Publications
The Admissions recruitment materials are produced. We just completed a 12-page insert for the *Dayton Business Journal*, which will run in print in December. There will be digital versions running in the Columbus and Cincinnati business journals. We are working on the spring issue of the *Wright State University Magazine*.

New advertising: 21, New publications: 46

Social Media

Growth
The university’s main accounts have grown to 121,348 fans, connections, and followers, growing 20 percent so far in 2015.
Wright State now has 167 social media profiles connected to our social media management enterprise system. Over the last 60 recorded days (October 12 through December 10, 2015), the university’s social media content has connected with 57,148 individual users, generating nearly 24.5 million impressions, up 12 percent over last fall. Additionally, embedded links in our Facebook and Twitter content are directly responsible for nearly 42,000 organic clicks through to the Wright State website, not including clicks generated via paid advertising on social media platforms.

Social Media Management Platform Contract
Our 12-month contract with Sprout Social expired on November 30, 2015. The original agreement’s terms have been extended to the end of the current fiscal year, prior to which the contract and details will be re-evaluated.

Sprout Social Tagging
Our social media management platform has rolled out several new features, one of which will now allow us to tag inbound and outbound content with up to five tags from 60 pre-set tags. One of the tags is Debate, which will allow us to better track all social media content on the main channels, whether created internally or externally.

Social Media Managers Group
The social media managers group includes 275 individuals from across both of our campuses, representing virtually every Wright State college and division.

Presentations and Training
The Office of Marketing conducted 20 one-on-one or small group general social media training sessions with various campus personnel over the last two months, as well as conducted a two-hour presentation for the university’s Upward Bound Dayton Public School’s students.

Social Media Videos
We have begun the process of uploading all of our Office of Marketing videos short expressly for Facebook and Twitter onto YouTube (run through the Office of Communications) to expand our reach and variety of content available on that platform. Similarly, the Office of Communications is producing Newsroom videos in a short format that we can also directly upload to Facebook and Twitter. In this way, we can remove barriers between our two offices and make better use of the content produced.

Web

Schools and Colleges
We continued our work with our academic partners each school and college on continuous improvement of their websites. A few key highlights follow.

38 Career Center Jobs Feeds
- We have implemented feeds of currently available jobs and internship from Career Center’s system on all college and academic department sites.
- The feeds are specific to each colleges and departments degrees as appropriate

College-level examples

https://engineering-computer-science.wright.edu/computer-science-and-engineering/careers-and-internships

COSM Student Success Blog
http://science-math.wright.edu/advising/student-success-blog

RSCoB
- We have continued our efforts related to SEO improvement, including recent code changes
- We continue to produce landing pages for the SEO campaigns similar to the following
  https://business.wright.edu/audience/degree-completion-program

CELIA
http://liberal-arts.wright.edu/celia
- Worked closely with CELIA and faculty and staff to rebuild entire site
- Rebranded the site to be inline with current COLA/WSU branding
- Reworked all content to improve appearance, interactivity, mobile performance, and editorial control

Administrative
CaTS
https://www.wright.edu/information-technology
- Worked closely with CaTS staff to highlight and provide better communication to end users
- Updated theming to align with current branding standards
- Significantly reworked the homepage to align with user needs
- Reworked navigation to surface specific content based on feedback and priorities

Human Resources Staff Handbook
http://www.wright.edu/human-resources/policies-and-resources/staff-handbook/welcome-and-introduction
- Worked closely with staff to rebuild staff handbook into a single new section for classified and unclassified staff
- Aligned content with the new print publication
- Greatly improved readability

Privacy Policy
https://www.wright.edu/about/privacy-policy
- Implemented a privacy policy across all of the public wright.edu sites
Combined Campaign
http://www.wright.edu/event/combined-campaign
- Refreshed content for this year’s campaign
- Updated graphics and theme to meet current branding standards
- Added Habitat for Humanity information

Graduate Student Assembly (GSA)
http://www.wright.edu/graduate-student-assembly
- Worked with the GSA to produce a site for them that is hosted at WSU
- Developed all new content and structure based on current needs

Sinclair Double Degree
http://www.wright.edu/sinclair-double-degree
- Updated theming to match Sinclair's new branding
- Updated site to current WSU branding standards

Center for Manufacturing Sciences
https://www.wright.edu/center-for-workforce-development/activity-centers/center-for-manufacturing-sciences
- Worked closely with the Center for Workforce Development to migrate the CMS site into their site and branding

Public relations, media relations and internal communications play a vital role in university operations and branding. Communications staff view interactions in each of these disciplines as invaluable opportunities to strengthen how people view Wright State. Our strategy is to build our brand through repeated positive mentions in the news and social media platforms (earned media) and by increasing university-wide awareness through the sharing of impactful positive news and stories through internal channels (owned media).
