

Symposium on Sustainability in Health Care

April 21, 2011 - 11 AM – 5 PM

On April 21, 2011, Heapy Engineering and Wright State University will co-host the **Symposium on Sustainability in Health Care**, which will be a half-day education and networking event for the Health Care industry. This event will feature nationally, renowned Health Care sustainability expert, **Gail Vittori**, as the keynote speaker.

The Symposium, to be held at Wright State University, will begin with a keynote luncheon followed by panel discussions highlighting regional and national experts on Health Care delivery, operations and management - all with a focus on: "How should Sustainability be integrated within the delivery of Health Care?"

This event is free and open to the public, but you must RSVP to attend.

Gail Vittori is a Co-Director for the *Center for Maximum Potential Building Systems*, a non-profit design firm dedicated to sustainable planning and design. Gail collaborated on the American Society of Health Care Engineering's *Green Health Care Construction Guidance Statement* and the *Green Guide for Health Care*. She is also the founding Chair of the U.S. Green Building Council's LEED® for Health Care Core Committee and a former Chair of the USGBC Board of Directors.

Agenda:

11 AM – Expo opens
11:30 AM – Lunch
Noon – Keynote Speaker
1:30 PM – Panel Discussion – Infrastructure Sustainability
3:15 PM – Panel Discussion – Delivery Systems Sustainability
