

PASS Program Student Guide

This guide is intended to help you get the most from the partnership program. Wright State University encourages you to be actively involved on Wright State's Lake and/or Dayton campuses!

Enrolling in the PASS Program—begins at Edison

Students can identify their interest in being a PASS participant by declaring it when they apply to Edison or by informing their Edison advisor.

While Attending Edison

Meet with your Edison academic advisor to create an academic plan that will help you plot your courses. Following an articulation agreement or equivalency guide for your major will maximize your transfer credits. Ask your Edison advisor or go to wright.edu/transferagreements for the most recent agreements. You can also use Transferology.com to run a Wright State degree audit, see course equivalencies, and track your progress.

Wright State advisors are also available to help you plan your transition from the associate to bachelor degree. Contact Wright State's Transfer and Nontraditional Student Center to schedule an advising appointment.
