When awarding financial aid, the Office of Financial Aid will assign students a budget for the aid year, often referred to as a cost of attendance (COA). The COA includes an allowance for tuition, books, housing and board, transportation, and personal expenses.

If you will incur additional expenses as the result of a WSU affiliated study abroad program and wish to be considered for a cost of attendance increase, complete this form and include supportive documentation of the additional costs.

**Please note:** An increase in your COA may not result in a change to your financial aid awards; it will depend on the type and amount of each award. In most cases, the increased COA allows a student to borrow an alternative loan. For a dependent student, a COA increase allows a parent to borrow additional parent PLUS loan funds.

**Supportive Documentation of Additional Costs**

Study Abroad Program Type	Requested Documentation
Ambassador Program	Ambassador Program Brochure and/or printout of Airline Ticket Cost
Exchange Program	Written Statement from UCIE Office that itemizes the study abroad costs for the Exchange Program
Third-Party Program (AIFS, ASA, CIS Abroad, Global Links, ISA, SFS, Semester at Sea, USAC, etc.)	Budget Sheet from Third-Party Program that itemizes the study abroad costs (online printout is acceptable)

Please complete this form in its entirety and return it along with all supporting documentation to Raider Connect by **February 15, 2020**. Students are encouraged to visit their WINGS Express account to monitor the COA processing status, which may include requests for additional documentation and/or the ability to view any adjustments made to financial aid awards.
