My Expectation from You

- I expect you to attend (or watch if you are a distance student) all the seminars unless. Class attendance for in-class students will be checked by having each student sign his/her name on a given piece of paper. If a valid emergence prevents from you attending a lecture, please let me know as early as possible.
- I expect you turn in a one-page summary report of each seminar given during the quarter by 5pm in the following Friday after the seminar is given (e.g., by 5pm on Jan 13th, you need turn in your report of the seminar delivered on Jan 6th).
- I expect you to make an honest attempt at assigned homework. I expect you to not misrepresent the work of others as your own. The university standards of academic honesty under academic information can be found in the WSU student handbook:
<http://www.wright.edu/students/judicial/integrity.html>
- I expect you to behave appropriately and politely towards all the speakers and your fellow classmates at all times. This includes remaining quiet when others are speaking and being patient with the questions of others.

Grading Criteria Attendance: 20%
 Summary Report: 80%

Pass: 60 or above
 Unsatisfactory: below 60
