

# ARTICULATION AGREEMENT

## Agriculture Wright State University – Lake Campus

*and*

## Apollo Career Center/Elida High School Agricultural & Environmental Systems (AES)

### **Definition:**

The Ohio Board of Regents defines articulation as a planned process that allows students to move without hindrance through the education process, including the transition between secondary and post-secondary levels of instruction.

### **Purpose:**

A partnership between Wright State University – Lake Campus—Agriculture and Apollo Career Center/Elida High School has been designed to recognize and to reward those graduates who have acquired the skills for articulation transfer/proficiency credit in specific introductory courses. Wright State University – Lake Campus will grant credit to graduates who fulfill course requirements agreed to in this document.

### **Advantages:**

- ⊕ The student will be able to complete a degree in less time.
- ⊕ The student will save money by completing fewer classes.
- ⊕ The student can supplement the degree program with optional courses, if desired.

### **Criteria:**

The total number of courses awarded to a student will be evaluated on an individual basis and may vary. All courses must be reviewed and articulated by the summer of 2012. A high school grade of “B” or better is required before credit can be given.

### **Process:**

- Complete Articulation Transfer/Proficiency Credit Application form available from [site counselor? teacher?].
- Have guidance counselor or instructor verify successful completion of courses.
- Contact the Admissions Office at Wright State University – Lake Campus for a formal application for admittance.
- Submit paperwork to Lake Campus Registrar at Wright State University – Lake Campus.
- College officials will evaluate work, post credits to the transcript and will notify applicant of status.
- Work is not sent to the Wright State University Dayton Campus until after the Lake Campus has processed the information.

## COURSES AND CREDITS FOR ARTICULATION TRANSFER/PROFICIENCY

<i>Course Number</i>	<i>Title</i>	<i>Criteria</i>
FAS 104 (FAS 1040)	Introduction to Agronomy	Successful completion of Agronomic Systems (minimum grade of "B").
