Computer Science, B.S.

Transfer Program

This agreement is designed for students who complete an Associate of Science (AS) degree at Clark State Community College and would like to transfer into the Bachelor of Science in Computer Science at Wright State University. Students should verify their satisfactory academic progress (SAP) requirements with the financial aid office before pursuing classes outside of their AS degree requirements.

Additional Information

- Students who would like to complete the A.S. before transferring would be required to take 3-4 credit hours that would not apply to the bachelor degree, including additional hours in Arts/Humanities and FYE 1100. However, completing the associate degree prior to transfer could qualify students for additional transfer scholarships. Visit wright.edu/transferscholarships for more information, or contact the Transfer & Nontraditional Student Center at transfer@wright.edu or 937-775-4830.

- Students are strongly advised to complete the following Wright State courses while at Clark State. These courses may be taken through SOCHE cross-registration.
  - CS 1181, Computer Science II – prerequisite of Clark State’s CSD 2520 and MTH 1280 or higher level math
  - CS 2200, Discrete Structures and Their Algorithms – prerequisite of Clark State’s MTH 1280 or higher level math

This agreement will expire two years from date of signature. These requirements are subject to change. Contact a Wright State advisor in your major at least once each academic year to verify current requirements.

Dr. Thomas Sudkamp
Provost
Wright State University

Date

Dr. Amit B. Singh
Provost & Vice President of Academic Affairs
Clark State Community College

Date
By completing the associate degree and the Ohio Transfer Module, students will have met the requirements for the Wright State Core. However, students will still need to complete any remaining courses required by the department within the Wright State Core. Students must also complete at least two designated Integrated Writing courses in the major at Wright State.
Students may also complete the following Clark State courses to fulfill additional requirements toward the major:
