

RAJ SOIN COLLEGE OF BUSINESS
PROPOSAL TO CREATE A COMBINED
BSBA/M.ACC. PROGRAM

The Department of Accountancy proposes combining the B.S. in Business, Accountancy Major program with the Master of Accountancy program for those students wishing to pursue both degrees. The net effect is to eliminate one undergraduate Accountancy course – ACC 423 – and replace it with a graduate course – ACC 616. This course would be completed along with all other undergraduate requirements before the B.S. degree would be conferred but it will count as part of the graduate degree program. The net effect is to decrease the total credit hours for both programs from 232 to 228 hours.
