DIRECTOR’S MESSAGE

Thank you for all that you have done. I hope that you enjoyed the National Tutoring Appreciation Week! Nominations were received for Andy, Samantha, Shelby, Gavan, Alexa, Harleen, Alana, Sarah, Ericka, and Matthew during that week by their peers.

Also, thank you all for the Boss’s Day gift! I am extremely grateful. It’s amazing we are only 8 weeks away from the end of the semester. Time has surely flew by fast. I know that things may be getting a little more hectic now and I wish you the best of luck.

“Strive for Progress not Perfection.”
TUTOR SPOTLIGHT: SAMATHA VANDERBURGH

Tutoring is a great way to reinforce material and get to know other students better. Questions from other students make me look at the information from different perspectives that I wouldn’t have though of. Helping others on a regular basis encourages me to communicate more clearly and effectively. When studying math, plug and chug and drill are your friends!
PROBLEM OF THE MONTH!

Four clowns were getting ready for the evening's performance. From the clothes trunk each clown had to get their socks and shoes.

- There was one pair of each shoes and socks in each color.
- The red socks went with the blue shoes.
- Baba had yellow shoes but not yellow socks.
- The clown with green shoes did not have blue socks.
- Boba had neither red shoes nor red socks.
- Bilpo's shoes were the same color as Babil's socks.
- The clown with red shoes had green socks.

Can you tell who had which color shoes and socks?
