#### 3. Old Business: Tabled Nominations

- 1) Dan Noel, CEHS Organizational Leadership, Senior Instructor
  - The nominee has applied for Associate membership to teach OL, MSLD, DOS courses and to serve on Master/Doctoral level committees.
  - GFMC discussed the nominee's experience and education for graduate membership and found that additional information was needed. There was indication on the application to teach in organizational studies courses but mentioned in his support letter; MSLD was indicated in the application but not mentioned in the letter. Therefore, clarification is requested from the committee.
    - The committee decided to table Noel's nomination packet at 10:31 am until the appropriate additional information could be obtained on behalf of the nominee.

Email from Carol Patitu, Chair, regarding Noel's teaching in OL, MSLD, and DOS - DOS is a new program, therefore not on the CV – prior courses taught. Noel meets a), b), c)

- The committee unanimously voted; and Noel was approved for membership to teach OL, MSLD, DOS courses and to serve on Master/Doctoral level committees at 10:14 am.
- 2) Christopher Taylor, CEHS Higher Education, Adjunct
  - The nominee has applied for Associate membership to teach HEA: 9220 Law in Higher Education and to serve on Master/Doctoral level committees.
  - GFMC discussed the nominee's experience and education for graduate membership and found
    Taylor's application incomplete. Does not specify what the terminal degree is in, there is a lack of
    graduate instruction, and a lack of scholarship. No alternate criteria exist so more justification is
    needed from the Chair.
    - The committee decided to table Taylor's nomination packet at 10:29 am until the appropriate additional information could be obtained on behalf of the nominee.

## Email from Carol Patitu, Chair:

Dr. Chris Taylor obtained his doctorate from Miami University in Student Affairs in Higher Education, thus our request for him to teach for our master's program in Student Affairs in Higher Education. In lieu of graduate teaching experience and scholarship, Taylor's experience as the Director of Community Standards and Student Conduct supports his teaching of Law in Higher Education. This was also the background of the previous instructor of the course. Dr. Taylor is fully adept of legal issues in student affairs in higher education. He is presently a guest speaker for the course. He has the practical work experience for teaching this course. He was responsible for handling legal issues in his positions at WSU, Miami University, and Maryland. He is skilled in legal issues and has programming experiences in a variety of issues including free speech issues, student rights and due process, diversity issues, gender issues, Title IX and others — topics covered in the course.

- Chai will reach out to Carol Patitu for construction of an alternative criteria form and a mentoring program.
  - The committee unanimously voted to have the nomination for Taylor be moved from Associate to Temporary membership to teach to teach HEA: 9220 Law in Higher Education and to serve on Master/Doctoral level committees at 10:21 am.

In lieu of graduate teaching experience and scholarship, Mr. Willis' experience as the Program Director for Campus Recreation at WSU supports his teaching of our sports management course Facilities and Event Management with our Student Affairs program. Prior to being the Program Director for Campus Recreation, he was the Assistant Director for Competitive Sports and worked in Recreational Sports at Purdue University. He has teaching experience. He has been an adjunct with Kinesiology and Health since 2015. He teaches Football Officiating and Philosophy and Basketball Officiating and

Philosophy. The courses he has taught are at the undergraduate level. Also note, a terminal degree is not required nor needed for the field of sports management. Mr. Willis is mentoring sports management students who need to take the course. Several of them presently in our program work in his office.
