I want to know how you operate when it comes to finishing an assignment for a class. One of the most important things you'll ever need to know is always read directions. In this worksheet, there are ten personality questions; please only answer number three, four, and eight. There is no need to finish the rest just yet.

1. What is your favorite movie?
2. What is your favorite color?
3. What is your favorite junk food?
4. Are you more of a talker or a listener?
5. What is one thing you cannot live without?

7. What is your favorite academic subject?
8. What are your top 3 favorite songs?
9. What was your high school mascot?
10. What is your favorite NFL/college football team?
