

HOW CAN YOU HELP?

At the heart of our program are many individuals who bring We Care Arts together. It is through their gifts of time, talent and treasure that we are able to provide support to so many in the Dayton Region. We would love to welcome you as part of this community!

Volunteer with clients

in our studio, on an event committee, or working one of our fundraisers.

Shop our artists' gift shop at Town and Country shopping center or donate new art supplies to our programs. **Sponsor** a client with an annual pledge to cover the costs associated with attendance through our Creative Edge donor program.

To learn more about We Care Arts and how you can contribute to our organization, please contact us at info@wecarearts.org or by phone at 937.252.3937.

We Care Arts is located at:

3035 Wilmington Pike,

Kettering, OH 45429

(937) 252-3937 Phone

(937) 258-5379 Fax

Check out wecarearts.org and our social media for client stories, inspirational videos, and powerful descriptions of the self-confidence, artistry and personal independence!

Indicates areas we serve, we're inspiring the Dayton Region 36 years and counting!

WHO ARE WE?

We Care Arts is a 501c3 organization with 36 years of experience increasing confidence and artistic skill in a variety of individuals with varying disabilities and physical challenges. Our founder Terry Schalnaf began in 1983, changing disabilities into possibilities in the basement of a recreation center.

Since this humble beginning in 1983, We Care Arts has grown significantly.

We now

include a teaching staff

of nine, serving

approximately 1700

individuals, at more than forty off site

locations within the greater Dayton area.

Our organization includes an executive

director, board of directors and a

volunteer staff who contribute more than

28,000 hours annually.

WHAT DO WE DO?

We work to enrich the lives of artists with intellectual, physical and developmental disabilities. We have a dedicated team of trained volunteers who work alongside our staff to create a caring and secure environment for artists. In this safe space, participants feel free to engage in creative exploration. Guided by our vision that creating art complements medical therapies, our program provides a working, artist- centric community.

Our goal is for participants to show improvement in the following ways:

Confidence

Focus

Individuality

Communication

Responsibility

This personal growth leads to increased Job, Life and Socialization Skills.
