Alumni Computer Account Application
Computing and Telecommunications Services

This form is intended for graduates of Wright State University to request an Alumni Computer Account. Once processed, the Alumni Account is authorized for a period of five years. Account holders are required to have their own internet service provider to be able to access this account.

A few items to be clarified:

What is meant by “Previous Last Names”?
This is in case your name has changed since you graduated. The information we will retrieve when we process your request will have your last name as of your graduation. If you wish to use your new last name, please update that information via the Wright State Registrar’s Office before submitting this request. Contact them at 937-775-5588 or by email at registrar@wright.edu.

What if I don’t want to put my Social Security Number on the application?
You can either leave that part blank or write in your University ID number. If you leave the field blank, the Accounts Manager will call you to get that information and finish the application. Please be certain to include a phone number where you can be reached. This will delay the processing of your application.

What am I supposed to write in the “comments” section?
This section is not required. It is there in case there is something you wish to bring to our attention.

Note:
Be sure to sign the bottom of the Alumni Account Application form and attach a copy of your driver’s license.
