# Application Requirements for International Graduate Students

## Major (Degree)
**Biomedical Sciences (Doctor of Philosophy)**

## College
**College of Science and Mathematics**

### Program Description
The focus of the professional doctoral program is to develop scholar-practitioners committed to exploring and expanding research related to the practices and processes of organizations. Graduates will deepen their understanding related to leadership and change within organizations. The program will provide practice in organizations and in establishing networks for education, psychology, urban affairs, health and human services.
