# 77 Simple STEM Activities for Families #3

- ☒ Invent a machine to sort LEGOs
- ☐ Find something in your yard from every rainbow color
- ☐ Drop 2 items to see which falls fastest (use slo-mo camera if necessary)
- ☐ Fold a sheet of paper different ways to see how to make it fall faster
- ☐ Watch *Wall-E*
- ☐ Track & graph your family's daily garbage output
- ☐ Set up a recycling station in your home or school
- ☐ Build the longest paper chain using 1 piece of paper & tape
- ☐ See how many times you can fold a piece of paper in half
- ☐ Plant seeds in a clear water bottle to watch the roots grow
- ☐ Make Pixel art using [piskelapp.com](http://piskelapp.com)
- ☐ Test the strength of different size rubber bands
- ☐ "Invent" your own island
- ☐ Build a racetrack or obstacle course for toy cars
- ☐ Pick up garbage using the [Litterati](http://Litterati) app
- ☐ Build a device to safely grab litter
- ☐ Read an inventor's biography
- ☐ Watch a video from [The Slow Mo Guys](http://The Slow Mo Guys) on YouTube
- ☐ Try 5 different recipes for the same type of cookies
- ☐ Learn which science words come from Latin language
- ☐ Make Anamorphic drawings
- ☐ Find the area of various chip and cracker shapes
- ☐ Make puppets
- ☐ Turn a cardboard box into a pet playground
- ☐ Set up dominoes and record a video
- ☐ Find the oldest item in your home
- ☐ Draw what you think cars will look like in 10 or 20 years

- ☐ Look up Frank Stella art and make your own STEM art
- ☐ Sort and graph the colors in a bag of M&M's or Skittles
- ☐ Put seeds in wet paper towel in a Ziploc bag & hang in a window to sprout
- ☐ Compare nutrition facts for food items in your kitchen
- ☐ Watch *October Sky*
- ☐ Build a famous building in Minecraft
- ☐ Make a cardboard pinball game
- ☐ Test different foods to see if they float or sink
- ☐ Learn how movies are made using [Pixar In a Box](http://Pixar In a Box)
- ☐ Test Double Stuf Oreos to see if they're actually double
- ☐ Turn an old shirt into a pillow
- ☐ Recycle plastic grocery bags into a ball, bag, or artwork
- ☐ Draw your favorite movie character in a STEM career
- ☐ Make a flip book
- ☐ Use the FlipaClip app to make a digital flip book
- ☐ Make a zip-line for a LEGO mini-figure
- ☐ Design a gadget for a favorite TV character
- ☐ Play a game of [Shut-the-Box](http://Shut-the-Box)
- ☐ Put leaves under a sheet of paper & rub over their shape with a crayon
- ☐ Paint or draw a picture, build a frame, & hang it on the wall
- ☐ Calculate how many books would reach your ceiling or fill your room
- ☐ Make a robotic arm using cardboard, straws, & yarn
- ☐ Make a prosthetic arm out of LEGOs or other items
- ☐ Make art using graph paper
- ☐ Build a catapult
- ☐ Make hidden messages using lemon juice
- ☐ Make your own Diet Coke and Mentos experiment

- ☐ Put a chicken bone in vinegar for 5 days & see what happens
- ☐ Learn to tie knots
- ☐ Make a "stained glass" pattern using tape and sidewalk chalk
- ☐ Keep track of the cars that go by (how many each hour, what colors, etc)
- ☐ See who can find the most polygon shapes in your home
- ☐ Pick 10 things (pinecones, stop signs, squirrels, etc) & tally how many you see on a walk
- ☐ Construct an igloo out of sugar cubes or mini marshmallows
- ☐ Build a ramp for a toy car, then change the angle to make it go faster & farther
- ☐ Research different pets before getting one
- ☐ Turn paperclips, pen caps, or milk jug rings into pictures
- ☐ Watch *Spare Parts* & build an underwater robot
- ☐ Build a marble roller coaster using paper towel tubes
- ☐ Make your own song using [Chrome Music Lab](http://Chrome Music Lab)
- ☐ Learn to carve a bar of soap with a popsicle stick
- ☐ Go for a walk and use an app to identify plants
- ☐ Record a bug, butterfly, or spider in slow motion
- ☐ Make constellations on the wall by poking holes in a paper cup & shining a flashlight through it
- ☐ Make homemade ice cream
- ☐ Make a model of your home
- ☐ Watch [Joseph's Machines](http://Joseph's Machines) on YouTube & create your own
- ☐ Have a cake design contest
- ☐ Make a Density Column
- ☐ Use an inkpad to make fingerprints, then compare to your family

# Quick Tips

## for Supporting your Middle Schoolers at Home

*Curated by Jack Berckemeyer*

.....

1. Identify and share with your child the non-negotiable items that must be done for the day or the week.
2. Create a daily schedule.
3. Break the day down into 20 minute tasks. This helps make the day go by faster.
4. Beyond the assignments given by the school, have your child work on other critical skills. This can include manners, kindness, writing Letters, cooking, creating a game to play, sewing, ironing, and basic car repair.
5. Limit gaming time.
6. Set up a daily reward system.
7. Create a Learning Log.
8. Find funny videos and share them as a family.
9. Do 10 positive things a day.
10. Have a family member be a guest teacher via technology.
11. Keep tasks short and easy to accomplish.
12. Be honest and open about what is going on and why.
13. "No" is an option.
14. When things are crazy just ask "Do you want me to Listen, React, or Solve?"
