

## Application Requirements for International Graduate Students

<b>Major (Degree)</b>	<b>Computer Science and Engineering (Doctor of Philosophy)</b>		
<b>College</b>	<b>College of Computer Science and Engineering</b>		
<b>Program Description</b>			
<p>The Department of Computer Science and Engineering offers a program of graduate study leading to the Doctor of Philosophy degree in Computer Science and Engineering. The Ph.D. degree is awarded in recognition of demonstrated, scholarly excellence in study and research that results in a significant contribution to the fields of computer science and/or computer engineering. The program requires a concentration of study and research in a specific area of computer science and/or computer engineering. Program strength lies in a unique blend of faculty expertise, a combination of theory and practice in software and hardware design, and the laboratory facilities available to the program. Most courses are offered in the late afternoon to allow practicing computer professionals to begin the program on a part-time basis.</p>
