Grading System

**4010.1 The Undergraduate Grading System**

Academic achievement is indicated by the following letter grades and points used in calculating grade point averages. A Wright State grade point average is computed by dividing the number of points earned at Wright State by the total number of grade point average hours earned at Wright State.

A	<i>*Excellent - 4 points per credit hour</i>
B	<i>*Good - 3 points per credit hour</i>
C	<i>*Satisfactory - 2 points per credit hour</i>
D	<i>*Poor - 1 point per credit hour</i>
F	<i>Failed - 0 points per credit hour</i>
X	<i>Student attended or participated in course effort but did not complete the course or officially withdraw--0 points per credit hour</i>
NR	<i>No Record that the student attended or participated in course effort-- 0 points per credit hour*</i>
L	<i>Audit--given only if arranged at the time of registration. (No academic credit)</i>
I	<i>Incomplete--a temporary grade given only when part of required work is missing and arrangements have been made with the instructor to complete the work. Faculty are encouraged to file an incomplete grade contract with their departments. If the work is not completed by the end of the following semester, or earlier if required by the instructor, the I grade automatically is considered equivalent to an F and the grade point recalculated, unless the instructor submits another I grade. Work for an incomplete received spring semester does not have to be completed until the end of the following fall semester if the instructor does not indicate an earlier date on the grade contract.</i>

Other letter grades are listed below. Except for the grade of P, no academic credit is given for the following grades, and none are used in calculating grade point averages. Students may not graduate with temporary (I, M, N) grades on their record.
