## What we've heard . . .

*"The moment that I was able to sort on sequence number, then have the ability to replace the sequence numbers and save in one transaction, **it was as if a light shined over my monitor with a faint chorus in the background. I was thrilled to see that improvement.**"*

***Stephanie Boledovich, HR Systems Manager, Lansing Community College***

*"Employee Profile is a modern way of letting employees look at their own data and do their job and they can take it anywhere, because it is configured to work on any device – laptop, tablet and smartphone. **Well done Ellucian! I love it. It is so easy to set up even a cave man can do it.**"*

***Ali Penton, Software Application Engineer, University of West Florida***

### More stories on eCommunities

*"We went actually live with Registration for our early registration for the following summer classes and it proved flawless. **It worked with no problems and every review we've had has been positive.**"*
