

Application Requirements for International Graduate Students

Major (Degree)	Applied Statistics (Master of Science)			
College	College of Science and Mathematics			
Program Description				
<p>The Department of Mathematics and Statistics offers the Master of Science degree in Applied Statistics. The graduate program is designed primarily to prepare graduates for careers in business, industry, or government, but can be tailored to provide a solid foundation for doctoral studies in statistics. The graduate program in Applied Statistics is open to persons with bachelor's degrees in a variety of fields besides mathematics and statistics. The prior mathematical training needed for entrance into the program has been kept to a minimum to accommodate students with undergraduate majors in fields such as biology, business, or one of the social sciences. The department makes provision for part-time degree candidates by offering all required courses in the late afternoon or evening.</p> <p>Early consultation with the statistics graduate advisor is recommended, since the advisor works closely with the student in every phase of the program.</p>				
Admission & Assistantship Deadlines				
Admission Semester	Application Deadline	Deadline to Apply for Departmental Funding		
Spring	Not Applicable	Not Applicable		
Summer	Not Applicable	Not Applicable		
Fall	May 15	Contact Department		
Admission Requirements				
GPA (Minimum)	GRE/MAT (Minimum)	GMAT (Minimum)	Proof of English Proficiency (Minimum) <i>One from the below</i>	Letter of Reference
2.7 ; Or 2.5(3.0 last 60 semester hours/90 quarter hours)	Not required	Not required	TOEFL IBT 79	Not required
			IELTS 6.0	
			Pearson PTE 57	
			LEAP 4 Yes, conditional admission	
			Degree Earned in the USA	
Personal Statement	Essay	Undergraduate Background Requirements	Other Requirements	
Not required	Not required	Applicants should have completed a calculus sequence that includes multivariable calculus and a course in linear or matrix algebra. Some experience in computer programming and enough background in probability and statistics to begin basic graduate courses in statistics is also required		
<i>Notes: Official transcripts from all colleges/universities attended (other than Wright State) and degrees are required for most programs. Financial Statement is required for I-20 processing. Proof of English Proficiency is required from all international students.</i>
