Each competency is measured once in field and once in the classroom. In accordance with CSWE requirements, the MASW program measures 9 competencies. Each competency is measured twice. This assessment process exceeds the WSU assessment requirements. Students meet the minimum required benchmarks reported for the WSU assessment process.

IV. ACTIONS TO IMPROVE STUDENT LEARNING

Again, we review 9 competencies, each of which are measured twice. This exceeds the WSU assessment requirements.

Given all of the competencies were exceeded, the program faculty did not think changes were necessary during covid times.
