Lectures:
C02 MTWR 4:40–5:45 171MM;
C03 MTWR 1:30–2:35 202MM.

Textbooks:

Instructor: Qun Li,
Office: MM 145, (937)775-4578;
Email: qun.li@wright.edu;
Webpage: http://www.wright.edu/~qun.li (all course information including homework problems will be announced there, please check regularly):
Office hours: MW 2:40–3:40pm, or by appointment.

Homework: Practice homework problems has been posted on the course webpage, problems are subject to change, please check it often to get an updated version.

Quiz: There will be totally nine quizzes, each of which is given at the beginning of Thursday’s lecture.

Exams: There will be three exams, which will take place during regular class period, on June 2, June 30, and July 28 respectively.

All tests (quizzes and exams) are closed books. There will be NO make-up test except for emergency with documented proof and the instructor’s approval prior to the test.

Grading: Course grades will be based on the average of the scores on the quizzes (10%) and exams (each will be counted as 30%).

Calculator Policy: You are NOT permitted to use calculators capable of symbolic differentiation or integration (such as the TI-89, TI-Nspire CAS, HP-39 and higher) while writing any test (quiz and exam).

Cellphone Policy: You are NOT permitted to use portable computers, cell phones, head-phones, or any other device during each test for any reason (such as calculator or clock).
