period equivalent to the period of delay, and non-performance of the act during the period of delay will be excused. In such an event, however, all parties shall use reasonable efforts to perform their respective obligations.

The Claims Administrator will adhere to the Plan Sponsor’s instructions and allow the Plan Sponsor to meet all of the Plan Sponsor’s responsibilities under applicable state and Federal law. It is the Plan Sponsor’s responsibility to adhere to all applicable state and Federal laws and the Claims Administrator does not assume any responsibility for compliance.

**Conformity with Law**

Any provision of the Plan which is in conflict with the applicable Federal laws and regulations is hereby amended to conform with the minimum requirements of such laws.
Clerical Error
Clerical error, whether of the Claims Administrator or the Employer, in keeping any record pertaining to this coverage will not invalidate coverage otherwise validly in force or continue benefits otherwise validly terminated.

Policies and Procedures
The Claims Administrator, on behalf of the Employer, may adopt reasonable policies, procedures, rules and interpretations to promote the orderly and efficient administration of the Plan with which a Member shall comply.

Under the terms of the Administrative Service Agreement with Your Employer, the Claims Administrator has the authority, at its discretion, to institute from time to time, utilization management, care management, disease management or wellness pilot initiatives in certain designated geographic areas. These pilot initiatives are part of the Claims Administrator's ongoing effort to find innovative ways to make available high quality and more affordable healthcare. A pilot initiative may affect some, but not all Members under the Plan. These programs will not result in the payment of benefits which are not provided in the Employer's Group Health Plan, unless otherwise agreed to by the Employer. The Claim's Administrator reserves the right to discontinue a pilot initiative at any time without advance notice to the Employer.

Value-Added Programs
The Claims Administrator may offer health or fitness related programs to Members, through which You may access discounted rates from certain vendors for products and services available to the general public. Products and services available under this program are not Covered Services under the Plan but are in addition to plan benefits. As such, program features are not guaranteed under Your Employer's Group health Plan and could be discontinued at any time. The Claims Administrator does not endorse any vendor, product or service associated with this program. Program vendors are solely responsible for the products and services You receive.

Waiver
No agent or other person, except an authorized officer of the Employer, has authority to waive any conditions or restrictions of the Plan, to extend the time for making a payment to the Plan, or to bind the Plan by making any promise or representation or by giving or receiving any information.

Employer's Sole Discretion
The Employer may, in its sole discretion, cover services and supplies not specifically covered by the Plan. This applies if the Employer, with advice from the Claims Administrator, determines such services and supplies are in lieu of more expensive services and supplies which would otherwise be required for the care and treatment of a Member.

Reservation of Discretionary Authority
The Claims Administrator shall have all the powers necessary or appropriate to enable it to carry out its duties in connection with the operation of the Plan and interpretation of the Benefit Booklet. This includes, without limitation, the power to construe the Administrative Services Agreement, to determine all questions arising under the Plan, to resolve Member appeals and to make, establish and amend the rules, regulations and procedures with regard to the interpretation of the Benefit Booklet of the Plan. A specific limitation or exclusion will override more general benefit language. Anthem has complete discretion to interpret the Benefit Booklet. The Claims Administrator's determination shall be final and conclusive and may include, without limitation, determination of whether the services, treatment, or supplies are Medically Necessary, Experimental/Investigative, whether surgery is cosmetic, and whether charges are consistent with the Plan's Maximum Allowed Amount. A Member may utilize all applicable appeals procedures.
**Governmental Health Care Programs**
Under Federal law, for groups with 20 or more Employees, all active Employees (regardless of age) can remain on the Group’s Health Plan and receive group benefits as primary coverage. Also, Spouses (regardless of age) of active Employees can remain on the Group’s Health Plan and receive group benefits as primary coverage. Direct any questions about Medicare eligibility and enrollment to Your local Social Security Administration office.

**Medical Policy and Technology Assessment**
The Claims Administrator reviews and evaluates new technology according to its technology evaluation criteria developed by its medical directors. Technology assessment criteria are used to determine the Experimental/Investigational status or Medical Necessity of new technology. Guidance and external validation of the Claims Administrator’s medical policy is provided by the Medical Policy and Technology Assessment Committee (MPTAC) which consists of approximately 20 Physicians from various medical specialties including the Claims Administrator’s medical directors, Physicians in academic medicine and Physicians in private practice.

Conclusions made are incorporated into medical policy used to establish decision protocols for particular diseases or treatments and applied to Medical Necessity criteria used to determine whether a procedure, service, supply or equipment is covered.

**Payment Innovation Programs**
The Claims Administrator pays Network Providers through various types of contractual arrangements. Some of these arrangements – Payment Innovation Programs (Program(s)) – may include financial incentives to help improve quality of care and promote the delivery of health care services in a cost-efficient manner.

These Programs may vary in methodology and subject area of focus and may be modified by the Claims Administrator from time to time, but they will be generally designed to tie a certain portion of a Network Provider’s total compensation to pre-defined quality, cost, efficiency or service standards or metrics. In some instances, Network Providers may be required to make payment to the Claims Administrator under the Program as a consequence of failing to meet these pre-defined standards.

The Programs are not intended to affect Your access to health care. The Program payments are not made as payment for specific Covered Services provided to You, but instead, are based on the Network Provider’s achievement of these pre-defined standards. You are not responsible for any Copayment or Coinsurance amounts related to payments made by or to the Claims Administrator under the Program(s), and You do not share in any payments made by Network Providers to the Claims Administrator under the Program(s).

**Care Coordination**
The Plan pays Network Providers in various ways to provide Covered Services to You. For example, sometimes the Plan may pay Network Providers a separate amount for each Covered Service they provide. The Plan may also pay them one amount for all Covered Services related to treatment of a medical condition. Other times, the Plan may pay a periodic, fixed pre-determined amount to cover the costs of Covered Services. In addition, the Plan may pay Network Providers financial incentives or other amounts to help improve quality of care and/or promote the delivery of health care services in a cost-efficient manner, or compensate Network Providers for coordination of Member care. In some instances, Network Providers may be required to make payment to the Plan because they did not meet certain standards. You do not share in any payments made by Network Providers to the Plan under these programs.
Program Incentives
The Plan may offer incentives from time to time, at its discretion, in order to introduce You to covered programs and services available under this Plan. The purpose of these incentives include, but is not limited to, making You aware of cost effective benefit options or services, helping You achieve Your best health, and encouraging You to update member-related information. These incentives may be offered in various forms such as retailer coupons, gift cards, health related merchandise, and discounts on fees or Member cost shares. Acceptance of these incentives is voluntary as long as the Plan offers the incentives program. The Plan may discontinue an incentive for a particular covered program or service at any time. If You have any questions about whether receipt of an incentive or retailer coupon results in taxable income to You, it is recommended that You consult Your tax advisor.
WHEN COVERAGE TERMINATES

Termination of Coverage (Individual)
Membership for You and Your enrolled family members may be continued as long as You are employed by the Employer and meet eligibility requirements. It ceases if Your employment ends, if You no longer meet eligibility requirements, if the Plan ceases, or if You fail to make any required contribution toward the cost of Your coverage. In any case, Your coverage would end at the expiration of the period covered by Your last contribution.

Coverage of an enrolled child ceases at the end of the month when the child attains the age limit shown in the Eligibility section. Coverage of a disabled child over age 26 ceases if the child is found to be no longer totally or permanently disabled.

Coverage of the Spouse of a Subscriber terminates automatically as of the date of divorce or death.

Continuation of Coverage (Federal Law-COBRA)
If Your coverage ends under the Plan, You may be entitled to elect continuation coverage in accordance with Federal law. If Your Employer normally employs 20 or more people, and Your employment is terminated for any reason other than gross misconduct You may elect from 18-36 months of continuation benefits. You should contact Your Employer if You have any questions about Your COBRA rights.

Qualifying Events for Continuation Coverage Under Federal Law (COBRA)
COBRA continuation coverage is available when Your group coverage would otherwise end because of certain “qualifying events.” After a qualifying event, COBRA continuation coverage must be offered to each person who is a “qualified beneficiary.” You, Your Spouse and Your Dependent children could become qualified beneficiaries if covered on the day before the qualifying event and group coverage would be lost because of the qualifying event. Qualified beneficiaries who elect COBRA must pay for this COBRA continuation coverage.

This benefit entitles each member of Your family who is enrolled in the company’s Employee welfare benefit plan to elect continuation independently. Each qualified beneficiary has the right to make independent benefit elections at the time of annual enrollment. Covered Subscribers may elect COBRA continuation coverage on behalf of their Spouses, and parents or legal guardians may elect COBRA continuation coverage on behalf of their children. A child born to, or placed for adoption with, a covered Subscriber during the period of continuation coverage is also eligible for election of continuation coverage.

Continuation coverage stops before the end of the maximum continuation period if the Member becomes entitled to Medicare benefits. If a continuing beneficiary becomes entitled to Medicare benefits, then a qualified beneficiary – other than the Medicare beneficiary – is entitled to continuation coverage for no more than a total of 36 months. (For example, if You become entitled to Medicare prior to termination of employment or reduction in hours, COBRA continuation coverage for Your Spouse and children can last up to 36 months after the date of Medicare entitlement.)

If You are a retiree under this Plan, filing a proceeding in bankruptcy under Title 11 of the United States Code may be a qualifying event. If a proceeding in bankruptcy is filed with respect to Your Employer, and that bankruptcy results in the loss of coverage, You will become a qualified beneficiary with respect to the bankruptcy. Your surviving Spouse and Dependent children will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under this Plan. If COBRA coverage becomes available to a retiree and his or her covered family members as a result of a bankruptcy filing, the retiree may continue coverage for life. His or her Spouse and Dependents may continue coverage for a maximum period of up to 36 months following the date of the retiree’s death.

**Second Qualifying Event**

If Your family has another qualifying event (such as a legal separation, divorce, etc.) during the initial 18 months of COBRA continuation coverage, Your Spouse and Dependent children can receive up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months from the original qualifying event. Such additional coverage is only available if the second qualifying event would have caused Your Spouse or Dependent children to lose coverage under the Plan had the first qualifying event not occurred. A qualified beneficiary must give timely notice to the Plan Administrator in such a situation.

**Notification Requirements**

In the event of Your termination, lay-off, reduction in work hours or Medicare entitlement, Your Employer must notify the company’s benefit Plan Administrator within 30 days. You must notify the company’s benefit Plan Administrator within 60 days of Your divorce, legal separation or the failure of Your enrolled Dependents to meet the program’s definition of Dependent. This notice must be provided in writing to the Plan Administrator. Thereafter, the Plan Administrator will notify qualified beneficiaries of their rights within 14 days.

To continue enrollment, You or an eligible family member must make an election within 60 days of the date Your coverage would otherwise end, or the date the company’s benefit Plan Administrator notifies You or Your family member of this right, whichever is later. You must pay the total Premium appropriate for the type of benefit coverage You choose to continue. If the Premium rate changes for active associates, Your monthly Premium will also change. The Premium You must pay cannot be more than 102% of the Premium charged for Employees with similar coverage, and it must be paid to the company’s benefit Plan Administrator within 30 days of the date due, except that the initial Premium payment must be made before 45 days after the initial election for continuation coverage, or Your continuation rights will be forfeited.

For Employees who are determined, at the time of the qualifying event, to be disabled under Title II (OASDI) or Title XVI (SSI) of the Social Security Act, and Employees who become disabled during the first 60 days of COBRA continuation coverage, coverage may continue from 18 to 29 months. These

Employees’ Dependents are also eligible for the 18 to 29-month disability extension. (This provision also applies if any covered family member is found to be disabled.) This provision would only apply if the qualified beneficiary provides notice of disability status within 60 days of the disabling determination. In these cases, the Employer can charge 150% of Premium for months 19 through 29. This would allow health coverage to be provided in the period between the end of 18 months and the time that Medicare begins coverage for the disabled at 29 months. (If a qualified beneficiary is determined by the Social Security Administration to no longer be disabled, such qualified beneficiary must notify the Plan Administrator of that fact in writing within 30 days after the Social Security Administration’s determination.)

Trade Adjustment Act Eligible Individual
If You don’t initially elect COBRA coverage and later become eligible for trade adjustment assistance under the U.S. Trade Act of 1974 due to the same event which caused You to be eligible initially for COBRA coverage under this Plan, You will be entitled to another 60-day period in which to elect COBRA coverage. This second 60-day period will commence on the first day of the month on which You become eligible for trade adjustment assistance. COBRA coverage elected during this second election period will be effective on the first day of the election period.

When COBRA Coverage Ends
These benefits are available without proof of insurability and coverage will end on the earliest of the following:

- a covered individual reaches the end of the maximum coverage period;
- a covered individual fails to pay a required Premium on time;
- a covered individual becomes covered under any other group health plan after electing COBRA;
- a covered individual becomes entitled to Medicare after electing COBRA; or
- the group terminates all of its group welfare benefit plans.

Other Coverage Options Besides COBRA Continuation Coverage
Instead of enrolling in COBRA continuation coverage, there may be other coverage options for You and Your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a Spouse’s plan) through what is called a “special enrollment period.” Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

If You Have Questions
Questions concerning Your Group’s health Plan and Your COBRA continuation coverage rights should be addressed to the Employer. For more information about Your rights, including COBRA, the Health Insurance Portability and Accountability Act (HIPAA), and other laws affecting group health plans, contact the nearest Regional or District Office of the U.S. Department of Labor’s Employee Benefits Security Administration (EBSA) in Your area or visit the EBSA website at www.dol.gov/ebsa. (Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA’s website.)

Continuation of Coverage During Military Leave (USERRA)
Under the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), the Member may have a right to continuation of benefits subject to the conditions described below.

Under USERRA, if the Employee (or his or her Dependents) is covered under this Plan, and if the Employee becomes absent from employment by reason of military leave, the Employee (or his or her Dependents) may have the right to elect to continue health coverage under the Plan. In order to be eligible for coverage during the period that the Employee is gone on military leave, the Employee must give reasonable notice to the Employer of his or her military leave and the Employee will be entitled to COBRA-like rights with respect to his or her medical benefits in that the Employee and his or her Dependents can elect to continue coverage under the plan for a period of 24 months from the date the military leave commences or, if sooner, the period ending on the day after the deadline for the Employee to apply for or return to work with the Employer. During military leave the Employee is required to pay the Employer for the entire cost of such coverage, including any elected Dependents’ coverage. However, if
the Employee’s absence is less than 31 days, the Employer must continue to pay its portion of the premiums and the Employee is only required to pay his or her share of the premiums without the COBRA-type 2% administrative surcharge.

Also, when the Employee returns to work, if the Employee meets the requirements specified below, USERRA states that the Employer must waive any exclusions and waiting periods, even if the Employee did not elect COBRA continuation. These requirements are (i) the Employee gave reasonable notice to his or her Employer of military leave, (ii) the military leave cannot exceed a prescribed period (which is generally five (5) years, except in unusual or extraordinary circumstances) and the Employee must have received no less than an honorable discharge (or, in the case of an officer, not been sentenced to a correctional institution), and (iii) the Employee must apply for reemployment or return to work in a timely manner upon expiration of the military leave (ranging from a single day up to 90 days, depending upon the period that he or she was gone). The Employee may also have to provide documentation to the Employer upon reemployment that would confirm eligibility. This protection applies to the Employee upon reemployment, as well as to any Dependent who has become covered under the Plan by reason of the Employee’s reinstatement of coverage.

Continuation of Coverage Due to Family and Medical Leave (FMLA)
An Employee may continue membership in the Plan as provided by the Family and Medical Leave Act. An Employee who has been employed at least one year, within the previous 12 months is eligible to choose to continue coverage for up to 12 weeks of unpaid leave for the following reasons:

- the birth of the Employee’s child;
- the placement of a child with the Employee for the purpose of adoption or foster care;
- to care for a seriously ill Spouse, child or parent; or,
- a serious health condition rendering the Employee unable to perform his or her job.

If the Employee chooses to continue coverage during the leave, the Employee will be given the same health care benefits that would have been provided if the Employee were working, with the same premium contribution ratio. If the Employee’s premium for continued membership in the Plan is more than 30 days late, the Employer will send written notice to the Employee. It will tell the Employee that his or her membership will be terminated and what the date of the termination will be if payment is not received by that date. This notice will be mailed at least 15 days before the termination date.

If membership in the Plan is discontinued for non-payment of premium, the Employee’s coverage will be restored to the same level of benefits as those the Employee would have had if the leave had not been taken and the premium payment(s) had not been missed. This includes coverage for eligible Dependents. The Employee will not be required to meet any qualification requirements imposed by the Plan when he or she returns to work. This includes: new or additional waiting periods; waiting for an open enrollment period; or passing a medical exam to reinstate coverage.

Please contact Your Human Resources Department for state specific Family and Medical Leave Act information.

It avoids claims payment delays by establishing an order in which plans pay their claims and providing an authority for the orderly transfer of information needed to pay claims promptly. It may avoid duplication of benefits by permitting a reduction of the benefits of a plan when, by the rules established by this provision, it does not have to pay its benefits first.

The Claims Administrator will deem any Drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service, or supply to be Experimental/Investigative if the Claims Administrator, determines that one or more of the following criteria apply when the service is rendered with respect to the use for which benefits are sought. The Drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service, or supply:

- cannot be legally marketed in the United States without the final approval of the Food and Drug Administration (FDA), or other licensing or regulatory agency, and such final approval has not been granted;

Any service not deemed Experimental/Investigative based on the criteria above may still be deemed Experimental/Investigative by the Claims Administrator. In determining whether a service is Experimental/Investigative, the Claims Administrator will consider the information described below and assess whether:
the scientific evidence is conclusory concerning the effect of the service on health outcomes;

the evidence demonstrates the service improves net health outcomes of the total population for whom the service might be proposed by producing beneficial effects that outweigh any harmful effects;

the evidence demonstrates the service has been shown to be as beneficial for the total population for whom the service might be proposed as any established alternatives; and

the evidence demonstrates the service has been shown to improve the net health outcomes of the total population for whom the service might be proposed under the usual conditions of medical practice outside clinical investigatory settings.

The information considered or evaluated by the Claims Administrator to determine whether a Drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service, or supply is Experimental/Investigative under the above criteria may include one or more items from the following list which is not all inclusive:

- published authoritative, peer-reviewed medical or scientific literature, or the absence thereof; or

- consent document(s) and/or the written protocol(s) used by the treating Physicians, other medical professionals, or facilities or by other treating Physicians, other medical professionals or facilities studying substantially the same Drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service, or supply; or

- medical records; or

- the opinions of consulting Providers and other experts in the field.

HEALTH BENEFITS COVERAGE UNDER FEDERAL LAW

Choice of Primary Care Physician
The Plan generally allows the designation of a Primary Care Physician (PCP). You have the right to designate any PCP who participates in the Claims Administrator’s Network and who is available to accept You or Your family members. For information on how to select a PCP, and for a list of PCPs, contact the telephone number on the back of Your Identification Card or refer to the Claims Administrator’s website, www.anthem.com. For children, You may designate a pediatrician as the PCP.

Access to Obstetrical and Gynecological (ObGyn) Care
You do not need Prior Authorization from the Plan or from any other person (including a PCP) in order to obtain access to obstetrical or gynecological care from a health care professional in the Claims Administrator’s network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining Prior Authorization for certain services or following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact the telephone number on the back of Your Identification Card or refer to the Claims Administrator’s website, www.anthem.com.

Statement of Rights Under the Newborns’ and Mother’s Health Protection Act
Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother’s or newborn’s attending Provider (e.g., Your Physician, nurse midwife, or Physician assistant), after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a Provider obtain authorization from the Plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours). However, to use certain Providers or facilities, or to reduce Your Out-of-Pocket costs, You may be required to obtain Precertification. For information on Precertification, contact Your Plan Administrator.

Also, under Federal law, plans may not set the level of benefits or Out-of-Pocket costs so that any later portion of the 48 hour (or 96 hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

Statement of Rights Under the Women’s Cancer Rights Act of 1998
If You have had or are going to have a mastectomy, You may be entitled to certain benefits under the Women’s Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending Physician and the patient, for:
- all stages of reconstruction of the breast on which the mastectomy was performed;
- surgery and reconstruction of the other breast to produce a symmetrical appearance;
- prostheses; and
- treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same Deductibles and Coinsurance applicable to other medical and surgical benefits provided under this Plan. See the Schedule of Benefits.

If You would like more information on WHCRA benefits, call Your Plan Administrator.
Coverage for a Child Due to a Qualified Medical Support Order ("QMCSO")
If You or Your Spouse are required, due to a QMCSO, to provide coverage for Your child(ren), You may ask Your Employer or Plan Administrator to provide You, without charge, a written statement outlining the procedures for getting coverage for such child(ren).

Mental Health Parity and Addiction Equity Act
The Mental Health Parity and Addiction Equity Act provides for parity in the application of aggregate treatment limitations (day or visit limits) on mental health and substance abuse benefits with day/visit limits on medical/surgical benefits. In general, group health plans offering mental health and substance abuse benefits cannot set day/visit limits on mental health or substance abuse benefits that are lower than any such day/visit limits for medical and surgical benefits. A plan that does not impose day/visit limits on medical and surgical benefits may not impose such day/visit limits on mental health and substance abuse benefits offered under the Plan. Also, the Plan may not impose Deductibles, Copayment/Coinsurance and out-of-pocket expenses on mental health and substance abuse benefits that are more restrictive than Deductibles, Copayment/Coinsurance and out-of-pocket expenses applicable to other medical and surgical benefits. Medical Necessity criteria are available upon request.

Special Enrollment Notice
If You are declining enrollment for yourself or Your Dependents (including Your Spouse) because of other health insurance coverage, You may in the future be able to enroll yourself or Your Dependents in this Plan, if You or Your Dependents lose eligibility for that other coverage (or if the Employer stops contributing towards You or Your Dependents’ other coverage). However, You must request enrollment within 30 days after You or Your Dependents’ other coverage ends (or after the Employer stops contributing toward the other coverage).

In addition, if You have a new Dependent as a result of marriage, birth, adoption, or placement for adoption, You may be able to enroll yourself and Your Dependents. However, You must request enrollment within 30 days after the marriage, birth, adoption, or placement for adoption.

Eligible Employees and Dependents may also enroll under two additional circumstances:
• the Employee’s or Dependent’s Medicaid or Children’s Health Insurance Program (CHIP) coverage is terminated as a result of loss of eligibility; or
• the Employee or Dependent becomes eligible for a subsidy (state premium assistance program)

The Employee or Dependent must request Special Enrollment within 60 days of the loss of Medicaid/CHIP or of the eligibility determination.

To request special enrollment or obtain more information, call the Member Services telephone number on Your Identification Card or contact Your Plan Administrator.
