This form is used to verify the Additional Financial Information reported on the FAFSA (Student question 44 and Parent question 93). On the FAFSA, the total additional financial information reported is greater than the Adjusted Gross Income for either the student or parent. Because these values are taxable, the combined total should not exceed your Adjusted Gross Income. Please confirm the amounts of the Additional Financial Information reported on the FAFSA. Independent students do not need to include parental data.
