

## Electrical Engineering Transfer Program

Students who complete an **Associate of Science (AS) degree** at Clark State Community College may transfer into the Electrical Engineering program at Wright State University. Students should verify their satisfactory academic progress (SAP) requirements with the financial aid office before pursuing classes outside of their AS degree requirements.

### Additional Information

- Before transferring to Wright State, students should consult a Clark State advisor to determine which credits they can transfer back to Clark State to complete the Associate's degree.
- Students who would like to complete the A.S. before transferring would be required to take 9 credit hours that would not apply to the bachelor degree, including ENG 1112, COM, and three additional hours in Arts/Humanities. However, completing the associate degree prior to transfer could qualify students for additional transfer scholarships. Visit [wright.edu/transferscholarships](http://wright.edu/transferscholarships) for more information, or contact the Transfer Student Resource Center at [transfer@wright.edu](mailto:transfer@wright.edu) or 937-775-4830.

This agreement will expire two years from date of signature.

\*The Clark State Associate of Science degree is 60-62 hours; however, students are encouraged to complete all sequences they begin at Clark State in order to transfer seamlessly and prepare for their junior year at Wright State.

By completing the Ohio Transfer Module at Clark State, students have met the distribution requirements for the Wright State Core, including requirements for Core Integrated Writing courses and Multicultural Competence courses.

**Consult an advisor in Wright State University's College of Engineering and Computer Science Student Success Center (937-775-5272) about remaining requirements for the majors.**

Clark State students may also take the following additional equivalency:

MTH 2330 Differential Equations	3
AND MTH 2530 Matrix Algebra	4
<b>Note: Both are required to equate to Wright State's MTH 2350</b>	

MTH 2350
