From the Election Procedure updates for Spring 2021 & Reorganization Transition procedures:

In the event that an original/legacy department which has been reorganized into a new college does not have any faculty members serving as Faculty Senators, any faculty member from the affected department may submit a request to the Faculty Senate Executive Committee to call for a special election of an ex-officio non-voting Senator from the original/legacy department. This special ex-officio position would be a temporary measure used during transition periods of college reorganizations, and would be able to participate in Senate discussions in order to give voice to important departmental issues and concerns (such as accreditation and curricular matters). Timelines and procedures for such elections will be determined by the Faculty Senate Executive Committee.

Faculty Senate Executive Committee ruling regarding CHEH Faculty ballots (approved February 7, 2022)

Prior to the forthcoming updates to the Faculty Constitution, Faculty Senators are seated based on pre-reorganized college units. The current SOPP and CONH Senators have one year remaining on their terms, so there will be no election for those colleges. CEHS and Social Work faculty will nominate for and receive a combined ballot for CEHS & SW faculty to fill the two expiring CEHS seats. Upon ratification of the Faculty Constitution, all current SOPP, CONH, CEHS & SW Senators will officially convert to CHEH Senators.
