Assignments. Select one of the options below for assessment of one or more outcomes

The goal of assessment is to determine the degree to which students are able to demonstrate the knowledge, skills, or competencies stated in each of the Core Learning Outcomes. Moreover, the assessment is intended to provide your department information regarding patterns of student performance relative to the learning outcomes so you may identify opportunities for actions to improve student attainment of the Core Learning Outcomes. With that goal in mind, please identify below the student work products you plan to examine to allow you to best determine the degree to which students are achieving the learning outcomes and to assist you with learning improvement efforts.

☐ Written assignment(s) that addresses/address outcome(s). Include outcome #, title and description for each assignment.

Outcome #: ______ Title:
Description of assignment:

SECTION 4: ASSESSMENT REPORT DUE October 1, 2022

A separate report needs to be submitted for each assessment plan approved by the Undergraduate Core Oversight Committee (UCOC).

Please upload this entire document to the Pilot course called Element 5 Core Course Assessment 2020-21 (continuous year) by Friday, October 1, 2022. The Final Report Dropbox link can be accessed via Content > Dropbox (Plans, Reports) > Final Report Dropbox.

Date Report Submitted:
Element: Core Element 5 – Social Science
Academic Year: 2021-2022
Course and Sections Assessed:

Describe the final assessment plan that was implemented and explain any changes made to the approved plan.

I. Core Learning Outcomes Assessed (list):
   Critically apply knowledge of social science theory and methods of inquiry to current issues, government policies or global concerns.

II. Procedures Used for Assessment
   This course assessment used market questions embedded on the midterm and final exams (different in different sections. The questions have been consistently asked in every semester, but here are results from the Spring 2022 course offerings.

III. Summary of Assessment Results:
   Two of the three section passed the benchmarks with one section failing to meet benchmarks on 3 out of 5 marker questions. Weighting the averages by student enrollment across all three sections means the outcomes were above the benchmark:

IV. ACTIONS TAKEN/PLANNED TO IMPROVE STUDENT LEARNING IN THE CORE
   Results for weaker sections were distributed back to the faculty teaching the course and tips which best practices to adopt in the lower performing sections were highlighted. Part of problem has to do with instructor-specific characteristics. The department is actively recruiting adjunct professors to teach this course.

V. Assessment Administration Feedback

None.
