Course Outcomes.        Check here if Outcomes have been modified.

The course must address all 4 outcomes but must assess a minimum of 1 outcome. Highlight in yellow the outcome(s) you will assess. Assignments. Select **one** of the options below for assessment of one or more outcomes

The goal of assessment is to determine the degree to which students are able to demonstrate the knowledge, skills, or competencies stated in each of the Core Learning Outcomes. Moreover, the assessment is intended to provide **your department** information regarding patterns of student performance relative to the learning outcomes so **you** may identify opportunities for actions to improve student attainment of the Core Learning Outcomes. With that goal in mind, please identify below the student work products you plan to examine to allow you to best determine the degree to which students are achieving the learning outcomes and to assist you with learning improvement efforts.

Written assignment(s) that addresses/address outcome(s). Include outcome #, title and description for each assignment.

Collecting and submitting the student assignment(s)

\_\_\_\_ Will upload assignment(s) to Pilot      \_\_\_\_ Will give access to assignment(s) on Pilot

\_\_\_\_ Paper Copies: Student workers will copy the assignment before any grading begins and scan a separate .pdf of every student’s assignment. The student worker will then create a zip file of the ungraded student work to be sent to Tammy Kahrig for entry into the Aqua system. Once the student work has been entered into Aqua, faculty listed as “Assessors” will be contacted to review a random sample of the work according to the rubric and results will be compiled and returned to your department.

**II. Procedures Used for Assessment**

For each learning outcome addressed by this report, state where and when data were collected (in a course, exam, or performance) and how they were evaluated (e.g. rubric, rating scale, key questions from exams, etc.). Specify the course or courses where students demonstrated the outcomes (if applicable) and the assignment(s) that you used for assessment purposes (e.g., capstone project, final examination, research paper, student presentation, performance, portfolio, etc.).

**III. Summary of Assessment Results:**

What did you find from your assessments? (Present and analyze the results from the Aqua system analysis by Vice Provost Tammy Kahrig and/or your departmental review of marker questions.) What did your data reveal about how well students are achieving the Core Learning Outcomes that you listed above? After analyzing your data, present a summary of the data, clearly indicating what any numbers represent (e.g. percentages? means? medians?). Please number each corresponding assessment, summary, and analysis.

Benchmark Met  Yes or  No

If not met, please identify conditions (if any) that may have impacted these findings.

**IV. ACTIONS TAKEN/PLANNED TO IMPROVE STUDENT LEARNING IN THE CORE**

Describe how you shared the results with instructors of the courses, the department curriculum committee and chair, Lake campus, and other stakeholders. Explain briefly how department faculty will make improvements based upon the assessment findings (e.g. plans to gather more information; recommending changes to the learning outcomes or assessment procedures; changes in course content, instructional approaches, technology, order of course offerings, materials, resources, assignments, policies, funding, advising, planning, training for adjuncts, etc.).

**V. Assessment Administration Feedback**

The assessment of the courses was part of the Core assessment cycle. The assessment plan was reviewed and approved by the UCOC. The UCOC provided a presentation on tools available to assist with the assessment, including Watermark Aqua.
