

ARTICULATION AGREEMENT

Agriculture Wright State University – Lake Campus

and

Fort Loramie Agricultural Education Program (Satellite of Upper Valley Career Center)

Definition:

The Ohio Board of Regents defines articulation as a planned process that allows students to move without hindrance through the education process, including the transition between secondary and post-secondary levels of instruction.

Purpose:

A partnership between Wright State University – Lake Campus—Agriculture and Fort Loramie Agricultural Education Program (satellite of Upper Valley Career Center) has been designed to recognize and to reward those graduates who have acquired the skills for articulation transfer/proficiency credit in specific introductory courses. Wright State University – Lake Campus will grant credit to graduates who fulfill course requirements agreed to in this document.

Advantages:

- ⊕ The student will be able to complete a degree in less time.
- ⊕ The student will save money by completing fewer classes.
- ⊕ The student can supplement the degree program with optional courses, if desired.

Criteria:

The total number of courses awarded to a student will be evaluated on an individual basis and may vary. All courses must be reviewed and articulated by the summer of 2012. A high school grade of “B” or better is required before credit can be given.

Process:

- Complete Articulation Transfer/Proficiency Credit Application form available from [site counselor? teacher?].
- Have guidance counselor or instructor verify successful completion of courses.
- Contact the Admissions Office at Wright State University – Lake Campus for a formal application for admittance.
- Submit paperwork to Lake Campus Registrar at Wright State University – Lake Campus.
- College officials will evaluate work, post credits to the transcript and will notify applicant of status.
- Work is not sent to the Wright State University Dayton Campus until after the Lake Campus has processed the information.

COURSES AND CREDITS FOR ARTICULATION TRANSFER/PROFICIENCY

<i>Course Number</i>	<i>Title</i>	<i>Criteria</i>
FAS 103 (FAS 1030)	Introduction to Animal Science	Successful completion of Animal Science and Technology (minimum grade of "B").
