

Program Assessment Report (PAR)

Intervention Specialist (INTV): Mild to Moderate (MILD) Masters Degree

REPORT PREPARED by: Saxen, Colleen

ACADEMIC YEAR COVERED BY THIS REPORT: 2021-2022

I. PROGRAM LEARNING OUTCOMES

Program Learning Outcomes align with the Council for Exceptional Children standards (CEC, 2012), the Ohio Standards for the Teaching Profession (OSTP), the International Society for Technology in Education standards (ISTE), and the Ohio Preparation Requirements.

Council for Exceptional Children Standards

Standard 1 Learner Development and Individual Learning Differences - Beginning special education professionals understand how exceptionalities may interact with development and learning and use this knowledge to provide meaningful and challenging learning experiences for individuals with exceptionalities.

Standard 2 Learning Environments - Beginning special education professionals create safe, inclusive, culturally responsive learning environments so that individuals with exceptionalities become active and effective learners and develop emotional well-being, positive social interactions, and self-determination.

Standard 3 Curricular Content Knowledge - Beginning special education professionals use knowledge of general and specialized curricula to individualize learning for individuals with exceptionalities.

Standard 4 Assessment - Beginning special education professionals use multiple methods of assessment and data sources in making educational decisions.

Standard 5 Instructional Planning and Strategies - Beginning special education professionals select, adapt, and use a repertoire of evidence-based instructional strategies to advance learning of individuals with exceptionalities.

Standard 6 Professional Learning and Ethical Practice - Beginning special education professionals use foundational knowledge of the field and their professional ethical principles and practice standards to inform special education practice, to engage in lifelong learning, and to advance the profession.

Standard 7 Collaboration - Beginning special education professionals collaborate

with families, other educators, related service providers, individuals with exceptionalities, and personnel from community agencies in culturally responsive ways to address the needs of individuals with exceptionalities across a range of learning experiences.

IV. ACTIONS TO IMPROVE STUDENT LEARNING

This report is shared with the faculty (full-time and adjunct) who teach in the Intervention Specialist program. Additionally, the report is posted in the Intervention Specialist Pilot page. The IS program faculty and other college personnel meet monthly to discuss data and to make program decisions.

Based on 2020-21 data, the program continued monitoring and supporting all students. Additionally, a greater focus on writing Individualized Educational Plans (IEPs) was incorporated into coursework. The program faculty also re-examined the required coursework and made modifications to the Program of Study based on that.

2.3.21 Meeting Minutes are attached - The IS committee reviewed the annual data for CAEP requirements.

V. SUPPORTING DOCUMENTS

Additional documentation, when provided, is stored in the internal Academic Program Assessment of Student Learning SharePoint site.
