

CAREER SPEAKER SERIES:

BECOME AN ENTREPRENEURIAL ACTUARY – SOLVING NEW PROBLEMS IN INSURANCE

Presenter: Kyle Babirad, ACAS, CSPA

Company and industry: Canary Consulting, a Dayton-based insurance product development firm focused on bringing new, profitable Property & Casualty insurance products to market.

Kyle will talk about the importance of problem solving and innovation in the work Canary does. In a world where 'data' is perceived as the global answer to all questions, what do we do if we are faced with a question for which no data exists?

Kyle will be joined by Joey Hwang (double raider) and Katherine Coffey (current senior at Wright State) who both work full time at Canary. **Join us for an interesting and interactive discussion!**

Bio Sketch:

Kyle Babirad is the founder and lead actuary of CANARY Consulting. He has over a decade of expertise in the insurance industry across a wide variety of disciplines including Pricing, Reserving, Rate and Form filing for a diverse range of insurance products including Workers Compensation, Cyber Risk, Pet Insurance, Professional Liability for physicians, lawyers and nonprofits, Commercial Property, Homeowners, Auto, Inland Marine, and Title Insurance. Kyle provides actuarial services to Insurance Companies, Self-Insured Businesses, Government Agencies, Startups, Entrepreneurs and any other clients with a business interest in the insurance industry.

Kyle is an associate of the Casualty Actuarial Society and the Society of Actuaries, and a member of the American Academy of Actuaries. He received his Bachelor's degree in Mathematics from Case Western Reserve University.
