

## Application Requirements for International Graduate Students

<b>Major (Degree)</b>	<b>Mechanical Engineering (Master of Science)</b>		
<b>College</b>	<b>College of Engineering and Computer Science</b>		
<b>Program Description</b>			
<p>The Department of Mechanical and Materials Engineering offers a program of graduate study leading to a Master of Science in Engineering (M.S.E.) degree with a major in mechanical engineering. The M.S.E. program is broad in scope and emphasizes portable concepts in the design and analysis of complex physical systems using modeling, synthesis, and optimization techniques, and bridges interdisciplinary engineering areas such as controls, robotics, electronics, and communications. A Ph.D. in engineering with an emphasis in mechanical engineering disciplines is also available.</p>
