

## Application Requirements for International Graduate Students

<b>Major (Degree)</b>	<b>Physiology and Neuroscience (Master of Science)</b>		
<b>College</b>	<b>College of Science and Mathematics</b>		
<b>Program Description</b>			
<p>The program provides students with both a broad knowledge of physiology and neuroscience as well as concentrated experience in one specific area of specialization. The department offers a variety of graduate courses including human physiology, membrane transport, intercellular communication, ion channels, and human neurophysiology, as well as seminar and special topics courses.</p> <p>While the department does not offer a Ph.D. in physiology and neuroscience, a continuation of graduate studies with our faculty—by students from this or any other graduate program—may lead to a Doctor of Philosophy (Ph.D.) Degree in Biomedical Sciences.</p>
