## Application Requirements for International Graduate Students

### Major (Degree)

**Computer Engineering (Master of Science)**

### College

**College of Engineering and Computer Science**

### Program Description

The Department of Computer Science and Engineering offers a program of graduate study leading to the Master of Science in Computer Engineering degree. The program strengths include the unique blend of faculty expertise, well-equipped computer engineering laboratory facilities, and a balance of theory, practice, hardware, and software. Degree requirements concentrate on the areas of computer system design and analysis. Courses for the program are offered in the late afternoon and evening hours to serve the educational needs of practicing computer professionals.
