

Logging into the RSP Gateway

- ❖ You may log into the Gateway from the RSP Homepage at <http://www.wright.edu/research/research-and-sponsored-programs>
- ❖ You may log into the Gateway through the Reviewer Dashboard in the routing notification email
- ❖ You may log into the Gateway directly at <https://rspgateway.wright.edu>
- ❖ Login Information: Access to the Gateway is tied to your WSU W ID and network password (when you update your password, the Gateway is updated as well...SSO)
- ❖ Off Campus Access: In order to access the Gateway while off campus, via the links listed above, you will need to complete the Virtual Private Network (VPN) process on your selected computer. Visit the CATS web site for this procedure.

Accessing the Gateway from Off-Campus

1. Go to the CATS website at <http://www.wright.edu/cats/vpn/>

2. Download the Anyconnect VPN Software

3. Go the RSP Gateway Website

4. Log in with your WSU username and password

The screenshot displays the Wright State University CATS website. The header includes the university name and logo, along with navigation links for WINGS, Maps, Libraries, and Tools Only. The main content area is titled "ANYCONNECT VPN SOFTWARE" and provides information about Virtual Private Networks (VPN) at Wright State University. It explains that AnyConnect VPN from Cisco allows users to securely connect to the WSU data network from various locations. The page offers three options for users: "Use VPN Software on Your PC or Macintosh", "Access Your Network Files From Your Home Computer", and "Use VPN on Your Mobile Device". A sidebar on the left contains a "WINGS PORTAL" menu with links to Top Links, WINGS Resource Center, Student Essentials, Faculty/Staff Essentials, News & Alerts, WSU Accounts, CATS Forms, Policies & Procedures, ReaderMail, and Email System. The right sidebar features "CaTS Resources" including a bulletin, resource center, and security resources, as well as a "WSU System Status" table.
