

Application Requirements for International Graduate Students

Major (Degree)	Materials Science and Engineering (Master of Science)		
College	College of Engineering and Computer Science		
Program Description			
<p>The Department of Mechanical and Materials Engineering offers graduate programs leading to a Master of Science in Engineering (M.S.E.) in materials science and engineering and a Ph.D. in Engineering with a focus in materials and nanotechnology. The graduate programs are broad in scope, emphasizing the interdisciplinary nature of the field of materials science and engineering. The program is built around processing, structure, properties, and performance of advanced materials relevant to numerous areas of application, such as biomedical, energy, aerospace, environmental and manufacturing.</p>
