The committee will also review admissions and academic policies as they relate to inter- national students to neither advantage nor disadvantage them.

Overhead Transparency Phase-Out

The Senate instructs the Provost CO Craig Woolley to discuss the discontinuation of central support of the overhead transparen- cy projectors. The faculty Senate will use the latest classroom equipment preferences found in the Perkins and Will evaluation that resulting from an Academic Integrity Week faculty members could be affected by this change. Craig Woolley will call each faculty member that requested an overhead projector to accomplish two things:

1. Make sure there is no confusion about which type of overhead projector is re-
2. Start a dialogue with each faculty mem- ber who still wants to use the old style projectors to help them prepare.

Once Ca’s knows how many faculty mem- bers will truly be affected by this change, they will work together with the Union and Faculty Senate to come up with a transition plan that is acceptable to all parties and communicate it to all of the faculty body.
