Course equivalencies for this score have been identified by individual academic departments in accordance with the guidelines in the statewide policy.

Individual academic departments have determined the equivalent courses for which credit will be granted for scores of 4 and 5.

The above course equivalencies and credit hours will be awarded only to students whose AP scores have not already been evaluated at Wright State. Course equivalencies and credit hours are subject to change without notice and will be granted in accordance with those current when AP scores are evaluated.
