

## Math Placement Level Policy

Math Placement is determined by your Math Placement Level. The courses you need will be determined based on your intended major. Ask your academic advisor which mathematics course choices are right for you. To find your advisor, visit [www.wright.edu/advising](http://www.wright.edu/advising).

MATH PLACEMENT MULTIPLE MEASURES	MATH PLACEMENT LEVEL (MPL)

Expired ACT/SAT or ALEKS scores	<b>MPL 00</b>

MPLs of 24 & 25 are earned placements for eligible WSU students. These levels do not apply to DEV coursework from other institutions.

### PLACEMENT SCORES & TRANSFER CREDITS

- Students who wish to challenge their current MPL should take WSU's ALEKS Math Placement Test.
- Students should not test or retest once enrolled in statistics, math, or developmental math past the final drop date or after earning course letter grade.
- Transfer students who do not have transfer credit (within two years) for an equivalent WSU math course may take the ALEKS Math Placement Test.
- ACT, SAT, and ALEKS Math Test scores are valid for two years. High school GPA and grades in high school coursework used for Multiple Measures are valid for five years. Students may use the highest valid non-expired score.

### TO TAKE WSU'S REMOTE TEST-FROM-HOME ALEKS MATH PLACEMENT TEST

- The ALEKS Placement Test must be taken in a remote test-from-home setting. Register to complete the ALEKS Placement Assessment by visiting the following link.  
**Dayton Campus & Lake Campus:** <https://www.wright.edu/student-success/testing/math-placement-testing#registration>.
- Students may retest 3 times within their 6 months of ALEKS Prep & Learning access. To retest, update online registration and finish  $\geq 3$  hours of P&L before each allowable retest. (There is a 48-hour wait period between tests.)

### REMEDIATION-FREE STANDARDS

Students with non-expired ACT math scores  $\geq 22$  or SAT math section scores  $\geq 550$  cannot be placed in developmental math due to state remediation-free standards.
