

MLC MONTHLY

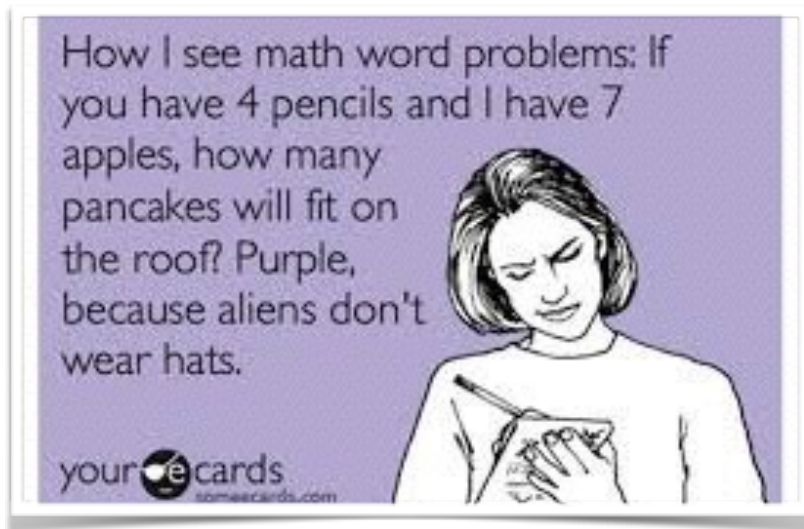

Updates | Exciting News | Upcoming Events

Tutors of the Month

October's tutors of the month are Summayah Shermaddou and Joseph Sjoberg! Thank you both for your hard work! Congratulations!

Quote of the Month

"Mathematics may be defined as the subject in which we never know what we are talking about, nor whether what we are saying is true." - Bertrand Russell

Director's Message

I want to first hope that you had a safe and fun Halloween, and also wish you a great Thanksgiving Day. Beginning this month, you will have the opportunity to participate in CRLA, CRLA related training, and possibly some cross-training. Please try to take advantage of this training. Also, new this month, we have developed several team committees (Team Building, Social Media, Newsletter, Training, Praxis/Study Tables, and Advertising) to enhance what we do in the Math Learning Center. So, please feel free to volunteer your time and assist the Lead Tutors as they develop materials, programming, etc.

- Emanuel Clayton, MLC Director

Upcoming Conferences, Programs and Workshops:

.....
 These are some upcoming events that could be beneficial to you as a tutor:

- **CRLA Annual Conference, Nov. 3-6th, Louisville, KY**
- **SPSS Workshops, Math and Micro 170:**

- The Statistical Consulting Center is offering an introductory hands-on tutorial using version 21 of SPSS for Windows. This 2 hour tutorial has no prerequisites and assumes no prior experience with SPSS. The tutorial is offered free of charge. Dates offered:

- Nov. 4th, 10 am -12 pm
- Nov. 18th, 3 pm - 5 pm

If anyone has any questions about these workshops, or would like further information, please email Emanuel Clayton at: emanuel.clayton@wright.edu.

CRLA Certification

The MLC submitted its application for the CRLA – International Tutor Training Program Certification (ITTPC). The turnaround time is approximately four months. So, we hope to officially be able to certify tutors by January. Information and training modules to be completed for CRLA certification have been posted to our Pilot page.

Sunday Hours

Don't forget to keep reminding students that we are open from 2pm-7pm in the Dunbar Library.

Just Some Reminders:

- Do not engage in inappropriate conversations.
- Review materials, especially final exam review sheets.
- Clean the microwave and coffee area after use.

NEW — Committees!

We have formed some new committees to aid with various activities here at the MLC! These committees include: Team Building, Social Media/Advertising, Newsletter, Training, and Study Tables. The committee leads are:

Team Building/Newsletter — Shannon

Social Media/Advertising — Baylee and Alex

Training/Professional Development — David

Workshops/Study Groups — David

If anyone is interested in contributing to any of these committees please let us know! Any help will be appreciated!

Tutor Spotlight — Summayab Shermadou

I enjoy math and I love helping others, and working the the MLC has provided me with the opportunity to do both! It is a great feeling when students are able to understand difficult math concepts. I also enjoy working with challenging questions and learning some new things along the way! An interesting fact about me is the my pupil in my right eye is larger than the one in my left eye!
