- How are mental health concerns affecting our seniors?
- Do medications help or harm our seniors?
- What is it like to live with dementia: A simulation experience?

Objectives

1. Describe how anxiety and depression affect the lives of seniors.
2. Discuss the drug interactions that impact the mental health of seniors.
3. Identify approaches to enhance interaction with individuals diagnosed with dementia.

This seminar will provide professionals with information related to cognitive and physiologic changes that occur with aging. Professionals will use this information to assist clients and their families. In addition, participants will learn about what it is like to live with dementia.
