Combined degree program option

Students pursuing both the bachelor's and master's degrees in the same discipline at Wright State, or students under partnership agreements pursuing bachelor's degrees at other institutions and master's degrees at Wright State, can participate in the combined-degree program. For a student enrolled in a combined-degree program, a maximum of 12 semester credit hours can be used to satisfy both the bachelor's and the master's degree requirements. See the College of Graduate Programs and Honors Studies Policies and Procedures Manual for details.

Students must fill out the form on the reverse side, obtain all signatures as indicated on the form, and return the form to the College of Graduate Programs and Honors Studies. After reviewing the form, the students' grade point average, and hours earned, the College of Graduate Programs and Honors Studies will advise the students whether their request is granted. Graduate course permission forms must accompany the proper registration forms to the Registrar's Office.

**Undergraduate students already possessing a bachelor's degree are eligible to apply as non-degree graduate students and are not permitted to register under this policy.*
