

Application Requirements for International Graduate Students

Major (Degree)	Electrical Engineering (Master of Science)		
College	College of Engineering and Computer Science		
Program Description			
<p>The Department of Electrical Engineering offers a program of graduate study leading to a Master of Science in Engineering (M.S.E.) degree with a major in electrical engineering. The M.S.E. program is broad in scope and emphasizes portable concepts in the design and analysis of complex physical systems using modeling, synthesis, and optimization techniques, and bridges interdisciplinary engineering areas such as control systems, microwave engineering, power electronics, signal processing, very large scale integrated circuits (VLSI), and wireless communications. A Ph.D. in engineering with a major in electrical engineering focus areas is also available. For details, see Engineering Ph.D. Program.</p>
